# GENERAL OVERVIEW OF DPS

---

## WELCOME TO DENVER PUBLIC SCHOOLS!

At Denver Public Schools (DPS), we're committed to helping ensure that *Every Learner Thrives*. Our classrooms are designed to be vibrant centers of learning, where caring teachers engage students in rigorous, culturally responsive experiences. Together, we're building a strong foundation that supports every learner on their journey toward a bright future.

This guide is here to help you with the basics of DPS and walk you through the steps to enroll in school. The SchoolChoice window opens earlier and is a bit longer this year! **Round 1 of SchoolChoice opens at 10 a.m. on Dec. 2, 2025 and closes on Jan. 20, 2026 at 4 p.m.**, giving you extra time to research your options, visit schools and decide which schools are the best fit for your family.

Whether your student is learning with us for the very first time or continuing their journey at DPS, we can't wait to see all they will accomplish.

## FACTS AND FIGURES

- 198 schools
- Total student enrollment: 90,450
  - Free/Reduced-Price Lunch Eligible Students: 62.8%
  - Gifted and Talented Students: 9.5%
  - English language learners: 31.3%
  - Spanish-speaking students: 33.4%
- Most common languages spoken in DPS: Spanish, Arabic, Amharic, Vietnamese, French, Somali, Nepali, Eastern Farsi, Chuukese, Mandarin Chinese, Russian

DPS does not discriminate in enrollment or any aspect of our education program or activity. View our complete Notice of Nondiscrimination at [dpsk12.org/nondiscrimination](https://dpsk12.org/nondiscrimination).

# TYPES OF SCHOOLS AT DPS

---

## DISTRICT-MANAGED SCHOOLS

**Operated, supervised and supported by DPS and its Board of Education.**

- Some district-managed schools are innovation schools, which have been granted status by the DPS Board of Education and the Colorado Department of Education, providing increased flexibility with education programs, staffing, schedules and budgets to best meet students' needs.
- District-managed schools also include some specialized schools or programs, which emphasize a particular style of learning or educational need, or serve students with a common area of interest, and may provide transportation to students who live outside the school's neighborhood. Examples include Arts Focus, Montessori, Highly Gifted and Talented and Dual Language schools or programs.

## CHARTER SCHOOLS

**Independently operated public schools governed by an independent Board of Directors.**

- All charter schools are accountable to the DPS Board of Education and to the same academic performance standards as district-managed schools.
- Charter schools have the flexibility to design their own educational programs and school-based policies.
- All charter schools are committed to equitably serving all students within the district. Some charter schools give priority to students who live within a designated area.

## PATHWAYS SCHOOLS

Pathways Schools may be district-managed or charter. These schools offer intensive academic and affective supports that lead students to a diploma and connect them to postsecondary opportunities. Most pathways schools provide the opportunity to earn more credits per year than traditional settings.

# EXPLORE YOUR SCHOOL OPTIONS

---

**WEB:** [schoolchoice.dpsk12.org](https://schoolchoice.dpsk12.org)

**PHONE:** 720-423-3493

**EMAIL:** [SCHOOLCHOICE@DPSK12.ORG](mailto:SCHOOLCHOICE@DPSK12.ORG)

Colorado is an open-enrollment state, which means students can choose to attend their assigned neighborhood school, or they can apply to other public schools within or outside their district. Denver Public Schools takes pride in the school options available to our families, and believes all families should have equitable access to the schools they feel are the best fit for their students, regardless of their background or address. The one-application, one-deadline SchoolChoice process ensures equity, consistency and simplicity in school enrollment.

## DPS SCHOOL FINDER

The online School Finder is the best place to find general information about every school within DPS. With the School Finder, you can find the schools closest to you by typing in your address or explore schools based on interests. Each school profile includes information about academic programs, extracurricular activities, student demographics, student services and more.

Scan the QR code or visit [schoolchoice.dpsk12.org/find](https://schoolchoice.dpsk12.org/find) to get started.

We also encourage you to talk to schools that interest you! There's no substitute for speaking directly with the school leaders about their programs and culture. Contact individual schools for more information or to schedule a tour.

## BOUNDARY SCHOOLS VS. ENROLLMENT ZONES

Incoming students in kindergarten through 12th grade who live in the DPS district are guaranteed a seat at either their neighborhood (or “boundary”) school or at one of the schools included in their enrollment zone.

In some areas of Denver, DPS uses “enrollment zones” rather than traditional single-school boundaries. An enrollment zone is a geographic area where the students living within it are guaranteed a seat at one of several schools, not just one particular school.

To find out if you live within a single school’s boundary or in an enrollment zone, type your address into the School Finder at [schoolchoice.dpsk12.org/find](https://schoolchoice.dpsk12.org/find). If you live in an enrollment zone, it will identify the name of the zone under the map, and every school in that zone will say “Enrollment Zone School” next to it in the list below. If you do not live in an enrollment zone, the first school listed will be your boundary school.

For more information, visit [schoolchoice.dpsk12.org/find](https://schoolchoice.dpsk12.org/find).

# SCHOOLCHOICE APPLICATION PROCESS

---

The DPS SchoolChoice open enrollment process is for any student who wants or needs to attend a new school for the following school year, particularly “transitioning” students (incoming kindergarten, sixth- and ninth-grade students). Incoming students who reside in an enrollment zone and families applying for a preschool program must complete a SchoolChoice application.

## ROUND 1 TIMELINE

Families who want or need to enroll their child in a new school next year are strongly encouraged to submit a SchoolChoice application during Round 1, as it offers the best chance of obtaining a seat at their preferred school.

Round 1 of SchoolChoice opens at **10 a.m. on Dec. 2, 2025.**

Round 1 closes on **Jan. 20, 2026.** All applications are due by **4 p.m.**

Families will be notified of school assignments in late February.

## SUBMITTING YOUR APPLICATION

You can submit your application at any time during the Choice window; there is no priority given to applications submitted earlier.

