Administrator's Report

Administrator Waites stated that she spoke with the Insurance Adjuster and he will be here on Monday, June 21, 2010 to look at the building. Ms. Waites asked for any available Council Members to be present when the adjuster arrives.

Administrator Waites informed Council that Investigator Eddie Lee was involved in a car accident and will be out until at least June 30, 2010.

Administrator Waites stated during the transition of changing companies for the water sampling the Town thought Georgetown had sent all the reports to DHEC, but found out later that they had not sent them in, therefore the Town received a violation from DHEC. The Town has contacted DHEC and is following the necessary steps to correct this. The Town will have to include this violation when the annual report is published.

Ms. Waites stated that the truck from Public Works that was stolen and wrecked has an estimated damage of \$6,133.16. The actual cash value of the vehicle is \$8,425.00, being the damage is over 75% if we decide to keep the vehicle they will deduct \$1200.00 (\$200 deductible & \$1,000 high salvage bid) or if we don't keep the vehicle they will deduct \$200. Ms. Waites stated Public Works Supervisor Shaw has talked with Freddie's Body Shop and he could fix it for less and the other money could put a motor in the F250 that has been sitting at the shop. Council Member Alford asked Eddie Shaw about the repairs. Mr. Shaw stated that Freddie told him that he could fix the truck for approximately \$1700 and that would leave enough to put the motor in the other vehicle. Ms. Waites informed Mayor and Council the only problem is the wrecked vehicle could not get collision insurance on it. Council members expressed concern over this and will

decide what to do after more information is gathered. Council Member Middleton stated that with the approval of the other Council Members and Mayor that he would look into a lease agreement or grant for Public Works vehicles.

Department Head Reports

Public Works Supervisor Eddie Shaw stated that he would like to commend the citizens of Andrews for the great job cleaning up the cemetery. The work they did helps his department out.

Mr. Shaw informed Council that the Lift Station on Hwy. 41 bypass at the Elm Square Apartments is in desperate need of a panel box. This is crucial and the cost will be around \$6000.

Council Report

Council Member Thomas Alford stated that the Memorial Day Festival did not turn out as good as they would like, but they learned a lot for preparation for the next year. There were a lot of things going on that weekend and it affected the turnout. They will start making plans for the 2011 festival.

Council Member Patsy Greene stated that the Bikers are getting ready for the Back to School Festival and are asking Mayor and Council to join in with them again. They are starting the plans now and she will keep the Town up to date. She also stated she hoped the Town could have the fun day at the park again this year. Ms. Greene informed Mayor and Council the Town should receive recreation money in August per Senator Yancey McGill and hopefully can start a new park depending on the amount of the grant.

Mayor's Report

Mayor Giles stated that the USRDA grant application process for the Fire Department is underway. He stated he is still in touch with Congressman Clyburn and Senator McGill still trying to find money for a fire truck and equipment.

Adjournment

Council Member Michael Shaw made the motion to adjourn and was seconded by Council Member Patsy Greene at 6:37 pm. All in favor, motion carried.
