Juniors & Seniors,

Preschool runs from 8:30-11am Monday through Thursday and you would be able to assume this role should you choose to take NBC Career Education 1st, 2nd, or 3rd periods (or a combination of 2-3 of those periods). This is an excellent opportunity for anyone considering a career in Early Childhood Education, Elementary Education, or any Specialty careers like Speech Language Pathology, Occupational Therapy, etc. IF you're interested, go speak with Mrs. Wess about your class schedule and see Mrs. Wright for the necessary paperwork to get started for Career Education. We can also set up a time for you to meet with Mrs. Short to discuss the role and her program.