Visit [schoolchoice.dpsk12.org/submit](https://schoolchoice.dpsk12.org/submit) or scan the QR code to apply now.

To submit your application, create an account or, if you're a parent of a current DPS student, use your Parent Portal username and password to log in to [schoolchoice.dpsk12.org/submit](https://schoolchoice.dpsk12.org/submit). Then, rank up to 12 schools in order of preference. You can edit your application at any time while Round 1 is open.

For step-by-step instructions, visit [schoolchoice.dpsk12.org/application-guide](https://schoolchoice.dpsk12.org/application-guide).

If you're applying for ECE-4, you'll also need to submit a UPK application. **See page 10 for more information.**

## SCHOOLCHOICE RESULTS

Following Round 1, when all applications have been submitted, the Choice algorithm will use family preferences, school admission priorities, and available space to match students to schools. The system is designed to maximize the number of students getting their most-preferred school. You'll be notified of your results via email in late February.

If your student is not assigned to their first-choice school, they will be placed on a waitlist at that school. Waitlists are dynamic, meaning your waitlist position can move up or down based on the actions and priorities of all other applicants.

Find much more information about the algorithm, school admission priorities and waitlists, as well as answers to frequently asked questions, at [schoolchoice.dpsk12.org](https://schoolchoice.dpsk12.org).

## ROUND 2 OF SCHOOLCHOICE

The SchoolChoice Round 2 window begins in the spring after families are notified of Round 1 results. Round 2 is for families who missed Round 1, have changed their mind since submitting a Round 1 application and would like to re-explore their options, or are new to DPS. There is no lottery in Round 2. Applications are processed on a first-come, first-served basis within school admission priorities.

For the 2026-27 school year, Round 2 will open at **10 a.m. on March 10, 2026**. Visit [schoolchoice.dpsk12.org/round2](https://schoolchoice.dpsk12.org/round2) for more information.

## SCHOOL REGISTRATION

Once a family is enrolled or accepted into a DPS school, the next step is registering with that school. This is the annual process of providing and updating student and family information on file, including emergency contacts, health information and more.

Registration can be done online in the DPS Parent Portal or through the school in the fall. Typically, families can complete online registration either in the May Early Bird Window or beginning in late July. Check with your school to confirm their online registration dates.

Visit [schoolchoice.dpsk12.org/registration](https://schoolchoice.dpsk12.org/registration) for more information.

# **PRESCHOOL IN DPS**

## **For children ages 3 and 4**

.....

**WEB:** [earlyeducation.dpsk12.org](http://earlyeducation.dpsk12.org)

**PHONE:** 720-423-2678

**EMAIL:** [earlyeducation@dpsk12.org](mailto:earlyeducation@dpsk12.org)

Preschool, also called Early Childhood Education (ECE), helps young children develop cognitively, socially and emotionally. This strong foundation readies them to enter the elementary years successfully and continue their joy of learning. The DPS ECE program provides quality half- and full-day preschool at more than 85 DPS schools. These programs are designed to serve all students, including children who have disabilities. Due to limited space, enrollment is not guaranteed.

### **ELIGIBILITY**

DPS offers programs for both 3-year-olds (ECE-3) and 4-year-olds (ECE-4). Students who turn 3 on or before Oct. 1 are eligible to apply for ECE-3 programs. Children who turn 4 on or before Oct. 1 are eligible to apply for ECE-4 programs.

### **COST**

Preschool is tuition-based. Tuition is determined on a sliding fee scale by the family household size and gross income, and ranges from free to out-of-district cost. However, DPS offers tuition assistance credits through Colorado Universal Preschool, the Denver Preschool Program and other funding sources.

### **Colorado Universal Preschool**

DPS works with the Colorado Department of Early Childhood to continue expanding its Early Childhood Education offerings with an enrollment process called Colorado Universal Preschool, also known as Universal Pre-K (UPK). UPK ensures that every 4-year-old child in Colorado is eligible for up to 15 hours per week of free preschool in the year before they're eligible for kindergarten. Additional support is available for families who are considered low-income and have qualifying factors.

ECE-3 students with an Individualized Education Program (IEP) through the DPS Special Education Department are also eligible for funding through UPK. For more information, visit [ess.dpsk12.org/childfind](http://ess.dpsk12.org/childfind).

Families must submit a UPK application in addition to the SchoolChoice application to apply for funding. For more information about the Colorado Universal Preschool program, visit [upk.colorado.gov](https://upk.colorado.gov).

### Denver Preschool Program

In addition to UPK, the Denver Preschool Program (DPP) provides tuition assistance for all Denver families with 4-year-olds, regardless of income or immigration status. DPS includes the DPP application as part of the SchoolChoice enrollment process, so there is no separate process to apply.

For more information about the Denver Preschool Program, visit [dpp.org](https://dpp.org).

### HOW TO ENROLL

Families wishing to enroll in an ECE-3 program are strongly encouraged to submit a SchoolChoice application during Round 1, as it offers the best chance of obtaining a seat at their desired preschool program. Families wishing to enroll in an ECE-4 program will need to complete both a UPK and DPS SchoolChoice application.

Scan the QR code or visit [schoolchoice.dpsk12.org/ece](https://schoolchoice.dpsk12.org/ece) to find step-by-step instructions and resources for the ECE SchoolChoice and UPK application processes.

# KINDERGARTEN IN DPS

## For children age 5

---

WEB: [earlyeducation.dpsk12.org](http://earlyeducation.dpsk12.org)

PHONE: 720-423-2678

EMAIL: [earlyeducation@dpsk12.org](mailto:earlyeducation@dpsk12.org)

DPS offers high-quality kindergarten programs that promote the development of foundational learning for academic success in elementary school. All DPS elementary schools offer a full day of instruction. The state of Colorado funds full-day kindergarten for all students. Therefore, there is no cost to attend any DPS kindergarten program.

