

School Climate Survey

We want to know what you think about your school. There are no right or wrong answers; this is not a test! We just want to know how you feel. Your answers will provide us with important information to help your school become even better.

This is a required Title I school climate survey that students complete each year to help our school meet federal funding requirements and improve our programs. Results will help us improve student support and school climate. You will not put your name or email on this survey, so no one will know which answers are yours.

Thank you for taking this survey!

* Indicates required question
