Mr. Michael Lo Presti  
Loudoun School-Business Partnership Executive Council  
21000 Education Court  
Ashburn, VA 20148

Dear Mr. Lo Presti,

The Recognition Committee is pleased to announce the following partnerships that have been selected for a 2015 School-Business Partnership Recognition Award.

- **Developmental Connections** in partnership with Rosa Lee Carter Elementary
- **George Washington University** in partnership LCPS Science Department and the LCPS Art Department
- **Orbital ATK** in partnership with LCPS Science Department
- **Rockwell Collins** in partnership with Parkview High School and Sterling Middle School
- **Women in Technology** in partnership with Belmont Ridge Middle School and Parkview High School

The excellence of all of the 2015 partnership Profiles presented the committee with the difficult task of selecting partnerships for recognition. Each and every partnership should be commended for the effort, creativity, and willingness to work with schools. We are pleased to recognize all of the partnerships in the booklet "A Vision for Partnership". A reading of the profiles clearly shows that there are no limits to what contribution a business may make to schools.

Congratulations to all those who worked as a partner with Loudoun County Public Schools!

Yours Truly,

School-Business Partnership Executive Council Award Committee

*A commitment to Loudoun's future in the Classrooms of today*

## 2016 “Make A Difference Award” Honoree

Zach Pracher, a Belmont Ridge Middle School student, conducted a community service project for his Bar Mitzvah that raised \$40,000 to put 200 Kindles in the hands of homeless LCPS students who are served by Mobile Hope. Zach’s donors included the Amazon Corporation, as well as a local Jewish philanthropy. Through this project, Zach is spreading his love of reading to those who do not have access to the tools of learning and literacy.

The “Make A Difference Award” recognizes Loudoun School-Business Partners and individuals who make a significant and lasting positive difference in the lives of our children, our community, and our future through innovative programs, leadership, and partnerships benefitting Loudoun County Public Schools (LCPS) on a comprehensive basis.

### Past “Make A Difference Award” Honorees

2015

Donna Fortier, Executive Director and Founder of Mobile Hope, is recognized for her passion and leadership with the Mobile Hope Project since 2011.

2014

Sharon D. Ackerman, LCPS Assistant Superintendent for Instruction, is recognized for her 42 years of service and dedication to Loudoun County Public Schools.

2013

Second Lieutenant Jeffrey Mees, Loudoun County Sheriff’s Office (LCSO), is recognized with the “Make A Difference Award” for his dedication and significant contributions to Loudoun County Public Schools (LCPS).

2012

Al Nielsen, AOL, recognized for his leadership as Chairman of the Loudoun School-Business Partnership Executive Council and his enduring commitment to the many activities of the council for the benefit of Loudoun students.

2011

Inova Loudoun Hospital is honored with the “Make A Difference Award” for its enduring commitment and significant contributions to Loudoun County Public Schools.

2010

The Harris Teeter, Inc. *Together in Education Grant Program* is honored with the “Make A Difference Award” for its enduring commitment and significant grants supporting innovative programs for Loudoun County Public Schools.

2009

The Claude Moore Charitable Foundation is honored with the “Make A Difference Award” for its enduring commitment and significant grants supporting innovative programs for Loudoun County Public Schools.

2008

Karen Russell, ECHO, Inc. was recognized for her commitment to and facilitation of the “Job-For-A-Day” Program. The program started with 30 students in 1991 and grew to over 370 students from all LCPS high schools in 2007.

2007

Steve DeLong, Cavalier Land Development Corporation, was recognized for his enduring service to all Loudoun County Public Schools as Chairman of the Loudoun School-Business Partnership Executive Council.

## Wagner B. Grier Recipient of 2016 Lambert Award

Wagner Grier is recognized for his enduring commitment to the students of Loudoun County Public schools through his tenure as a teacher, middle school administrator, and Principal of Monroe Technology Center. Wagner has impacted thousands of students through his leadership activities and service to career and technical education.

## J. Hamilton Lambert Award

The J. Hamilton Lambert Exemplary Leadership in Education and Community Service Award is presented to an individual with the following attributes:

- Demonstrates leadership within the community.
- Has formed a notable partnership with Loudoun County Public Schools.
- Demonstrates and encourages creativity and innovation.
- Fosters cooperation between the school and the community.
- Dedicates themselves to demonstrated community service efforts and a willingness to help others.
- Keeps abreast of developments in the field of education.
- Demonstrates leadership and exemplifies commitment.

The award's namesake is a graduate of Loudoun County High School. Lambert began his professional life as a draftsman for the County of Fairfax, working his way up to serve as county executive between August 1980 and December 1990. In this capacity, he oversaw the day-to-day operations of the county with an annual budget of more than \$1 billion.

## Past Winners of the J. Hamilton Lambert Award include:

## Legacy Award

The Washington Redskins Charitable Foundation is the recipient of the Loudoun School-Business Partnership Executive Council's inaugural Legacy Award. This award recognizes previous recipients of the Business Partnership Recognition Award who have exhibited a continued devotion to Loudoun County Public Schools (LCPS).

The Washington Redskins Charitable Foundation won the Business Partnership Recognition Award in 2009.

During 2015, the Washington Redskins Charitable Foundation donated a significant amount of money – and a more significant amount of time – to enhancing the education of Loudoun's students. Executive Director Jane Rodgers and Director of Community and Charitable Programs Allie Pisching have been a constant and reliable source for educators seeking to offer unique opportunities to students.

Through the efforts of the Charitable Foundation, Park View High School dedicated its new turf field on August 28, 2015. The synthetic turf field was installed as the result of a \$100,000 grant from the Washington Redskins Charitable Foundation, a \$100,000 grant from the NFL and \$800,000 from the Loudoun County Board of Supervisors. The School Board expedited the process by moving the turf installation to the top of its construction projects.

"Tonight marks the culmination of a project between a premier business partner, the Board of Supervisors and the School Board," Loudoun County Public Schools (LCPS) Superintendent Dr. Eric Williams told the crowd. "We are so thrilled to see this come to fruition."

Sterling District School Board member Brenda Sheridan thanked Redskins owner Daniel Snyder for funding the initial grant that got the field project going. "To many, Daniel Snyder is just a name in the news or a face on TV. For us at Park View, he is a neighbor; not only a neighbor, but a neighbor who cares."

The Washington Redskins Charitable Foundation has opened Redskins Park and its facilities for "Play 60" events and nutritional and fitness seminars.

Additional, LCPS schools helped by the Redskins during the past year include Banneker Elementary School, Broad Run High School, Catoclin Elementary School, Creighton's Corner Elementary School, Frances Hazel Reid Elementary School, Frederick Douglass Elementary School, Forest Grove Elementary School, Guilford Elementary School, Hamilton Elementary School, Harper Park Middle School, Meadowland Elementary School, Park View High School, Rolling Ridge Elementary School, Seldens Landing Elementary School, Seneca Ridge Middle Schools, Steuart Weller Elementary School, Sterling Elementary School, Sugarland Elementary School, and Sully Elementary School.