### HOW TO ENROLL

All students who turn 5-years-old on or before Oct. 1 are eligible for kindergarten. Incoming kindergartners are guaranteed enrollment at their boundary school or at one of the schools in their enrollment zone. To find your neighborhood school or enrollment zone, visit [schoolchoice.dpsk12.org/find](http://schoolchoice.dpsk12.org/find). If you live in an enrollment zone, or you have an assigned boundary school but would like to attend a school other than your boundary school, you must submit a SchoolChoice application. **See page 8 for more information.**

# ELEMENTARY, MIDDLE AND HIGH SCHOOLS

---

DPS has more than 90 elementary schools, 40 middle schools and 50 high schools. Generally, elementary schools serve ECE or kindergarten through fifth grade, middle schools serve sixth to eighth grade and high schools serve ninth to 12th grades. Most current DPS students enrolled in fifth or eighth grade will need to complete a SchoolChoice application to apply to a new school for the following year. **See page 8 for more information.**

Our schools offer a wide variety of specialized academic programs and teaching methods. Families can choose a school with a specific academic focus, such as arts, STEM or international, or one that utilizes a specialized instructional model such as competency- or project-based learning, expeditionary learning or service learning. All DPS schools offer gifted and talented, special education and multilingual education services.

Learn more about these programs in the following pages and visit the School Finder at [schoolchoice.dpsk12.org/find](https://schoolchoice.dpsk12.org/find) to view each school's specific offerings.

# TRANSPORTATION

---

WEB: [transportation.dpsk12.org](https://transportation.dpsk12.org)

PHONE: 720-423-4600

EMAIL: [transportation@dpsk12.org](mailto:transportation@dpsk12.org)

DPS Transportation Services safely and efficiently transports students while providing excellent customer service and following the district core values.

Information about individual schools' transportation is available via the School Finder at [schoolchoice.dpsk12.org/find](https://schoolchoice.dpsk12.org/find).

## STANDARD BUS ROUTES FOR BOUNDARY SCHOOLS

Standard route transportation is the service that provides stop-to-school-to-stop transportation on a yellow school bus for elementary and middle school students who attend their boundary school. To be eligible:

- **Elementary school students (grades kindergarten to fifth)** must live more than one mile from their boundary school.
- **Middle school students (grades sixth to eighth)** must live more than 2.5 miles from their boundary school.
- **High school students (grades ninth to 12th)** outside of the Central and Far Northeast Success Express Shuttles are eligible for Regional Transportation District (RTD) if they attend their boundary schools and live more than 2.5 miles from their school. Eligible high school students will receive the monthly RTD pass at no charge from their school for the 2026-27 school year. For more information about the RTD bus routes, visit [transportation.dpsk12.org](https://transportation.dpsk12.org).

## ENROLLMENT ZONE TRANSPORTATION

Standard route transportation is the service that provides stop-to-school-to-stop transportation on a yellow school bus for elementary and middle school students who attend their boundary school. To be eligible:

- Elementary school students who live at least one mile from their school and reside in the **Central East Enrollment Zone, Central Park-Area Elementary Enrollment Zone, Far Southeast Elementary Enrollment Zone, Northwest Elementary Zone or Southwest/Central Elementary Zone** are eligible for transportation.

- Middle school students who live at least 2.5 miles from their school and reside in the **Greater Park Hill/Central Park Middle School Enrollment Zone, Southwest Middle School Enrollment Zone or West Denver Middle School Enrollment Zone** are eligible for transportation.

Learn more and find a list of eligible schools in each Enrollment Zone at [transportation.dpsk12.org/enrollmentzone](https://transportation.dpsk12.org/enrollmentzone).

## SUCCESS EXPRESS SHUTTLE

Students who attend a Success Express Shuttle school are automatically eligible for transportation, regardless of how far or close they live to the school. Success Express buses circulate throughout the **Far Northeast and Central** neighborhoods and offer students multiple opportunities to catch a ride. Learn more about the Success Express Shuttle and find full schedules at [transportation.dpsk12.org/successexpress](https://transportation.dpsk12.org/successexpress).

## HIGH SCHOOL STUDENTS

High school students (grades ninth to 12th) may utilize Regional Transportation District (RTD). Eligible high school students will be able to ride RTD at no charge for the 2026-27 school year with a valid form of ID. For more information about the RTD bus routes and eligibility, visit [transportation.dpsk12.org/rtd](https://transportation.dpsk12.org/rtd).

## MAGNET SCHOOLS

Transportation is available to all students enrolled in a magnet program who meet the transportation eligibility criteria and who live within the magnet transportation zone.

## BUS COMMUNICATIONS

Parents of students who ride the school bus will receive real-time information and updates about their student's bus service. Text and voice notifications will be sent to parents when buses are running more than 10 minutes late due to traffic, emergency or weather delay. Parents of transportation-eligible students are automatically enrolled to receive notifications based on the phone number and email address provided when they registered their student for school. You can verify and update your contact information by logging into the Parent Portal.

Parents can also download the **My Ride K-12** app to get access to route information, late bus notifications and scan on/school off student information. For more information, visit [transportation.dpsk12.org/myride](https://transportation.dpsk12.org/myride).

## MORE INFORMATION

### Special Education

Special education programs at DPS are offered based on each student's individual needs. Transportation is provided as a related service to a center-based program. For information about transportation for a child with special needs, call 720-423-2400 or email [ess@dpsk12.org](mailto:ess@dpsk12.org).

### Multilingual Education

When boundary schools do not provide Multilingual Education (MLE) services, students are eligible to attend — and receive transportation to — the school in their area that offers MLE services. For MLE school locations and transportation guidelines, visit [mle.dpsk12.org](http://mle.dpsk12.org).

### Exception Request Process

Families of students who are not eligible for transportation or who have “choiced” out of their neighborhood school may submit an exception request to be considered for transportation. This request is completed online using the Parent Portal. Visit [myportal.dpsk12.org](http://myportal.dpsk12.org) and navigate to the “Transportation” page.

Visit [transportation.dpsk12.org/exceptionrequest](http://transportation.dpsk12.org/exceptionrequest) for information on the exception request process.

