HARTFORD HIGH
SCHOOL 1960-'61

# Foreword

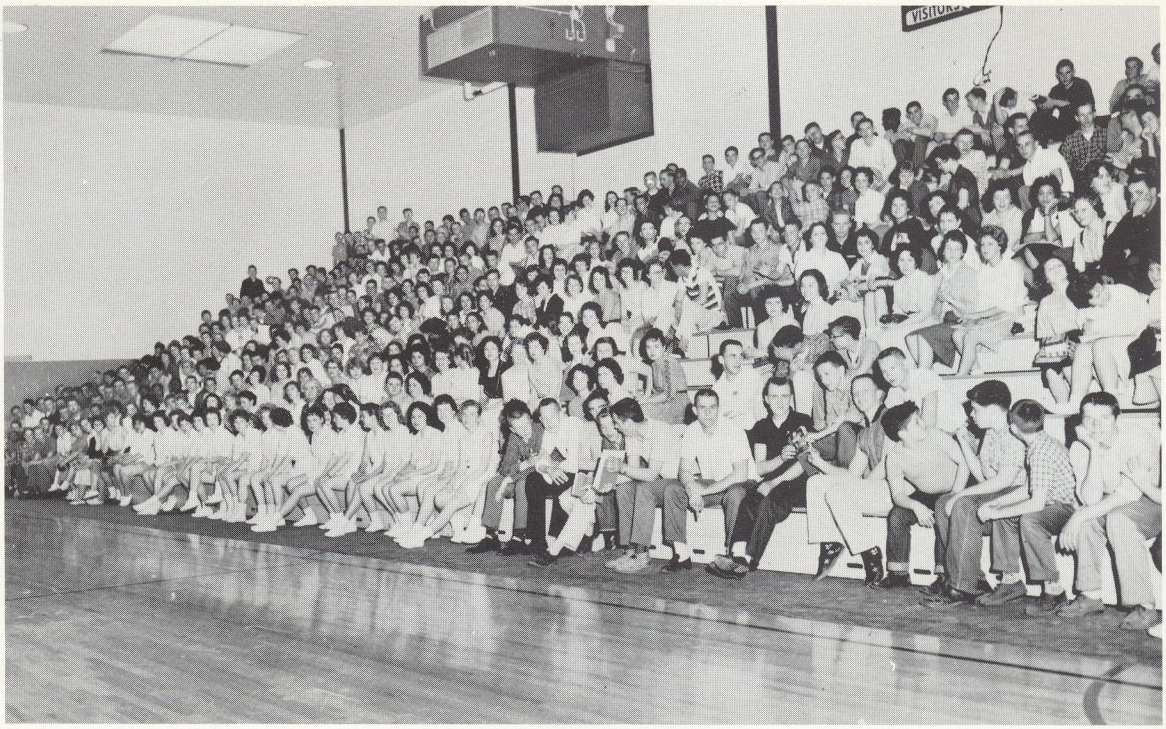

INDIAN LEGEND STAFF worked many moons and watched many smoke signals to bring handsome braves and lovely Indian maidens record of first year in fine new tepee, called Junior-Senior High School in Hartford-By-The-Racetracks.

As years pass and you gaze at Indian Legend, may look of pleasure, not pain, settle on your faces, as memories are recalled.

# *Dedication*

The staff dedicates this INDIAN LEGEND to the students of 1960-61 who have passed through the halls of the new high school, where they have received basic knowledge and training for vocations, citizenship, and living life fully.

May this yearbook help them recall the many activities that are woven into their experiences to form a pattern for successful living.

To the four administrators in the school system falls the momentous task of keeping a school system of approximately 1200 pupils running smoothly and efficiently.

Their decisions must be based on the best education for the most students, not the most expedient solution. Along with this, they attempt to maintain a happy working relationship with boys and girls, parents, custodians, teachers, cooks, bus drivers, office workers and the townspeople.

On the lighter side, we wonder how many times a year they hear the following statements: "I was going to get up early, but the alarm didn't go off," "We were just fooling around having a little fun when - - -," "He hit me first."