## 2016 Partnership Profiles

### Vision

The vision of the Loudoun School/Business Partnership Executive Council is to be a progressive leader in establishing effective and creative partnerships. Indicators of the Council's success will be if:

- partnerships are thriving
- students are learning current and relevant skills
- students are leaders and committed to their communities
- students are learning interactive and technology skills
- schools are responsive to partnerships and actively integrate "best of practices" into their curricula
- businesses benefit from having a well-qualified workforce.

### Mission Statement

The mission of the Loudoun School/Business Partnership Executive Council, a non-profit organization, is to provide the leadership to promote the development and success of partnerships between the Loudoun County Public Schools and businesses to ensure that the students are prepared to contribute successfully to the ever-changing business and community environments.

Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Liberty, with the support of 3Dprinting.org, received a 3D printer to allow students to digitally create designs and enhancements using 3D printing software. This allows Liberty to focus on the technology aspect of STEM enhancing our leadership in STEM education in Loudoun County and Northern Virginia. A transformation of STEM is occurring at Liberty. With 3D printing students re-create curriculum by designing and printing new solutions to real world problems. 3Dprinting.org continually brings new opportunities to Liberty students. Teachers are challenged to create innovative lessons in all grade levels. Students recreate content such as making models of the ocean floor, new animal adaptations, working anemometers. Liberty teachers are inspired to present at national and international conferences in 2016 including VCEC, ISTE, and NAESP.
Benefits to the Company Benefits to the School:	3D Printing in School is a nonprofit organization fulfilling the mission of bringing STEM curriculum to life through the use of 3D printing in the classroom. With the integration of 3D printing into Liberty Elementary Science, Technology, Engineering and Math lessons, 3D Printing in School and Liberty teachers are providing students the opportunity to enhance their ingenuity and hone critical thinking skills. As students acquire the skills necessary to create, succeed and thrive in a world of rapid technological change, 3D Printing in School believes that we are ensuring students are positioned to play an active role in the next industrial revolution, make strides in the world of manufacturing, and contribute to our country's economic growth overall. Students actively involved in 3D printing will be the next great inventors, creating products and engineering machines that will make our lives easier, more enjoyable, and more productive.

Business Contact:	Linda Drake Chuck Giasson
Phone:	703-394-1411
Partner School:	Dominion High School
School Contact:	Lauren Gould, Science Department Chair
Phone:	571-434-4400
Year Partnership Began:	2010
Description of School/Business Partnership Activity(ies):	Through the efforts of Dominion parent John O'Connor, a partnership was established between Dominion High school and AFCEA (Armed Forces Communications and Electronics Association). This partnership provides support for the science department in a number of ways. Financial support in the form of grant awards has totaled over \$6,000 since the inception of the partnership. In addition, AFCEA provides a source for science research mentors and science fair judges for the school science fair.
Benefits to the Company & Benefits to the School:	The AFCEA NOVA community is continuously searching for talented, motivated scientists and engineers who have strong problem solving skills and familiarity with technology. Engaging students in authentic research allows students to design their own investigations, think critically about the results, and use technology as a tool for data collection and evaluation. The demand for the engineering and mathematics skills required to provide these solutions will only continue to increase. This partnership helps to inspire and provide the educational foundations for the next generation of scientists and engineers to meet those needs. An important component of STEM education is student participation in authentic science research. Independent student research provides the opportunity for students to conduct investigations and statistical analyses in a field of their choice. One of the goals of STEM education is to create learning environments for students that are less teacher-directed where students have more opportunities to ask questions and explore on their own. The goal of this technology initiative is to encourage students to go beyond the typical projects of growing plants or culturing bacteria. Funds from this grant have also helped in implementing our inaugural Summer Science Camp, which occurred in the summer of 2015.

Partner School:	Emerick Elementary School
School Contact:	Jennifer Rule, Principal
Phone:	540-751-2441
Year Partnership Began:	2006
Description of School/Business Partnership Activity(ies):	More than 10 years ago, Ann Wells, an active volunteer with Therapy Dogs International began her partnership with EME as a way of giving back to the school and its staff for the literacy support given to her daughters who were then EME students. Ann's therapy dogs, Charlie and Mikey, have listened to thousands of books over the years. Ann, Charlie and Mikey have provided book clubs, one-one reading opportunities, read aloud in classrooms leaving a lasting impression on all whom they encounter. They provide a safe haven for struggling readers and challenge to those who need it. Ann, Charlie and Mikey have been a gift to EME.
Benefits to the Company & Benefits to the School:	Countless research proves the power of dogs and Ann Wells and her volunteer Goldendoodles, Charlie and Mikey, are prime examples. Their presence at Emerick brings a sense of peace, security and home. Otherwise withdrawn or quiet students find comfort in sharing books, stories and writing with them. At risk and struggling students are drawn to the consistency and calm they bring to each classroom they visit. Ann, Charlie and Mikey have truly encompassed the meaning of giving back to the community. Their almost daily presence at Emerick is a positive reminder to the community at large that kindness and giving and sharing your time is what matters most.

Phone:	571-252-2140
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	<p>In May 2015, through the help of the PTA, our school approached Dr. Kortam to explore the possibility of her sponsoring a professional development teacher workshop. This would kick off the next school year with a united focus on how best to support all students, help them to succeed and create an environment in our school classrooms and hallways that fostered a spirit of togetherness kindness and compassion. We spoke with Dr. Kortam at length on the benefits such a training might provide to our school such as fewer distractions and discipline issues which would improve teacher morale. We shared with her the evidence about the success of a company named Celebrate Calm and presenter Kirk Martin. We also explained that if we were able to afford to hire him he was willing to give us an additional parent workshop that would help parents be on the same page with teachers in giving our children the best support we can. With an open heart Dr. Kortam unequivocally decided in that moment that she would like to gift our school community with the full \$2500 to bring this event to our school. The feedback from teachers and parents was overwhelmingly enthusiastic-each of them raving about the new tools and skills they learned to approach this new school year differently.</p>
Benefits to the Company & Benefits to the School:	<p>The workshop gave the teachers an exceptional opportunity to strengthen their friendship and professional bonds. The school experienced increased teacher morale and an infusion of fresh ideas then launched the new school year. The business benefited by being included in all of our promotional materials and event reminders both online and in Connect Ed reminders from the principal. In addition the PTA established a dedicated business sponsor page on our website and list their name and logo on that as well as continue to post praise and shout outs for them on our Facebook page.</p>