# FOOD AND NUTRITION SERVICES

---

**WEB:** [foodservices.dpsk12.org](http://foodservices.dpsk12.org)  
**PHONE:** 720-423-5600  
**EMAIL:** [foodservices@dpsk12.org](mailto:foodservices@dpsk12.org)

## OUR FOOD PHILOSOPHY

At DPS, we believe students' health and wellness come first, and it starts with the food we serve. 75% of our meals are made entirely from scratch, from breads and sauces to chili and so much more. Our in-house team of chefs, dietitians and compliance experts meet weekly to test new recipes, evaluate menus, and ensure every meal meets or exceeds federal nutrition standards and aligns with the Dietary Guidelines for Healthy Americans. We also listen to our students, using their feedback to shape our menus and fine-tune recipes they'll love.

We're proud to operate the nation's only school-district-run, commercial-grade greenhouse, which provides tons of fresh produce to our schools. Whenever possible, we source Colorado-grown and locally produced items. Our meals emphasize variety and balance, offering fresh fruits and vegetables, lean and minimally processed proteins (both animal and plant-based) and whole grains rich in essential nutrients. We limit saturated fat, added sugars, and excess sodium, using herbs and spices to create flavorful, wholesome meals.

## MEAL PRICES

Check [foodservices.dpsk12.org](http://foodservices.dpsk12.org) for information about the Healthy School Meals for All free breakfast and lunch program.

All DPS families are encouraged to complete a You Benefit! Form to receive other benefits, including a fee waiver, P-EBT, and to maximize funding for the district and for additional funding for your child's school.

## SPECIAL DIETS

USDA regulation 7 CFR Part 15b requires schools to provide meal substitutions or modifications for students whose disabilities or medical needs restrict their diets. This includes students covered under Section 504 of the Rehabilitation Act, Part B of the Individuals with Disabilities Education Act (IDEA), or those diagnosed with a disability/medical need by a medical

professional. Conditions may include severe food allergies, metabolic diseases, renal or heart conditions, brain injuries, and others as determined by the medical provider.

To request meal modifications, a “Medical Statement for Meal Modification” form completed by the student’s doctor is required. Students with a 504 Plan or IEP that already outlines these dietary needs do not need to submit a separate medical statement. Visit [foodservices.dpsk12.org](https://foodservices.dpsk12.org) for more information.

## SUMMER MEALS

Every summer, DPS participates in the Summer Food Service Program (SFSP) to help children get the nutrition they need during the summer. The SFSP is a federally-funded, state-administered program that provides meals to children 18 years and younger at no charge, regardless of income, race or religion. Summer programming is generally offered at one-third of DPS schools in neighborhoods with higher poverty concentration, and is often offered in coordination with summer programs or summer school.

# EXTENDED LEARNING AND COMMUNITY SCHOOLS

---

WEB: [elcs.dpsk12.org](http://elcs.dpsk12.org)

PHONE: 720-423-1781

## WHAT IS EXTENDED LEARNING AND COMMUNITY SCHOOLS?

At Extended Learning and Community Schools (ELCS), we believe that learning doesn't stop when the school day ends. As a proud part of Denver Public Schools, our mission is to provide every student with safe, enriching, and inclusive opportunities that extend beyond the classroom and into their full potential.

Through our dynamic portfolio of programs, we have a broad range of out-of-school time activities and support over 65 schools across Denver in creating inspiring spaces where students can learn, grow, and thrive.

## WHAT WE OFFER

**Discovery Link** is the DPS-administered before-school, afterschool and full-day camp program for kindergarten to fifth grade students (selected locations serve up to eighth grade). Discovery Link offers tuition-based, discounted tuition and free programming, depending on location.

For more information, visit [elcs.dpsk12.org/discoverylink](http://elcs.dpsk12.org/discoverylink) or email [discovery\\_link@dpsk12.org](mailto:discovery_link@dpsk12.org).

If a school is not identified as a Discovery Link location, please contact schools directly for details on their specific programs.

**Little Links** is the DPS-administered before-school, afterschool and full-day camp program for Early Childhood Education (ECE) students. Little Links offers tuition-based programming at select locations. For more information, visit [elcs.dpsk12.org/littlelinks](http://elcs.dpsk12.org/littlelinks) or email [discovery\\_link@dpsk12.org](mailto:discovery_link@dpsk12.org).

If a school is not identified as a Little Links location, please contact schools directly for details on their specific programs.

**ELCSports** is the DPS-administered elementary athletics program and serves primarily fourth and fifth graders. This program aligns with DPS Middle and High School Athletics by offering similar sports and operating under the pay-to-play

model. By creating a seamless pipeline from elementary to middle school athletics, ELCSports helps students build their skills, confidence, and readiness for future athletic opportunities.

ELCSports offers tuition-based and discounted tuition depending on location. Offerings for these locations can change year-to-year because the program is an “opt-in” model. For more information, visit [elcs.dpsk12.org/elcsports](https://elcs.dpsk12.org/elcsports) or email [elcssports@dpsk12.net](mailto:elcssports@dpsk12.net).

**ELCS Enrichment** is the DPS-administered experiential learning program for primarily kindergarten through fifth-grade students, and ECE students at selected locations. Offered by trusted DPS Community Partners, these programs provide exciting elective options at over 54 schools across the district, with subjects that include athletics, STEM, art, music, cooking, coding, reading and writing. Enrichment activities run during the first hour after school, seamlessly complementing Discovery Link programming. These engaging activities are designed to inspire creativity, build confidence, and help students grow academically, socially and emotionally — all while having fun.

ELCS Enrichment is primarily tuition-based. For more information, visit [elcs.dpsk12.org/enrichment](https://elcs.dpsk12.org/enrichment) or email [enrichment\\_extendedlearning@dpsk12.org](mailto:enrichment_extendedlearning@dpsk12.org).

