Hello, Sheboygan Falls Family

My name is Zach Pethan, proud superintendent of the School District of Sheboygan Falls. If you can't tell by my voice, the winter season is upon us, which means a change in the weather and, unfortunately, some illness.

November 6th marked the end of the 1st quarter of the school year. This is a great checkpoint in the year to make sure students are keeping up with their grades and assignments. Our Infinite Campus system is a great way for parents and students alike to ensure all necessary academic expectations are being met and that attendance is being monitored. If you haven't logged in before or need any help, please reach out to the school office, and they will be happy to help get you set up and answer any questions.

The biggest news from the district is the successful passage of the referendum on November 3rd. This marks a major milestone in the district and will have an impact on students and teaching for years to come. This investment will allow us to make necessary improvements to the facilities - including enhancing our safety and accessibility, expanding our educational experiences, and addressing aging facilities and infrastructure within the elementary and high schools.

On behalf of the entire district, I'd like to thank the community for their support. It is not something we take lightly, and we will work hard to ensure this investment will pay dividends for many years to come. There is a lot of planning involved, so we are excited to work with our students, staff, and community. We look forward to keeping you all informed with progress and next steps along the way. The best way to do this is to follow our district's social media and website.

Hearing thank you from me is one thing, but I'd like to share a message with you all from others who will benefit
