Bangor Central Childcare Achieves Highest Quality Rating

BAY CITY, MI — Bangor Central Childcare has achieved the highest possible quality designation through Michigan's Great Start to Quality system, earning the Demonstrating Quality rating (formerly known as Five Star).

Programs recognized at the Demonstrating Quality level have completed rigorous, objective assessments, including research-based on-site observations, and met high performance thresholds in key areas such as teacher-child interactions, learning environments, professional development, and family engagement. This designation serves as a benchmark for families seeking exceptional early childhood education and care.

This achievement is particularly noteworthy as Bangor Central Childcare has advanced two quality levels over the past few years, reflecting a strong commitment to continuous improvement and high-quality early learning experiences for local children.

Bangor Central Childcare remains dedicated to providing a safe, nurturing, and enriching environment that supports the growth and success of every child.

About Bangor Township Schools:
Bangor Township Schools serves the Bay City, Michigan, community with a mission to Imagine. Inspire. Innovate. The district is dedicated to providing engaging, high-quality learning experiences that prepare students for the opportunities of tomorrow.