School Contact:	Meshelle Cary, Dean Susan Lang, Bookkeeper
Phone:	571-252-2820
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	<p>The goal of this particular partnership is to support and enhance several initiatives directed at student achievement and recognition currently under way in our school environment. It is also geared toward promoting a positive, healthy climate for our school and our community. Their commitment to frequent dialog and open communication about the needs of our school had forged a bond that continues to produce immeasurable benefits for both sides of this partnership. Frequent visits from the practice relations manager ensures that the needs of both parties will continue to be met as we grow our relationship and connect with the world outside our walls. Due to Ashburn Orthodontics willingness to provide financing for multiple incentive programs, Harper Park has been able to dedicate the financial savings to enrichment opportunities and various other means of student support. We value our partnership and look forward to a long-lasting, mutually beneficial relationship.</p>
Benefits to the Company & Benefits to the School:	<p>Ashburn Orthodontics, though not located within our immediate school boundaries, reached out to our school in the spirit of “It takes a village to raise a child”. In return for their assistance in enhancing school programs, the practice receives name/brand recognition and gets an opportunity to position itself for increased clientele. Dr. Kortam also receives joy and a sense of fulfillment by giving back to the community that utilizes her dental services. She is a health care professional who supports the wellbeing of the whole child and understands that she can accomplish much by having a presence in our school. The philosophy and mission statement of this practice aligns with our HPMS vision, mission and philosophy that believes every child deserves, from the adults in their lives, the very best we have to offer every day, no excuses. Our business partner has stepped in to assist us in maintaining the high level of support we offer our families. Through them we are able to continue to offer calendar magnets with important dates, multiple phone numbers,</p>

addresses and websites. Ashburn Orthodontics now sponsors our eight grade awards program; finances a monetary award for our yearly student recognition called the Hurricane Award; hosts a mini-reception for our quarterly citizenship award winners, called Hurricane Heroes; sets up a booth for career day; offers deep discounts for staff and school families at their practice; donations of time spent in the building to connect with staff and students- Dr. Kortam comes to HPMS during February for National Dental Health Awareness Month to relay a highly interactive presentation through the Health/Resource classes; works with our families to provide low cost; affordable check-ups and cleanings; and provides free dental hygiene tools to staff and students. Ashburn Orthodontics is a shining example for our One to the World initiative for students. They embody the four key elements that we want our students to incorporate into their school projects- content; important competencies (critical thinkers, communicators, collaborators, creators, creators, and contributors); authentic challenging problems in the world; public product for the world; and connected with the world. Our school is the beneficiary of real world answers to real world problems through a highly effective partnership.

School Contact:	Suman Henahan, Teacher Sherryl Loya, Principal
Phone:	571-252-2320
Year Partnership Began:	2011
Description of School/Business Partnership Activity(ies):	The students of Farmwell Station are always looking for opportunities to serve our community. We are surrounded by residences occupied by the elderly. In order to make them a part of our school community Suman Henahan, a special education teacher, created a club called the Friendship Club. There was a great response by our students as they were paired with Ashby Ponds residents. The students and their partners at Ashby Ponds meet once a month during the school year and participate in a variety of intergenerational socialization activities. These activities include a yearly visit to Ashby Ponds to participate in their holiday concert, piano concerts performed by Ashby Ponds residents, pumpkin decorating contests, game nights, and creating thank you cards for veterans.
Benefits to the Company & Benefits to the School:	The Ashby Farmwell Friendship Club is an opportunity for the seniors to give back to the community. Many were former educators and enjoy spending time back in a school environment. Others do not have grandchildren living in this area and they enjoy spending time with the young people. All of the seniors benefit from learning from the students. The seniors have great fun doing this activity and it is a wonderful opportunity for socialization. The students who are members of the Ashby Farmwell Friendship Club are greatly enriched through their interactions with the residents of Ashby Ponds. They learn respect and admiration for all age levels and hear many interesting stories that enrich their lives. Through this interaction a partnership was formed with the Ashby Ponds Garden Club. Members of the Garden Club come to Farmwell Station on a weekly basis throughout the summer to help maintain the butterfly garden and the courtyard during the hot summer months.

School Contact:	Tricia Virts
Phone:	571-252-2000
Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Every year, Doug Ward comes into the Personal Finance classes at Loudoun County High School to speak with the students about banking and financial services. Doug doesn't just come in one time a year, he comes in to all the classes both semesters. He does a fantastic job of engaging the students and reinforcing the standards taught in the class. The time he spends with the students is very generous and a great help to the teachers.
Benefits to the Company & Benefits to the School:	Bank of Clarke County has the opportunity to put their community bank in front of the students in the class. Benefits to the school are listed above.

## 2016 Partnership Profiles

Business:	Barakat Orthodontics 45745 Nokes Blvd., Suite 175 Sterling, VA 20166
Business Contact:	Dr. Rana Barakat Nikki Gardener, Office Manager
Phone:	703-443-9330
Partner School:	Countryside Elementary School
School Contact:	Richard Rudnick, Principal Stefani Martin, PTA President
Phone:	571-434-3260
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	In the spring of 2015 Dr. Barakat of Barakat Orthodontics and her business manager Nikki Gardner reached out to Countryside Elementary to see how they could get involved and help out our school community. After meeting with Ms. Gardner, Barakat Orthodontics offered to sponsor our Walk-a-Thon and our 5th grade promotion day activities last spring. They are again involved in both of these events this year and also sponsored Girls on the Run for our school. We look forward to working with Barakat Orthodontics in the future on other fundraising efforts and appreciate their support of our school community thus far.
Benefits to the Company & Benefits to the School:	The advertising benefits Barakat Orthodontics gets from being a sponsor of our Walk-a thon were their name and logo printed on our donation t-shirts, cinch backpacks, flyers and monthly newsletters which reach our entire school community of 740 students. Dr. Barakat and Nikki also attended our 5th grade lunch and helped serve lunch, thus getting to meet and mingle with the students. Countryside has reaped the benefit of having a local business member willing to come in and not only put money into our school, but also time. On several occasions Dr. Barakat herself and Mrs. Gardner have come into help and actually meet and spend time with the students they are contributing too. We are thankful to have a business partner that is willing to help get involved in other school fundraising efforts as they come up throughout the year and we look forward to building a bigger and stronger business partnership with Dr. Barakat in the future.

Partner School:	Horizon Elementary School
School Contact:	Jennifer Ewing, Principal Holly Buehler, Bookkeeper
Phone:	571-434-3260
Year Partnership Began:	2012
Description of School/Business Partnership Activity(ies):	Over the past four years, Barakat Orthodontics has helped to support our Comet Walk by donating and serving water and popsicles to the participants. This year the kids received backpacks from Barakat, when an alternate sponsor wasn't able to provide them. Dr. Barakat and some of her staff also like to come and cheer the kids on as they are running their laps! Barakat sponsored the "2015-2016 agendas for Horizon. They donated items to the Silent Auction to raise money for the playground as well as additional funds to be a Platinum Sponsor of the playground. Dr. Barakat came out to our Field Day in June 2015. Barakat provided an ortho emergency kit to the school nurse and a cake for Staff Appreciation Week.
Benefits to the Company & Benefits to the School:	Dr. Barakat enjoys being a part of the community on the local level at schools, as well as on a more corporate level at community events. Through support of Horizon, Barakat Orthodontics is able to assist the children and parents of our community. With several existing patients at our school, it is a true delight for the kids to see their Orthodontist at their school helping out. An increased recognition of Barakat Orthodontics is made possible by the partnership with Horizon through various events. Horizon is able to provide students and parents with the school agendas at no extra cost, freeing up funds for curriculum. It is a huge bonus for Horizon Elementary to know that we are able to rely on Barakat Orthodontics for consistent support of our school.

