What do our EdD graduates say about our doctoral program?

"NAU's doctoral program has been transformative. It equipped me with a new way to think critically about the frequently changing landscape of public education and how to navigate those changes with effective leadership."
– Dr. Robert Ramos, Prevention Coordinator, Chandler Unified School District

"The NAU doctoral program provided me with unique opportunities to learn from experts with diverse backgrounds in the field of education and expand my own leadership skills as a school administrator in the State of Arizona. The professors and doctoral cohort exceeded my expectations!"
– Dr. Alicia Clynick, Principal, Phoenix Elementary School District
