Dear Parents and Guardians,

We are writing to remind families of our school's policy regarding student-issued iPads. These devices are an important part of daily instruction and are provided to support student learning.

Students are expected to always take proper care of their assigned iPad. This includes keeping the iPad in its protective case, using it appropriately, and storing it safely when not in use.

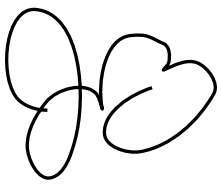

Please be advised that students and their families are financially responsible for any damage, loss, or theft of the iPad beyond normal wear and tear. If an iPad is damaged due to misuse, negligence, or intentional actions, the cost of repair or replacement will be charged to the student's account.

We encourage families to discuss responsible device use with their child and to regularly check the condition of the iPad. Taking these steps helps ensure that all students can continue to benefit from this technology throughout the school year.

If you have any questions regarding iPad care, costs, or our technology policy, please contact the school office.

Thank you for your continued support and cooperation.

Sincerely,

Jeremi Brewer
Superintendent
Ray Unified School District