School Contact:	Dave Shaffer, Principal Eric Fritz, Assistant Principal Carolyn McCormick, Business Partner
Phone:	571-434-3220
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	Barakat Orthodontics has partnered with River Bend by supporting the students and community by generously funding various programs and activities while also actively participating in them. Last year, River Bend hosted a two-day early back program for rising 6th grade students. Barakat Orthodontics purchased River Bend Class of 2022 t-shirts for all attendees. Additionally, for the past two years, they have purchased “Donuts with Dad” and “Muffins with Mom.” Dr. Barakat and her staff volunteered their time to help serve the muffins to our students and parents. They have also provided an ortho emergency kit to our school nurse and brought treats for Staff Appreciation Week.
Benefits to the Company & Benefits to the School:	For Barakat Orthodontics, partnering with River Bend is an extension of their commitment to the Sterling community. River Bend provides exposure and recognition for Barakat through social media, school newsletters, a plaque in the school foyer, appearances at various PTA events, and through word-of-mouth. Further, Dr. Barakat sees smiling students run up to her to say 'hi' in their neighborhood and outside of the office. River Bend is able to offer students and parents enriching events and programs that they would otherwise be unable to provide. Currently, Barakat and River Bend are working to expand River Bend's outdoor classroom to allow for greater enjoyment and educational opportunities.

Phone:	571-434-4420
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	In 2015, Seneca Ridge Middle School was able to partner with Barakat Orthodontics on several different levels. Seneca Ridge hosted a fantastic tailgate before a Dominion Football game and Dr. Barakat provided snacks and goodies to all of the students. She and one of her employees came to help out and volunteer as needed. It was a fun event and everyone had a great time. It was obvious that she was well-known among the children and parents who were her patients. After visiting with the kids, Dr. Barakat was able to watch part of the football game with her son. We were also pleased to have Barakat Orthodontics donate to the SRMS Beach Blast, a long-standing tradition of ours. Last year, they also provided an orthodontic emergency kit to the school nurse to help out with any needs that came up during the school day with kids and their braces. Our staff was treated to a cake for Staff Appreciation Week.
Benefits to the Company & Benefits to the School:	Dr. Barakat is committed to Loudoun County as a small business owner. Besides being actively involved with schools, Dr. Barakat and her team can be found at different community events, like the Barakat Orthodontics Kids' Corner at the Cascades Fire Chase, swim meets, or at local sporting events. Supporting Seneca Ridge Middle School is a great opportunity for her to give back to an area that she has been a part of for nearly 20 years.

Phone:	571-252-2350
Year Partnership Began:	2006
Description of School/Business Partnership Activity(ies):	This year begins our tenth year partnership with Bonefish Grill and it has impacted our school in such a positive way. Bonefish is committed to community involvement and willingly supports Ashburn Elementary School. Our partnership with Bonefish mainly focuses on recognition of our staff. They provide off site team building experience for teachers by preparing meals for the team at their local restaurant. This is a wonderful way to show our staff members how much they are appreciated by the community.
Benefits to the Company & Benefits to the School:	Bonefish has a history of supporting schools as part of their community out-reach program. Having a partnership with Ashburn provides an avenue and opportunity for them to fulfill part of their mission. It also provides goodwill in the Ashburn community where they are located and exposes the restaurant to prospective new clientele. This year's partnership provided support to our instructional program and provided a well-deserved team building opportunity for our grade level team leaders who went above and beyond to support others. The opportunity for teachers and support staff to earn a team dinner to Bone Fish Grill generated enormous team spirit and enthusiasm for implementing new instructional strategies. The team dinners give staff members a chance to get together in a collegial setting outside of the school environment.

Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Caliber Collision (formerly Craftsman Autobody) has been a ready and steadfast supporter of Monroe Technology Center (MTC) auto collision repair program. This company has given this program more than \$10,000 in just the past year in modern, costly body shop supplies. Their technicians are always willing to come into the classroom and give our students demonstrations and lectures on practices/techniques relevant to the auto collision repair industry. Moreover, Caliber actively hires our students to serve in apprenticeship programs with our school, enabling the students to get real-world experience while simultaneously gaining high school credit. Caliber is always willing to help our students with research and exposure into the professional auto collision repair industry. Additionally, one of Caliber's managers, Timothy Mabe, a former student of MTC, has graciously accepted appointment to the NATEF Advisory Committee for MTC. This committee is formed by several industry and community people to aid in the rigorous process of obtaining NATEF accreditation. Caliber is very supportive of helping out with all of the meetings and lend guidance where needed.
Benefits to the Company & Benefits to the School:	For MTC, Caliber provides a priceless services to our students and school. By donating products, our shop is better equipped and stocked so that the students could learn and use as much real-industry materials and machinery as possible. Their willingness to support and guide MTC students and the instructor is unsurpassable, and makes our program far above-average. On the flip side, one of MTC's goals is to provide industry with workplace-ready entry-level technicians. With Caliber's help in product donation and other support, our students can be better trained, ready to walk into their shop and start working with minimal elementary training. It's a win-win strategy for all involved.

Business:	Chick-fil-A 1002 Edwards Ferry Rd., NE Leesburg, VA 20176
Business Contact:	Stephanie Heistead
Phone:	703-777-1200
Partner School:	Harper Park Middle School
School Contact:	Beth Robinson, Principal Meshelle Cary, Dean
Phone:	571-252-2820
Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Chick-fil-A partners with Harper Park several times a year for spirit nights. On those days, they bring their mascot to our end-of-the-day dismissal which the students and staff truly enjoy. They have provided trays of food for our beginning of the year staff breakfast and luncheon. They supply coupons for free kid's meal in support of our student recognition program through PBIS. They supply food trays for our Parents as Educational Partners (PEP) monthly classes which are held at night.
Benefits to the Company & Benefits to the School:	By sponsoring spirit events, Chick-fil-A gets recognition for supporting our local community. The PTA does extensive communication for our events such as fliers, Connect Ed calls, information on the web site, listing events on the school marquee and yard signs posted around the campus. This communication results in direct advertising for the business. By helping get the word out about our relationship with Chick-fil-A as well as our events, sales are increased for the store, especially during the time frame of the spirit events several times a year. Proceeds from our spirit nights have enabled the PTA to put money towards events and programs that directly impact student achievement and recognition. It also helps supply financing for in-house teacher grants. The donation of food helps our school further engage families who have not traditionally been involved in the process and practice of organized education, namely our ELL/PEP community. These families meet school staff members, collect valuable information about school expectations, and are exposed to community resources and services that can support the achievement of their students. It is obvious to staff, students and the entire community that Chick-fil-A is a company seeking to help foster educational progress in any way they can. They have never turned down a request for assistance since becoming our business partner.