# DENVER HEALTH SCHOOL-BASED HEALTH CENTERS

---

**Denver Health School-Based Health Centers, located at 19 DPS campuses, offer free medical, mental health, dental and behavioral health care to any DPS student and sibling(s), regardless of their school, insurance status or ability to pay. If there is not a location at your child's school, you may use the one located closest to you. These centers are at the following locations:**

- Abraham Lincoln (2285 S. Federal Blvd.)
- Bruce Randolph (3955 Steele St.)
- East (1600 City Park Esplanade)
- Evie Dennis Campus (4800 Telluride St.)
- Florence Crittenton (55 S. Zuni St.)
- George Washington (655 S. Monaco Parkway)
- John F. Kennedy (2855 S. Lamar St.)
- Kepner Campus (911 S. Hazel Court)
- Kunsmiller (2250 S. Quitman Way)
- Lake (1820 Lowell Blvd.)
- Manual (1700 E. 28th Ave.)
- Martin Luther King, Jr. Early College (19535 E. 46th Ave.)
- Montbello High School (5000 Crown Blvd.)
- North (2960 Speer Blvd.)
- Noel Campus (5290 Kittredge St.)
- Place Bridge Academy (7125 Cherry Creek Drive North)
- South (1700 E. Louisiana Ave.)
- Thomas Jefferson (3950 S. Holly St.)
- West High School (951 Elati St.)

For more information, visit [denverhealth.org/services/school-based-health-centers](https://denverhealth.org/services/school-based-health-centers).

# GIFTED AND TALENTED SERVICES

---

WEB: [gt.dpsk12.org](http://gt.dpsk12.org)

PHONE: 720-423-2056

EMAIL: [giftedandtalented@dpsk12.org](mailto:giftedandtalented@dpsk12.org)

## WHAT ARE GIFTED AND TALENTED SERVICES?

All schools in DPS are responsible for meeting the needs of identified highly gifted and talented (HGT) and gifted and talented (GT) students, as well as students in a formalized talent pool. ECE to eighth-grade schools are supported through a GT teacher, charter schools are supported through a designated point of contact, and high schools are supported through GT teachers and/or a site-based team. All DPS schools, both district-managed and charter, receive support from centrally hired GT Curriculum Specialists and/or GT Managers.

GT services in DPS schools range from differentiation in the regular classroom, co-teaching by the gifted education teacher in the regular classroom, push-in and pull-out programs, cluster grouping, ability grouping, curriculum compacting, acceleration of content, enrichment opportunities and magnet services (for students designated HGT or magnet-eligible). Services vary by school and you can learn more about specific school services by reviewing GT programming plans at [gt.dpsk12.org](http://gt.dpsk12.org).

The gifted education teacher collaborates with classroom teachers in differentiating instruction and providing best practices for learners who have an Advanced Learning Plan (ALP). Additional services and opportunities may focus on talent development for those students who are not formally identified but are demonstrating a need in certain academic or talent areas. For more information about gifted and talented programming, please contact the GT teacher or point of contact at your school or review the GT programming plans at [gt.dpsk12.org](http://gt.dpsk12.org).

## QUALIFYING FOR SERVICES

There are multiple pathways through which students may qualify for GT services. All students in first and fifth grades participate in a universal screening for potential GT identification. Students in other grade levels may be nominated by educators or parents/guardians to complete a cognitive assessment available during the fall or spring testing windows. The application and deadlines can be found on the GT website at [gt.dpsk12.org](http://gt.dpsk12.org).

## GIFTED MAGNET SCHOOLS

The Gifted and Talented magnet program provides an educational option for students in kindergarten to eighth grade who have been designated as magnet-eligible (ME). This educational option is provided to address the extreme needs of students who may exhibit exceptional intellectual ability as well as unique social and emotional needs. Magnet eligibility is determined by each magnet school.

Once a child is identified as eligible to attend a magnet site, families may include gifted magnet schools on their SchoolChoice application. For the 2026-27 school year, 11 schools will be designated as gifted magnet sites: Beach Court Elementary, Carson Elementary, Cory Elementary, Edison Elementary, Florida-Pitt Waller ECE-8, Isabella Bird Community School, Gust Elementary, Lena Archuleta Elementary, Morey Middle School, Polaris Elementary and Teller Elementary.

For more information about GT designation or magnet school options, please visit [gt.dpsk12.org](http://gt.dpsk12.org). If you have questions, contact the DPS Gifted and Talented Department at [giftedandtalented@dpsk12.org](mailto:giftedandtalented@dpsk12.org) or 720-423-2056, or contact your current GT teacher.

# MULTILINGUAL EDUCATION (MLE)

---

WEB: [mle.dpsk12.org](http://mle.dpsk12.org)  
PHONE: 720-423-2040  
EMAIL: [dps\\_mle.groups@dpsk12.org](mailto:dps_mle.groups@dpsk12.org)

## WHAT ARE MLE SERVICES?

Every student's home language is an asset. Multilingual Education (MLE) programs build on that strength by supporting students in learning English while developing their knowledge in core content areas such as reading, math, science and other core subjects. MLE services are provided by qualified teachers who are specially trained in English Language Development to help Multilingual Learners (MLLs) succeed.

## WHO IS ELIGIBLE?

All students whose primary language is not English and who are still developing English proficiency are eligible for MLE program services. During registration, families of all new students complete a form called the Home Language Questionnaire (HLQ) to share what languages are spoken at home by the student and their family. If a language other than English is listed, the family selects an MLE program for their child. The school reviews the child's English proficiency level and the student's performance to determine if the child is eligible for MLE program services.

## MLE PROGRAMS OFFERED AT DPS SCHOOLS:

- **Bilingual Transitional Native Language Instruction (TNLI)** programs, also known as bilingual programs, are available for MLLs whose first language is Spanish. In elementary TNLI programs, students are instructed primarily in Spanish in the early grades. As students progress through the program, more English instruction is gradually increased so that by fourth grade, they are learning in both Spanish and English equally, spending about half their day in each language. In the middle and high school TNLI programs, students take up to two of their content courses in Spanish each semester.

