FERNDALE
SCHOOLS

Ferndale Family,

As we prepare for the start of another exciting new school year, we have an important update to share about a place that holds deep meaning for so many of us—the Kullck Community Center.

Our school district recognizes the historical and cultural importance of the community center. For generations this building has been more than just a structure. It's been a gathering place, a home for celebrations, a hub for programs, and a cornerstone of our community story. While it hasn't been in use for the past several years due to infrastructure needs, we are committed to ensuring that it is preserved as a valuable resource in the years to come.

To achieve this, we are working closely with the City of Ferndale to transfer ownership of the property to the City. We believe this will help preserve the center's role in the community while opening new opportunities for growth and use. A final agreement has not yet been reached, however, we are encouraged by the progress being made and remain dedicated to seeing this process through. As discussions move forward, we promise to keep you informed every step of the way.

The Kulick Community Center belongs to all of us-not just in a legal sense, but in the memories, friendships and connections the space has formed across generations. Together, we can make sure it continues to be a place where memories are made for many years to come.

If you have any questions or concerns. Please feel free to reach out to me at camille.hibbler@ferndaleschools.org.Thank you for your continued commitment to the school district and remember,The Future Is Ferndale.

With Eagle Pride,
Camille Hibbler, Superintendent