Partner School:	Rolling Ridge Elementary
School Contact:	Kimberly Comrie, Assistant Principal Karen Elliott, Teacher/SERVE Committee Chair Morgan Huey, School Counselor
Phone:	571-434-4540
Year Partnership Began:	2010
Description of School/Business Partnership Activity(ies):	Christian Fellowship Church has generously supported Rolling Ridge Elementary School in a variety of ways for the past several years. Christian Fellowship Church supplies Rolling Ridge's economically disadvantaged students with backpacks filled with the necessary grade level supplies at the beginning of each school year for the past several years. Mr. Trivett, Director of Outreach, and his team of volunteers host Rolling Ridge's annual "Back to School Open House" Bar-B-Q event serving the entire school population, parents, and faculty. Christian Fellowship Church also donates food and clothing supplies to Rolling Ridge Elementary School to help support our families in need. The food supplies help Rolling Ridge to continue a Backpack Buddies program that sends food home with students over the weekend and holidays. Their support is significant because Rolling Ridge Elementary depends solely on donations from churches and businesses in order to provide the food for this program. Christian Fellowship Church also donated coats that were distributed to those students who didn't have one. Six years ago Christian Fellowship Church partnered with Rolling Ridge Elementary School to take part in what has become the most popular, favorite community event of the year; Family Portrait and Taco Night. Mike Trivett meets with school-based staff to discuss the needs of the event, and from there with his list coordinates the photographers, volunteers to serve for the evening, shops for the food, covers the cost of the 600 dinners, and volunteers his own time throughout the evening to serve as needed. Christian Fellowship Church has also supported our annual 'Walk-a-thon' through music. For the past three years, Mr. Trivett, has continuously come to enthusiastically support and "cheer on" our students as they walk/run to raise money for our track. Last but certainly not least, Christian Fellowship Church has arranged for volunteers to help during Rolling Ridge's "Field Day" event, donated juice boxes for the

## 2016 Partnership Profiles

entire school population, and provided the portable “outdoor” sound system for the event.

### Benefits to the Company & Benefits to the School:

The church is able to bless and support a community through its donations. But more importantly, the church is able to provide for children in the area who need require additional resources. Because of the church's generosity and commitment of time, there is a sense of joy in serving this community which is truly commendable! Rolling Ridge Elementary School benefits greatly from Christian Fellowship Church's generosity. The church provides our school with school supplies, food and clothing, volunteers for events which supports our students, parents, faculty and entire school community in alignment with our overall mission and assists in creating a positive climate for our community as a whole. More specifically, Christian Fellowship Church's willingness to donate to Rolling Ridge Elementary helps our economically disadvantaged students. The students are provided a backpack full of school supplies at the beginning of each year and the church contributes to providing food for the weekend to help them stay nourished while not in school. We cannot thank Mr. Michael Trivett and Christian Fellowship Church for their devotion to the past and future of our school and neighborhood community and Rolling Ridge Elementary is appreciative to have established this privileged partnership.

Description of School/Business Partnership Activity(ies):	<p>In the Spring of 2006, The Claude Moore Charitable Foundation approached the Loudoun County Public Schools with an idea and an opportunity to develop a new and innovative program with the fields of health and medical sciences. This program would prepare high school students for high-wage, high-demand careers within the health and medical sciences. The development of the Claude Moore Scholars program is the first of its kind in Virginia and the nation. This three-year program prepares students to enter careers in medical laboratory technology, nursing, pharmacy technology, and radiology technology. Students earn college credit while still enrolled in high school and prepare for professional credentials and licensures within each specialized field. The instructional program is in its second year of operation. To date, The Claude Moore Charitable Foundation has given over \$500,000.00 to fund this exciting and successful program by covering the costs of instructors, instructional materials, instructional equipment &amp; technology, and textbooks. This career pathway has also been designated as one of four programs that is included in the Loudoun Governor's STEM Academy which is housed at the Monroe Technology Center in Leesburg, Virginia.</p>
Benefits to the Company & Benefits to the School:	<p>In partnership with the Inova Health System, this program continues to help create a new pipeline of highly educated healthcare professionals that will fill high-wage, high-demand jobs within the fields of health and medical sciences. Students in this program participated in a Medical IT Summer Internship with the Inova Health System during 2014. Plans are in place to continue this internship opportunity throughout 2015 and beyond. Grant funding to begin the development and maintain the operation of innovative instructional programs for high school students within the fields of health and medical sciences.</p>

Rachel Marker, Marvin's Club Coordinator

Phone: 703-957-4490

Year Partnership Began: 2014

Description of School/Business Partnership Activity(ies): Developmental Connections has fulfilled an essential need for our students at Rosa Lee Carter. As a nonprofit organization, Developmental Connections supports children with developmental disorders (i.e., Aspergers, Autism, ADHD, Sensory Integration Disorder, etc) and provides the training, support and resources for schools to promote social skill development. Developmental Connections has gone to great lengths to assist Rosa Lee Carter in raising the funds needed to bring Marvin's Club; an after-school enrichment program designed to teach developmentally delayed students social and recreational skills while involving neurotypical peers and enhancing community awareness. Last year, they provided the entire school staff with professional development in using the social thinking curriculum, modeled mini-lessons in the classroom and trained staff to run our own Marvin's Club here at Rosa Lee Carter. This support continues, providing training and resources for our Marvin's Club teachers. The passion we share for developing social skills in children with social impairment and for creating an understanding in all students is what makes this a truly special partnership. Rosa Lee Carter is grateful for their generosity and dedication to helping us launch our social thinking curriculum and Marvin's Club program; bringing social skill development to all students and fulfilling a growing need for the young people in our school community.

Benefits to the Company & Benefits to the School: By partnering with Rosa Lee Carter, we were able to support and promote the 5K walk held in November 2015. The turnout was incredible; bringing the message and vision of Developmental Connections to the community surrounding our schools. Increased awareness and funding continues as a result of this partnership;

which helps Developmental Connections continue to grow and expand on their goals of helping more children to be socially strong. Developmental Connections has made it possible to bring social thinking and Marvin's Club to Rosa Lee. They have provided support, training, opportunity for fund raising and financial support. The impact of the social thinking curriculum is already seen throughout the school. Parent and student response to Marvin's Club has been excellent. Teachers and parents in the community are so very thankful to finally have the additional support needed to help their children with social impairments to be successful.

Phone:	571-252-1593
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Matt Monjan and Max Brooks of Discovery Education, wholeheartedly believe that student-created digital content has a quintessential place in learning. Their contributions to the “Loudoun Creates” initiatives include: 1. Sharing high-quality resources with the “Loudoun Creates” Fellows 2. Facilitating partnerships between star educators from around the nation and Loudoun teachers 3. Helping the “Loudoun Creates” team produce a film festival, and 4. Providing keynote speakers for our “Loudoun Creates” Institute days. One such speaker is Steve Dembo, an internationally-recognized digital storyteller and pioneer in the field of educational social networking.
Benefits to the Company & Benefits to the School:	Through the “Loudoun Creates” initiative, students transition from consumers of digital content to creators of digital content, leading to increased engagement and deeper learning. When students become content producers they sort, classify, and organize content to find the best way to “teach” it to others. They become content experts and reach an authentic audience beyond the classroom. LCPS student digital content is accessible to the world through the “Loudoun Creates” video channel. Matt Monjan and Max Brooks of Discovery Education understand the impact “Loudoun Creates” has on our students and have partnered with us to facilitate great learning experiences.

