Library end of the year update:
First semester the guys and gals were racing against each other around the room to see who read the most books. It was a very close race. The guys read 399 books while the gals read 416 books. Second semester the students decided to race together to see how many times they could get around the room by reading books. I am happy to announce that they have made it around the room almost two times. I am so proud of our students! I want to encourage everyone, even us parents, to keep reading this summer and visit our public library. Happy reading! ~ Ms. Wert
