Dear OCHS Parents, Guardians, and Students,

It is with great honor and excitement that I am writing to introduce myself as your new Principal at Osage City High School. I am humbled and blessed to have been chosen to lead OCHS. I am looking forward to meeting everyone. It is apparent that there is a great team of educators, support staff, students and community stakeholders and I am looking forward to working together!

I spent the last six years as the Valley Falls High School Principal. I genuinely believe it takes a village to raise a child and schools play a vital role in that effort. My personal success has been impacted by school all my life. The guidance, structure, and support I received during my formative years in public education are reflected in my leadership philosophy. I believe to positively impact students, all individuals in the school and community from the top to the bottom must develop positive relationships with students and those around them.

As your Principal, I will strive to create an effective, collaborative, and caring environment in which our students know they are valued and are ready for the college or career they choose upon graduation. I have an open-door policy, willing to work with all of those around me, and listen to your concerns at any time. I am looking forward to a great 2026-2027 school year as your Principal.

Respectfully,

Gregory W. Morgan,
Osage City High School Principal