School Contact:	Gia Parrott, Teacher Katie Balanc, Teacher
Phone:	703-722-2660
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Dulles South Food Pantry and JML have partnered to have the food recovery program in our school. Each day in the cafeteria, students are encouraged to place their non-perishable food items they do not wish to eat in specially marked bins. Every other week, students in our autism program help sort the food into categories for the food pantry, and we have teacher and parent volunteers bring the food to the pantry's location.
Benefits to the Company & Benefits to the School:	Staff have used this partnership as part of One to the World units- one in which math students gathered data on the cost analysis of food waste and recovery, one in which students with autism practice their communications skills and collaborate with others outside of the classroom, and one in which all 7th grade history students connect food scarcity during the Depression to current needs in local society. This partnership has allowed our students to tackle authentic problems and help contribute in meaningful ways to their community.

Business:	Eastgate Orthodontics 5401 Eastern Market Plaza, #100 South Riding, VA 20152
Business Contact:	Dr. Anisa Omar, Owner
Phone:	703-542-6336
Partner School:	Little River Elementary School
School Contact:	Julie Gross, Principal
Phone:	703-957-4360
Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Eastgate Orthodontics is always eager to support Little River. Eastgate Orthodontics has graciously supported many Little River PTA events with financial benefits to offset costs of planning and hosting events as well as sending personnel to assist with set up, various aspects of the event, and clean up. Many of the school events are intended to promote community within the school allowing the families to become a more unified 'school family' while other opportunities are geared to promote academic enrichment opportunities. Dr. Omar not only supports these efforts and events but can often be found attending them as well. Eastgate Orthodontics also generously donated several Kindles to the school in order to assist with our reading initiatives and school goals. Eastgate Orthodontics has also been the sponsor for our PTA website.
Benefits to the Company & Benefits to School:	Eastgate Orthodontics is committed to the schools in its communities. They receive exposure and recognition through various means of school communication such as school newsletters, PTA e-blasts, morning announcements, school calendars, fliers, and Facebook posts to name a few. This partnership is very rewarding to Eastgate Orthodontics as the company truly enjoys 'giving back' to the schools in their communities in which it serves and places a heavy emphasis on playing a role in helping Loudoun County students achieve the best education possible. Little River Elementary is very thankful for the support and generosity that Eastgate has provided. Eastgate Orthodontics dedication and commitment to supporting the students by enhancing the school and PTA's financial fundraising capabilities and allowing the school to enrich the student's overall academic education and school experience through various activities, social events, after school clubs and recognition programs as well as ensuring they have the necessary equipment, supplies, and technology needed to be successful does not go unnoticed!

Business Contact:	Mr. Rafael Castro
Phone:	703-777-4127
Partner School:	Ball's Bluff Elementary School
School Contact:	Anabel Trinidad, Assistant Principal
Phone:	571-252-2880
Year Partnership Began:	2010
Description of School/Business Partnership Activity(ies):	Ball's Bluff Elementary has been partnering with Eggspectation since 2010. They have consistently supported our Positive Behavior Support System (PBIS) by offering our students incentives for their exemplary behavior. This year Eggspectation provides our students with a free cheeseburger coupon when receiving a citizenship award. They provide certificates for our teachers to acknowledge their efforts and dedication to the students of our community.
Benefits to the Company & Benefits to School:	The support that Ball's Bluff Elementary receives from Eggspectation bridges a relationship between school, family and community. Ball's Bluff Elementary benefits from this partnership by being able to recognize our students for their excellent citizenship with a free cheeseburger coupon. Their generous offer helps us build community within the school.

Business:	Eggspectation 1609 Village Market Blvd., Suite 105 Leesburg, VA 20176
Business Contact:	Rafael Castro, Manager
Phone:	703-777-4127
Partner School:	Harper Park Middle School
School Contact:	Meshelle H. Cary, Dean
Phone:	571-252-2820
Year Partnership Began:	2009
Description of School/Business Partnership Activity(ies):	The goal of the program is to promote a positive, enthusiastic educational climate for our school and our community, as well as assist in building bonds and string relationships among staff and students. Eggspectation provides incentives for our Positive Behavior Intervention and Support (PBIS) program as well as contributions for the Parents as Education Partners (PEP) meetings and other professional development and workshops. The company is an ever present support from the beginning of the year when staff first arrives on the campus to the very last day as we celebrate the culmination of another fantastic school year.
Benefits to the Company & Benefits to the School:	Eggspectation, which is highly visible and located within the borders of our school community, receives recognition for contributing not only to our school, but for supporting the schools efforts to provide enhanced student experiences, outreach to parents of underserved populations, increase positive school climate and support of high staff morale. Harper Parker acknowledges the contributions from Eggspectation at our community events such as PTA Family Bingo Nights, PEP (Parents as Educational Partners), faculty meetings, staff gatherings, school celebrations and professional development seminars held on campus. In addition to name recognition, Eggspectation's willingness to donate to our school helps create a positive climate and energy, and motivate our students to do their best in all aspects of the Harper Park climate. Our PBIS program recognizes students for doing great things with our staff recognizing students' positive contributions to the school atmosphere through acts of kindness and positive behavior. This gives a boost for our staff, while also assisting with the creation of a positive learning environment for our students. This year Eggspectation not only assisted with donations to our PEP meetings, but Mr. Castro, the manager, volunteered his time to be a presenter at one of the PEP meetings. He feels that this is so important that is he planning on returning as often as possible to assist with parenting outreach. This

meeting is essential to helping our Hispanic and non-English speaking community to feel welcome and increase motivation to become involved with the school on a consistent basis. After learning of the PEP program and its mission, Mr. Castro eagerly developed a menu to assist in sustaining the body as the school team helped develop the mind of our parents. Each year he eagerly awaits the dates of the events accompanied by the topics to be discussed, so that he can be prepared to personally involve himself in the sessions! In the past, Mr. Castro spoke to our parents about his journey of coming to America without the ability to speak English. He eloquently discussed in fluent English and Spanish the struggles he faced, the hardships and obstacles that he eventually overcame. Through hard work and determination he was propelled and motivated to be successful. He learned the language, developed a love for this country and has chosen to give back by sharing his life lessons with others. He continues to be an inspiration to the parents of our ELL students. HE is on a mission to promote responsibility, independence, self-awareness and motivation within our community of ELL parents. In the past Eggspectation has also been a vital part of our mentor program giving our students a day of celebration and fun. They have offered to assist with academics; currently our art department is working with the management to bring student artwork to the walls of the restaurant, showcasing the talent of our students. This form of recognition will certainly be a reward for the hard work and hours of time put in by our art students. It will also be an additional source of pride for the parents of the students whose work is chosen to be displayed. Since the first time in 2014 when our PTA reached out to Mr. Castro to sponsor a Harper Park spirit night to raise funds, the idea has been embraced and he signed Eggspectations up for two nights during the 2015-2016 school year. Each year Eggspectation sets the bar higher and higher in order to go above and beyond their commitment to Harper Park Middle School. Their assistance has given staff and students motivation and encouragement for their efforts. They are outstanding in providing and setting the stage in their establishment for our staff social gatherings. They provide the accommodations on their premises with an appropriate business atmosphere for our bi-annual administrative team professional development. Due to their willingness to provide a cost effective affordable option, Harper Park has been able to dedicate the financial savings to enrichment opportunities and various other means of student support within the building. We are always made to feel at home when we visit the restaurant. It's as if we were partners! The benefits for Harper Park far outweigh the benefits for Eggspectation, yet they continue to be a strong supporter of our school.

