Phase 2 Redistricting

Recommendations for Public Briefing
and Hearing

Revised Board Recommendation 3
(BR-3)

November 12, 2025

November 12, 2025

At its November 5, 2025, meeting, the Board of Education considered the recommendations of six proposed redistricting plans for Phase 2 of the school system's comprehensive redistricting process, subsequently eliminating all but one plan and creating a single amended plan to move forward to public hearing.

A public briefing on the single amended plan, referred to as Revised Board Recommendation 3 (Revised BR-3), is scheduled for November 12, 2025. Public hearings on Revised BR-3 will be held on November 13, 2025, and November 17, 2025.

The following notable elements are included among those proposed as part of the Revised BR-3.

- **Boundaries:**

- Maintain Gingerville, Poplar Point, and Wilelenor communities in the South River cluster for elementary, middle, or high school, leaving those students in their current school assignments.
- Maintain the neighborhoods south of Carrollton Road in the Georgetown East Elementary School catchment area and maintain the area bound by Jackson Street in the Eastport Elementary School catchment area, leaving those students in their current school assignments.
- Remove the rezoning of approximately 28 students from Waugh Chapel Elementary School to Odenton Elementary School, leaving those students in their current school assignments.
- Allow four South River Colony communities to remain assigned to Central Elementary School.
- Maintain the Chalk Point and Shady Oaks communities at Deale Elementary School.
- The current elementary school boundaries for Crofton Elementary School and Crofton Meadows Elementary School will remain in effect without modification.
- Elementary school boundaries for the Glen Isle and Hambleton neighborhoods in Riva are revised, resulting in the reassignment of students from Davidsonville Elementary School to Central Elementary School.
- Modify the boundaries for Four Seasons, Piney Orchard, Odenton, and Seven Oaks elementary schools such that the northern portion of Piney Orchard Elementary School would stay at Piney Orchard Elementary School, a portion of Four Seasons Elementary school will be rezoned to Piney Orchard, and the western portion of Odenton Elementary School would move to Seven Oaks Elementary School.
- The boundaries for middle and high schools within the Arundel, Crofton, and Meade clusters will be adjusted. As a result, middle and high school students residing in a designated portion of the Nantucket Elementary School attendance area will transition from Crofton Middle School and Crofton High School to Arundel Middle School and Arundel High School. Additionally, students from the western section of the Odenton Elementary School area, who currently attend Arundel Middle School and Arundel High School, will be reassigned to MacArthur Middle School and Meade High School.

Additional modifications are detailed on the subsequent pages of this report.

- **Programmatic Realignment**

- No programmatic realignments are recommended.

- **Split Articulation Adjustments**

- A portion of the middle and high school students living in the Nantucket Elementary School attendance area currently assigned to Crofton Middle School and Crofton High School would move to Arundel Middle School and Arundel High School.

Approximately 750 students would be moved in Revised BR-3.

Revised BR-3 also contains the same “Legacy Student” provision that existed in Phase 1 of the redistricting process. Students who will be entering 12th grade in the 2026-2027 school year will have the option to remain at the high school to which they are currently assigned. Students electing to remain at their current high school will be required to enter a Legacy Student transfer portal to indicate that choice and must provide their own transportation to and from school.

Current magnet program assignments will be honored. In Revised BR-3, students currently enrolled in a magnet program at a secondary school will continue to be enrolled in their current assigned program and school.

The following pages show tables and maps describing this recommendation in greater detail. They include the following data:

1. Key Metrics
2. Utilization Summary Tables
3. Maps of Recommended Adjustments
4. Feeder Pattern Summaries

Revised Board Recommendation 3: Feeder Patterns

In Revised Board Recommendation 3, a split articulation is introduced to the Nantucket Elementary Cohort. Some students from Nantucket Elementary will go to Arundel MS then Arundel HS, instead of Crofton MS then Crofton HS.

- Unchanged feeder pattern
- Feeder pattern change
- Feeder pattern change with a split articulation
