Who we Are

At Lockheed Martin, the brightest minds push boundaries, drive innovation, and shape the future. With bold ideas and cutting-edge technology, this is where the best rise to lead and make a lasting impact. This is where the best are built.

Benefits Highlights

With our employees as our priority, we provide career opportunities that accelerate development and build the agility needed to stay mission ready. Our comprehensive benefits support employees in leading healthy and fulfilling lives at work and beyond.

- **Career Growth**
- **401(k) With Company Match**
- **Full Benefits From Day One**
- **Tuition Reimbursement**

Who you Are

We're hiring recent high school graduates to support critical work on our engineering teams.

This could be a fit for you if:

- You're seeking entry-level full-time employment.
- You're a U.S. citizen and have the ability to obtain a security clearance.
- You've participated at the high school level in STEM programs such as Project Lead The Way, robotics, Career and Technical Education, etc.