Phone:	703-863-5900
Partner School:	Liberty Elementary School
School Contact:	Paul Pack, Principal Diane Insari, Assistant Principal Nichole Thomas, TRT
Phone:	703-957-4370
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	ETA and Liberty Elementary School piloted the New DaVinci education program in 2015. For this pilot, Glynn and his partners co-taught with our 5th grade team using the New DaVinci quadcopters and 3-D printing curriculums. The New DaVinci program combines real-world coding of quadcopter drones, which each student was able to keep, and 3D printing of design modifications. The goal is for the New DaVinci program to become similar to “Hour of Code” as teachers will implement in classrooms across the world. ETA will also provide drones, Chromebooks and staff to facilitate a drone flight activity at Liberty’s 6th Annual STEMmerday on March 5, 2016 and consult on Liberty’s STEM presentations at ISTE 2016 and NAESP 2016. <a href="http://www.newdavinci.org/lcs-blog.html">http://www.newdavinci.org/lcs-blog.html</a>
Benefits to the Company & Benefits to the School:	ETA benefits from their partnership with Liberty by gaining the expertise and insight from licensed teachers on application in public school on the New DaVinci program. ETA is supported by major global corporations, who fund the drones that each child receives. ETA is developing the New DaVinci curriculum so that it is accessible to all students, regardless of disability, language, or support at home. Partnering with Liberty was one of three pilots nationwide for the New DaVinci program. Liberty will be the first school to implement the program with teachers leading the lessons, rather than being in a supportive role, in 2016.

School Contact:	Greg Welling, Social Science Teacher Terry Baker, Department Chair Heather Cox, Science Teacher
Phone:	571-434-4400
Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Engility has worked on rocket launches, the Mars Rover and the first in-flight refueling of an unmanned aerial vehicle. Supporting our clients in these advanced systems requires a renewable source of technical talent. Engility's Dwight Bues, Engineering Manager, is doing his part by partnering with Dominion High School in Sterling, VA. Volunteering with the rocketry and robotics clubs, his mentoring efforts this past school year enabled the Rocketry Club to compete in the Team America Rocketry Challenge and the VEX Skyrise robotics competition. Dwight presented to the students on systems engineering, helped club advisors build a business case, worked to secure funding and met twice a week with the robotics team to advise on designs and prepare them for competition. Representing TASC, and later Engility, Dwight's volunteerism and the company's willingness to support his efforts earned the company 'Business Partner' status with the high school. In recognizing Dwight and the support provided by legacy TASC during a meeting of the clubs earlier this year, Dr. John Brewer, DHS Principal, said, 'As we strive to help each of our Titans lead a life of significance, we are honored to benefit from the support of your professionals.'
Benefits to the Company & Benefits to the School:	Engility has developed a community relations program that promotes active employee volunteerism and a longstanding commitment to local schools and other organizations that improve the quality of life in our communities. Engility is a new member of

the National Capital Region STEM Council, which provides a forum for government, industry, nonprofits, academia and parents to promote STEM education and employment in the Washington, D.C., metropolitan area. The Council addresses issues related to professional development and partnerships, and driving STEM interest among fifth and eighth graders and minority groups. Dominion High School Robotics and Rocket Club members literally 'reach for the sky' as TARC engineers engage them in rocket design, build and test. Thanks to the efforts of the TARC engineers, students gain authentic experiences with science, technology, engineering and math (STEM). Through their interactions with experts in these fields students learn the professional and interpersonal skills of these trades. Rigor in the classroom is enhanced as the Engility volunteers help students make connections between rocketry and their science, math and technology curriculum. Students learn collaborative and cooperative skills as they work as a team to bring their rockets and robots into compliance with specified standards and test requirements. Competitions at the local and national level afford opportunities to interact with others who share their passion. It is fair to say that opportunities of this quality would not exist for DHS students without Engility's commitment of time and financial support.

Year Partnership Began:	2006
Description of School/Business Partnership Activity(ies):	Head Start celebrates the enthusiastic partnership that has grown over the last ten years with Falcons Landing, a local retirement community owned and operated by the Air Force Retired Officers Community. Novella Whitehead, the community outreach volunteer at the time, telephoned Head Start with the possibility of having residents of Falcons Landing read in our classrooms. A connection was instantly made! This year, nearly twenty Falcons Landing residents visit five of our six classrooms! This means that there is a reader and play partner in these five classrooms nearly every day.
Benefits to the Company & Benefits to the School:	The residents of Falcons Landing enjoy the relationships they form with the three and four year old students. This inter-generational experience of reading and playing together is incredibly valuable for both adults and children. The students not only gain experience in interacting and building relationships with the senior community members but also enjoy the benefits of being read to on a regular basis and having adult play partners.

Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	The Backpack Program was developed by to help provide meals to children that may not otherwise eat on the weekends. Many students, who depend on free and reduced meals provided by the school, often do not have food for the weekend. In response to this need, the Backpack program was developed to provide ongoing help to feed these children in our very own community.
Benefits to the Company & Benefits to the School:	The backpack program is a wonderful way for Fitwize to give back to the Ashburn community and provides a community service opportunity for its students. The packing is completed on a weekly basis, during Fun Friday, so the kids can be directly involved and have a significant impact on the lives of children who are in need. Ashburn Elementary students benefit from the backpack program tremendously. This outreach program helps to meet a basic need of our students over the weekend when they may not be able to get meals at school. We believe that a healthy and well-fed child is available for learning and more able to meet challenges during the school day. We are very grateful for the kind and thoughtful service that Fitwize provides for our students.

