

May 11, 2026

Dear Warrior Families,

We want to share an important opportunity to help families with grocery costs this summer. The Michigan Summer EBT Program, also known as SUN Bucks, provides eligible families with \$120 per child to help purchase food while school is out for the summer.

Who is eligible?

Children who qualify for free or reduced-price school meals may be eligible to receive SUN Bucks benefits.

How do I apply?

Families can apply or check their eligibility through the MI Bridges portal at: www.michigan.gov/mibridges

If you're already enrolled in programs like SNAP, TANF, or Medicaid, you may be automatically eligible, but it's still a good idea to check your status in MI Bridges to ensure your child receives benefits.

What can Sun Bucks be used for?

The funds can be used to purchase groceries such as fruits and vegetables, meat and dairy products, and bread, cereal and other healthy food items. Benefits work similarly to SNAP benefits and are intended to help families access nutritious meals during the summer months.

SUN Bucks is separate from the district's free summer meal program, SUN Meals To-Go. Families are encouraged to participate in both programs to help ensure children have access to healthy meals all summer long. Information about our SUN Meals To-Go locations and schedules will be shared before summer break.

For more information, please email the Michigan Department of Health and Human Services at MDHHS-SEBT@Michigan.gov.

We encourage all families who may qualify to apply as soon as possible so your children can receive this helpful summer support.

Please feel free to contact me if you have any questions.
