

Florence & Henry Girls Fast Pitch Softball (Grades 4–6)

Dear Parents,

We are exploring the opportunity to form a **Girls Fast Pitch Softball Team** built specifically around students currently in 4th, 5th, and 6th grade at Florence and Henry Schools.

Our goal is to create a strong, community-based team where girls can train, compete, and grow together while building pride in their school connections.

We are excited to share that **Ms. Nelson has expressed interest in coaching the team. Ms. Nelson played fast pitch softball at the collegiate level**, bringing valuable experience, knowledge, and leadership to our players. Her background would provide a tremendous opportunity for skill development and mentorship.

If formed, the team would compete in games through the Watertown Fast Pitch Association, providing structured and competitive local game opportunities.

The purpose of this program would be to:

- Develop strong fundamentals in pitching, hitting, fielding, and base running
- Provide consistent game experience
- Build confidence, teamwork, and leadership
- Help prepare players for future middle school and high school softball

Tentative Details (if interest supports forming a team):

- Practices: 1–2 times per week
- Games played through the Watertown Fast Pitch Association
- Season timeframe: (insert season details)
- Focus on development and competitive growth

If your daughter may be interested, please reply by Friday Feb 13th by **texting or emailing** the contact information below with:

- Player's name
- Current grade
- School (Florence or Henry)
- Previous softball experience (if any)
- Parent contact information

We are excited about the opportunity to build a strong youth fast pitch program for Florence and Henry students and look forward to hearing from you.

Sincerely,

Jim Boyd
