

Open Enrollment Information

- GCS elementary school students residing within the City of Greeneville limits may attend a GCS school other than the one to which they are currently zoned as long as space is available in the requested school/grade level.
- All GCS elementary school students may complete an out-of-zone request during registration in the spring of each year.
- Open slots by location will be posted by July each year.
- The number of enrollment spaces available at each location is based on 2026-2027 projected enrollment and school/grade-level capacities. School enrollment will be monitored during the Open Enrollment period, and as a result, available seats may be adjusted to comply with state law. If more requests are received than are available at a school or grade level, a lottery will be held to determine enrollment placement. Any students not selected during the lottery will be placed on a waiting list for potential enrollment.

Current Available Slots as of 06.01.2026

Grade Level	EastView	Hal Henard	Highland	Tusculum View
K	11	7	0	11
1	0	0	7	0
2	0	0	3	0
3	0	0	16	0
4	0	0	1	0
5	4	0	9	0

Note: The K-3 grade band cannot exceed an overall average of 20 students per class*. School enrollment will be monitored during the Open Enrollment period and as a result, available seats may be adjusted to comply with state law.

Note: The 4-5 grade band cannot exceed an overall average of 25 students per class*. School enrollment will be monitored during the Open Enrollment period and as a result, available seats may be adjusted to comply with state law.