The goal of bilingual programs is to help students learn English while developing literacy and content skills in Spanish at the same time, leading to proficiency in both languages. Teachers in bilingual programs have been specially trained to help students learn English while they learn other

subjects, and are proficient in Spanish. Instruction in TNLI schools is guided by research-based Language Allocation Guidelines, which determine the percentage of instructional time in each language. To find out which schools offer bilingual instruction from ECE through 12th grade by region, visit [mle.dpsk12.org/tnli](http://mle.dpsk12.org/tnli).

- **Dual Language** is a long-term program offering instruction in two languages with the goal of developing bilingualism, biliteracy and cultural appreciation. At the elementary level, every district-run dual language program includes at least 50% of instruction in Spanish. At the secondary level, Spanish language arts and one content area are also taught in Spanish. Regardless of the program, all English learners receive a daily class dedicated to English Language Development (ELD), which gives students the fundamental tools to speak and write English.
- **English as a Second Language Instruction (ESL, also called ELA-E)** is intended for MLLs who speak any language. In ELA-E programs, students learn alongside English-proficient peers, with all content taught in English, with native language support as appropriate. Teachers in this program have been specially trained to help students learn English while they learn other subjects such as reading, science and math. Schools may also offer additional support in home languages through a native language tutor or an ELA-S Resource teacher.
- **The DPS Seal of Biliteracy** is awarded to students who have attained proficiency in two or more languages by high school graduation. The seal appears on the transcript and diploma of the graduate and is a statement of accomplishment for future employers and for college admissions. For more information, visit [mle.dpsk12.org/sealofbiliteracy](http://mle.dpsk12.org/sealofbiliteracy).
- **Newcomer Centers** are specially designed for students who are new to the U.S., have had interrupted schooling and are beginning to learn English. These programs help students adjust to a new educational system while building their academic and language skills. Newcomer Centers are located at Montclair Elementary (first through fifth grades), Newlon Elementary (first through fifth grades), Place Bridge Academy (first through eighth grades), Merrill Middle School (sixth through eighth grades), Montbello Middle School (sixth through eighth grades), Montbello High School (ninth through 12th grades), Abraham Lincoln High School (ninth through 12th grades) and South High School (ninth through 12th grades).

## NEED MORE INFORMATION?

Visit [mle.dpsk12.org](http://mle.dpsk12.org) to find a list of MLE programs by each DPS school. You can also call the MLE Office at 720-423-2040 or contact your school to learn more about MLE offerings.

# SPECIAL EDUCATION SERVICES

---

WEB: [ess.dpsk12.org](http://ess.dpsk12.org)  
PHONE: 720-423-2400  
EMAIL: [ess@dpsk12.org](mailto:ess@dpsk12.org)

## WHAT ARE SPECIAL EDUCATION SERVICES?

Special Education services are for students who qualify for specially designed instruction due to an educational disability under the Individuals with Disabilities Education Act (IDEA). If a student qualifies, an Individualized Education Program (IEP) is developed to provide specially designed instruction for the student. Students may also qualify for and receive support from related service providers, such as nurses, school psychologists, social workers, speech language pathologists, audiologists, educational sign language interpreters, braillists, orientation and mobility specialists, teachers of the deaf and hard of hearing, teachers of the blind or visually impaired, early childhood special educators, occupational therapists and physical therapists.

## WHO IS ELIGIBLE UNDER IDEA?

Any student who qualifies under IDEA is eligible to receive special education services under one or more of the disability categories identified under IDEA. Parents/guardians are involved in the evaluation and eligibility process, as well as the development of an IEP.

The term “a child with a disability” means:

A child evaluated according to IDEA as having intellectual disabilities, a hearing impairment including deafness, a speech or language impairment, a visual impairment including blindness, serious emotional disturbance (referred to in IDEA as emotional disturbance), an orthopedic impairment, autism, traumatic brain injury, another health impairment, a specific learning disability, deaf-blindness, or multiple disabilities, and who, by reason thereof, needs special education and related services.

## WHERE ARE SPECIAL EDUCATION SERVICES AVAILABLE?

It is our responsibility and a requirement to provide students who qualify for special education access to a Free and Appropriate Public Education in their Least Restrictive Environment. All DPS schools, including charter schools, provide a continuum of services to meet the unique needs of students with disabilities. All schools are able to provide programming for students with mild-to-moderate level of needs.

Some students require more specialized programming at a more intensive level to meet their unique learning needs. Our center-based programs within DPS are specialized classrooms that serve students from ECE through high school and are located in our neighborhood, charter and innovation schools across the district. Center Programs are strategically located across the regions of the district and city to allow for the consolidation of resources needed to serve students with significant needs while offering services as close as possible to each student's home. These programs are intended and designed to provide an intensive level of support that is based upon the unique and individual needs of our student population. As a whole, our center-based programs target student needs in areas including, but not limited to: academics, behavior, communication, social/emotional, adaptive, functional, physical and/or independence.

## HOW DO I ACCESS SPECIAL EDUCATION SERVICES?

Once a student has qualified for special education services, the IEP outlines the services that the student requires. When your student is admitted to a school, please work directly with the school to ensure that IEP services can begin promptly.

## SECTION 504

### What is Section 504?

Section 504 of the Rehabilitation Act is a federal civil rights law in the United States that prohibits discrimination against individuals with disabilities in programs and activities receiving federal financial assistance. This law applies to public schools and other entities that receive federal funding, and it ensures that individuals with disabilities have equal access and opportunities to participate in all aspects of public education and other federally funded programs.

### Who is eligible under Section 504?

Under Section 504, an individual with a disability is defined as any person who has a physical, mental or health impairment that substantially limits one or more major life activities.

These impairments can include conditions that affect mobility, hearing, vision, learning or emotional well-being. The term "disability" encompasses a wide range of conditions, and it is intended to ensure that individuals facing limitations in their daily activities due to their impairments are protected from discrimination and provided with appropriate accommodations and services to enable equal access to the educational setting and other programs or activities.

