Thinking about Respiratory Therapy?

SCHOLARSHIPS AVAILABLE!

Simply attend an on-campus event at Upstate Medical University to qualify for a $2,500 scholarship.

Respiratory Therapists aid people with breathing issues due to disease or injury. They are at the bedside, working side-by-side with doctors, nurses, and other medical professionals to save lives. They help patients using specialized equipment and pharmaceuticals.

With state-of-the-art simulation facilities and a wide network of clinical partnerships, SUNY Upstate College of Health Professions prepares graduates to step out of the classroom into high-paying and rewarding healthcare careers.

Is Respiratory Therapy the profession that matches your personal and professional goals? Attending an on-campus information session or Open House will help you gain insight into the profession and our bachelor's degree program — and can earn you $2,500 toward college costs.

For event dates, and specific requirements scan QR code or go to: https://www.upstate.edu/chp/programs/respiratory-therapy/campus-visit-scholarship.php
