January 23, 2026

Dear Little Silver Schools Community:

I am sure you are all aware of the potential winter storm that is expected to move into our area late on Saturday, with the bulk of snow falling throughout most of Sunday. We are monitoring the forecast, preparing for our snow removal, and ice treatment efforts. While **no final decision has been made at this time**, weather reports indicate that the storm could impact school for **Monday, January 26th**, with the potential to have some lingering impact on **Tuesday, January 27th**.

The district will continue to gather up-to-date information throughout the weekend as the storm develops. A **final decision about any delay or closure for Monday, will be communicated as early as possible on Sunday** so families and staff can plan accordingly. Based on the current information I would recommend planning for a closure on Monday and a potential delayed opening on Tuesday.

When determining whether the district can open safely, we consider **far more than predicted snow totals**. Among the many factors we evaluate are, timing of the storm, temperatures and any lingering weather conditions after the initial snowfall, road conditions, and our clean up and removal efforts.

The possible storm also makes this a good moment to remind everyone to ensure you are connected to the district's communication systems. Please verify that your **phone numbers, email addresses, and notification preferences** are up to date in Genesis. We also encourage families to follow our [district website](#), [app](#), and social media channels (Facebook, X, and Instagram) to receive updates quickly and reliably during changing weather conditions. If you know people who do not currently have students in the district that want to receive notifications direct them to the Website (Live Feed), App, or our social media accounts.

Thank you for your patience and partnership as we prepare for the possibility of winter weather. Our number one priority is, and always will be, the safety of our students, staff, and families. We will be in touch as soon as we have more information.

Be well,

Eric Platt
Superintendent of Schools