A student must be evaluated and determined eligible under Section 504 prior to the creation of a Section 504 Plan.

### **How do I Request a Section 504 Evaluation?**

If you and/or someone on your students' school team suspects a physical, mental health or health impairment that may be affecting their access to the educational environment, the school may begin the Section 504 process. Please work directly with the school to ensure that the Section 504 Procedural Process can begin promptly.

# OTHER SCHOOL PROGRAMS AND RESOURCES

---

**Advancement via Individual Determination (AVID)** is a kindergarten to 12th grade college-readiness program that is engaging, rigorous, and student-centered while teaching students to think critically, collaborate and set their own high expectations for their futures. As a key strategy in closing the opportunity gap, AVID students are held accountable to the highest standards with academic and social support to reach their full potential. AVID prepares students for postsecondary success by equipping them with essential skills, academic norms and college knowledge so they feel empowered to take ownership of their education. AVID is building-wide at the elementary and middle school level and an additional class at the high school level. Visit [ccs.dpsk12.org/avid](https://ccs.dpsk12.org/avid) for more information.

**Advanced Placement (AP)** classes help high school students prepare for college in a rigorous, college-like experience. AP is a curriculum created by the College Board offering standardized courses that are generally recognized as equivalent to undergraduate college courses. Students who obtain qualifying national AP exam scores may be able to receive credit and advanced placement at participating colleges and universities, saving them both time and money during their college years. AP classes can be accessed in all grades of high school. A qualifying score of 2 on certain AP exams can demonstrate math and/or English competency, which is a graduation requirement. Students will receive weighted GPA credit with a passing grade in the class. Visit [ccs.dpsk12.org/ap](https://ccs.dpsk12.org/ap) for more information.

**Army Junior Reserve Officers' Training Corps (JROTC)** is an exciting program offered to high school students that teaches character education, student achievement, health and wellness, leadership and diversity. In addition to promoting citizenship, JROTC also prepares students for postsecondary options, including college or the workforce. Through cadet-run programs and team competitions, students learn valuable professional skills like leadership, teamwork, time management, self-discipline and communication. JROTC counts as a physical education credit toward graduation requirements. Visit [ccs.dpsk12.org/jrotc](https://ccs.dpsk12.org/jrotc) for more information.

**Arts Programs** embody academic arts (visual art, theater, dance, music) exploration and opportunities for student engagement, personal expression and cognitive development.

**Accelerating Students Through Concurrent Enrollment (ASCENT)** is a fifth-year high school program that allows eligible DPS students the opportunity to attend one year of college for free! Students participate in ASCENT the year following 12th grade and can choose to attend one of eight colleges in the Denver area. ASCENT students receive free tuition and fees while also receiving wrap-around advising and support.

Please note that Senate Bill 25-315, enacted by the Colorado General Assembly in May 2025, mandates the repeal of the ASCENT program following the 2025–26 fiscal year. Although this program will be phased out, the Colorado Department of Education has stated it will continue to evaluate its postsecondary and workforce readiness programs to determine how funding may be repurposed in the future. If you have questions or would like more information, please email [careerandcollegesuccess@dpsk12.org](mailto:careerandcollegesuccess@dpsk12.org).

**Blended Learning** combines online digital media with traditional classroom methods.

**Career and Technical Education (CTE)** are Career and College Success programs that offer students an opportunity to enroll in career-related educational pathways (school programs with designated courses, aligned to a career). The pathways are designed to offer all students an industry certification or college certificate upon completion. Through courses that are real-world, project-based, and career aligned, students learn professional and technical skills to prepare them for careers in industry. For information on CTE programs and pathways available at each school, visit [ccs.dpsk12.org/cte](https://ccs.dpsk12.org/cte).

**Career Development** is offered to students through a series of Career and College Success work-based learning programs. DPS partners with businesses, nonprofit organizations and government agencies to offer work-based learning experiences such as professional guest speakers, job shadows, internships, mentoring, apprenticeships and more. These programs are designed to provide kindergarten through 12th grade students with career exploration and development opportunities that enable them to discover their passions and interests and make informed decisions about their future career path. As students engage in higher-level work-based learning, they begin to develop work-readiness skills and technical skills in a variety of industries.

In addition to the continued implementation of work-based learning programming, the Career Development team supports students through meaningful career conversations so students can make informed decisions that support their career goals. They also work in partnership with schools to develop personalized Career and College Success Student Profile Reports. These reports are personalized with details about the student's career and college success journey including career interests, participation in Advanced Academic courses and career experiences that support their future aspirations.

For information on Career Development programs and pathways available at each school, visit [ccs.dpsk12.org](https://ccs.dpsk12.org).

**College Level Examination Program (CLEP)** exams are College Board exams designed to test students in subjects they already know. Students who pass a CLEP exam earn college credits equivalent to passing a college course(s), allowing students to use CLEP tests to save time and money toward a college degree. CLEP testing can be done at any time in the high school trajectory of a student. For more information, email [concurrent\\_enrollment@dpsk12.org](mailto:concurrent_enrollment@dpsk12.org).

**Community Hubs** provide services that support the social, emotional, physical and academic needs of adults and children so that all students will have an equal chance to learn and thrive. The Community Hubs serve all adults and children, not only DPS students. Visit [face.dpsk12.org](https://face.dpsk12.org) for more information.

**Competency-Based Learning** allows students the flexibility to progress as they demonstrate mastery of academic content, regardless of time, place or pace of learning.

**Concurrent Enrollment (CE) and Dual Enrollment (DE)** provides students the opportunity to enroll in college courses, simultaneously earning high school and college credit.

Concurrent enrollment is defined as the simultaneous enrollment of a qualified student in a district high school and in one or more postsecondary courses, including academic or career and technical education courses, which may include coursework related to apprenticeship programs or internship programs, at an institution of higher education. Concurrent Enrollment must be offered at no tuition cost to qualified students. Courses must apply to developmental education or a postsecondary degree, certificate or gateway course, or be transferable among state institutions of higher education.

Dual Enrollment is defined as enrollment in college courses that do not fall within the legislative requirements of concurrent enrollment. Dual enrollment can have additional restrictions, and/or requirements, and higher costs for enrollment. Examples might be higher tuition costs and grade-level restrictions. For more information, email the Concurrent Enrollment team at [concurrent\\_enrollment@dpsk12.org](mailto:concurrent_enrollment@dpsk12.org).

**Credit Recovery** offers students the option to earn credit for classes they did not successfully complete so that they are on track to graduate. DPS offers Credit Recovery through Edgenuity in all district-managed high schools as a competency-based online and teacher-supported program.

**Denver Scholarship Foundation (DSF)** is a nonprofit helping to make college possible and building the educational and economic future of Denver. Full-time DSF College Advisors work proactively with ninth through 12th-grade students at DSF Future Centers located inside DPS high schools. DSF's three-part program consists of support systems, actionable tools and scholarships to help guide students to and through college, career and beyond. Visit [denverscholarship.org](https://denverscholarship.org) for more information.

**EdConnect** is a districtwide educational pathway that seeks to develop our current students into our educators of tomorrow. EdConnect programming is available centrally to students from all high schools and directly at some high schools. The EdConnect programming is designed to move students through initial college courses and accelerate students to a teaching degree and license. EdConnect youth apprentices are placed at DPS ECE, elementary and middle schools for work-based learning. Email [concurrent\\_enrollment@dpsk12.net](mailto:concurrent_enrollment@dpsk12.net) for more information.

**Expeditionary Learning**, or EL Education, is a system of core instructional practices based on the science of learning and development. EL Education combines traditional instruction with community service and real-world projects that encourage students to explore the world outside of the classroom, empowering them to develop socially, emotionally and academically together.

**International Baccalaureate (IB) Programmes** offer a more comprehensive approach to advanced education. IB Primary Years, Middle Years, and Diploma Programmes provide a challenging curriculum that is consistent and highly regarded around the world. IB schools focus on international perspectives of learning and teaching, while supporting students in fully exploring their home culture and language. IB instruction helps develop the intellectual, personal, emotional and social skills that prepare students for success in a rapidly globalizing world. A qualifying score of 2s on certain IB exams is one of the options that can demonstrate math and/or English competency, which is a graduation requirement. Students who take IB courses and exams in high school stand out in the college admissions process and have the opportunity to earn credits or advanced standing at most colleges and universities in the U.S. Visit [ccs.dpsk12.org/ib](https://ccs.dpsk12.org/ib) for more information.

**International Focus Schools** offer a unique curriculum that relates the classroom to the world as a whole. Students explore different cultures and international perspectives while developing skills that will help them be successful in a rapidly changing world.

**Montessori Programs** observe and support the natural development of children in a self-directed learning environment. DPS Montessori programs focus on helping children develop creative, problem-solving, social and time-management skills.

**Native American Culture and Education (NACE) Focus Schools** offer support services by bringing together students with a shared heritage and culture. NACE staff ensure students have access to all opportunities and resources in the district. The goal is to increase the graduation rate of American Indian and Alaska Native students. Visit [schooltransformation.dpsk12.org/nace](https://schooltransformation.dpsk12.org/nace) or call 720-423-2042 for more information.

**Personalized Learning** is an approach to education that focuses on building students' identities as lifelong learners, so that over time, they develop a full-fledged sense of learner agency and ownership of their academic progress.

**Pre-Collegiate Programs** are focused on preparing students for continuing their education after high school, which can include earning college credit during high school.

**Project-Based Learning** is a method in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging and complex question, problem or challenge.

**Service Learning** combines work on a community project, such as a volunteer setting, with classroom studies.

**STEAM** is a multidisciplinary educational approach to learning that uses science, technology, engineering, the arts and mathematics as access points for guiding student inquiry, dialogue, creativity and critical thinking.

**Teacher Recruitment Education and Preparation Program (TREP)** is a fifth- and sixth-year high school program that allows students interested in pursuing a career in education to attend college for two years for free! TREP students receive free tuition and fees while also receiving wrap-around advising and support. Graduating 12th graders are eligible if they meet DPS graduation requirements, TREP requirements and are college-ready. Students who graduate from an Early College or P-TECH school are not eligible for TREP according to Colorado state law. For more information, talk to your school counselor or email [careerandcollegesuccess@dpsk12.org](mailto:careerandcollegesuccess@dpsk12.org).

# Get affordable high-speed internet at home

Choose the speed that's right for you

## Internet Essentials

Internet Essentials from Xfinity offers qualifying households high-speed home internet for a low monthly price. You can get fast, reliable speeds **up to 75 Mbps** with Internet Essentials or **up to 100 Mbps** with Internet Essentials Plus, with no cancellation fees and equipment included at no additional cost.

Apply today if you participate in programs like SNAP/EBT, Medicaid, or the National School Lunch Program. For more eligibility information, visit [xfinity.com/getIE](https://xfinity.com/getIE).

**xfinity**

Getting started is easy, with no credit check and no term contract.

### Internet Essentials:

**\$14<sup>95</sup>**  
Per Month

Work from home, learn online, make video calls and telehealth visits, and more

### Internet Essentials Plus:

**\$29<sup>95</sup>**  
Per Month

Work from home, learn online, stream movies and shows, and more – all at the same time

### Apply now

Go to [xfinity.com/getIE](https://xfinity.com/getIE)

Call 1-844-963-0231

Visit an Xfinity store

Scan the code with your phone's camera

*Standard data charges apply.*

Restrictions apply. Not available in all areas. Limited to Internet Essentials ("IE") residential customers 18 years of age or older meeting certain eligibility criteria. Pricing effective on or before 1/1/25. If a customer is determined to be no longer eligible for the IE program, regular rates will apply to the selected internet service. Subject to Internet Essentials program terms and conditions. Professional installation extra. Advertised price applies to a single outlet. Actual speeds vary and are not guaranteed.