Partner School:	Sanders Corner Elementary School
School Contact:	Maureen Cura, Librarian Mike Jacques, Principal
Phone:	571-252-2250
Year Partnership Began:	2007
Description of School/Business Partnership Activity(ies):	<p>We have been working with Fuddruckers for several years beginning with restaurant nights where the restaurant gives back a percentage of sales on a particular night. Then we invited Jeena (one of the owners) to participate on our School Improvement Steering Committee. She not only participated, but brought new and innovative ideas. Seven years ago she heard about our I Read to the Principal program and wanted to know more about how SHE could help. She came up with the idea to have a book drive to help support the program. We have now held five VERY successful September book drives at her Fuddruckers. Everyone benefits as the community enjoys the fellowship of eating and meeting together, the school as a whole benefits as Jeena brings great ideas to the School Improvement process and the students benefit as they each receive a brand new book to take home. We all know how important reading is as a life skill and our school goal is to aim for 100% of our students reading at grade level. Jeena has discovered a way to form a partnership between her local business and the school with the goals of increased student achievement as well as building strong community relations.</p>
Benefits to the Company & Benefits to the School:	<p>Fuddruckers is well known to the community and they have restaurant nights. The PTA receives financial help from the restaurant nights and the families enjoy the chance to see their friends, neighbors and staff members. The students benefit from the books donated to our I Read to the Principal program. Their goal is to continue to put books in the hands of our students. The program involves children going to the principal's office throughout the year and reading to the principal. After reading to the principal, they get an "I Read to the Principal" pin, they have their picture taken and it is hung outside the principal's office, and they choose a brand new book to keep as their own. It is such a great opportunity for children to read one-on-one and have that self-esteem and confidence of reading with and for a friend and an adult.</p>

Year Partnership Began:	1999
Description of School/Business Partnership Activity(ies):	GW Virginia Science & Technology Campus (VSTC) provides wide ranging experiences and resources to the students and teachers of LCPS.

Science Technology and Engineering Day: This partnership, launched in 2007, captures students' imaginations while teaching them about STEM related career opportunities. Over 150 LCPS high school students spend a day annually on GW's campus experiencing hands-on workshops designed to illustrate different areas of academic study, research, and careers in the fields of science, technology, and engineering. Participating GW Schools include: the School of Engineering and Applied Science, School of Medicine and Health Sciences, School of Nursing, Milken Institute School of Public Health, Columbian College of Arts and Sciences and the College of Professional Studies.

Teachers in Industry Project: Started in 2009, GWTIP is an initiative to provide middle and high school core content teachers the opportunity to experience firsthand the work environment for which they are preparing their students. Externship experiences at top regional businesses allow teachers to become aware of the core knowledge and skills needed to be successful in the STEM-focused 21st century. The program is supported by many local industries.

## 2016 Partnership Profiles

including Aol., GeoConcepts Engineering, Inova Loudoun Hospital, Integrus Holdings, Loudoun Water, Loudoun County Government, MWAA/Dulles International Airport, Neustar, REHAU, and Telos.

Genomic Opportunities for Girls in Research Labs (Go Girls): An educational outreach program designed to provide a unique opportunity for young women interested in gaining hands-on laboratory experience in molecular biology and genomics. This annual four-day summer program which launched in 2009, is a joint effort between The George Washington University and Shenandoah University's Bernard J. Dunn School of Pharmacy and LCPS Department of Science.

Young Artist Series: For over 15 years, the Campus has provided an exhibit space that features LCPS student art year round. The VSTC hosts "meet the Artist" receptions to honor the student artists and teachers. The partnership developed to further encourage young people to pursue artistic endeavors and to help support the fine arts program in the local schools. In 2016 will host the LCPS Scholastic Art Gold Key Exhibition, a juried show for students in grades 7-12.

The VSTC also annually supports the Young Scientist Awards presented at the LCPS Science Fair and provides access to space and support facilities for school retreats and teacher professional development.

Benefits to the Company &  
Benefits to the School:

The benefits of Loudoun County Public Schools partnering with GW Virginia Science & Technology Campus are incalculable. STE Day and GO GIRLS give students a unique opportunity to interact with professors and graduate students in STEM fields. The Young Artist Series provides public recognition of LCPS art students and art education faculty. *Teachers in Industry* is a wonderful opportunity for teachers to experience the work environment for which they are preparing their students. Externship experiences allow teachers to become aware of the core knowledge and skills needed to be successful in the STEM-focused 21st century workforce. GW Virginia campus benefits by demonstrating a core value of active engagement and participation in the local community.

Description of School/Business Partnership Activity(ies):	Round Hill has been in partnership with Great Country Farms since 2006. Over the past 9 years Great Country Farms has generously provided Round Hill with kettle corn for various school events, free passes for our silent auctions, professional support for our “Green Team”, as well as offering the use of their farm's facilities in order for our staff to conduct team building and professional development activities.
Benefits to the Company & Benefits to the School:	Round Hill Elementary School has benefited greatly from our partnership with Great Country Farms. Through their donations of free farm passes, food, seeds and field trip opportunities, our staff has been able to provide students with excellent and exciting educational activities. The free use of their facilities has also given our staff a unique out of school location in which to collaborate about how they can better serve our student body. We also look forward to utilizing their professional insight and support as Round Hill establishes a student “Green Team” with a primary focus on growing a garden. We cannot thank Janell and Bruce Zurschmeide, and Great Country Farms enough for their very generous donations and for their support of our students. Great Country Farms continues to thrive here in Loudoun County and because of this they are eager to give back to the local community. Through their support of the local schools, Great Country Farms can directly impact our nation's most valuable resource, the children

Description of School/Business Partnership Activity(ies):	The Gum Spring Library has allowed our students to display class projects and hold an exhibition at their facility, and they have partnered with our library to bring current authors to speak to our students as well as have an extensive check-out policy on their materials.
Benefits to the Company & Benefits to the School:	Students at JML love to read! The partnership with the Gum Spring Library fosters that passion and instills in students the desire to increase literacy skills. In addition, our sixth grade history students recently held a One to the World exhibition at the library, promoting the lasting impacts of Native American culture in today's society. The library helped communicate this exhibit to its members, and the event was widely attended and applauded- the students felt very professional in their public setting. Gum Spring library allowed kids to have a public display of their content knowledge, while being connected to folks outside of the classroom- truly enveloping the tenants of One to the World!

School Contact:	Michael Jacques, Principal Mollie Wilson, School Counselor Lynn Belcher, Parent Liaison
Phone:	571-252-2250
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	A few years ago, Sanders Corner ES started a weekend meal program for some of our economically disadvantaged students. We found a community sponsor that provided the food packings, and we distributed them. We called it Backpack Friends. However, as the number of economically disadvantaged students grew both in our school and the other schools in the county that our sponsor supported, our sponsor was no longer able to meet all of our students' needs. Last fall Hair Port Salon began collecting money for our Sanders Corner ES Backpack Friends without really knowing if it would work. The results were fantastic! We have been able to feed all of our students who need this program with full packings of 2 breakfasts, 2 lunches, 2 fruits, 2 snacks and 2 juices each weekend. With their generous support, we are able to double up for long weekends and holiday breaks. We know we can feed the students in need at our school. This year, the program was expanded through three separate fundraising events, thanks to Hair Port. During two of the fundraisers, clients that brought in 12 or more food items received eight dollars off of their service. The non-perishable food items that were collected included individual cereal, pop tarts, breakfast bars, small cans of tuna, chicken, macaroni and cheese, individual fruit cups, and 100% fruit juice boxes. In late October, Hair Port conducted a "CUT-A-THON" that included a silent auction, bake sale, and selling of raffle tickets for great prizes. All of the proceeds were donated directly to our Backpack Friends Program at Sanders Corner.
Benefits to the Company & Benefits to the School:	We note their donations in our newsletters to families. We believe their customers enjoy having this way to give back to the Ashburn community. Also, a thank you poster was created by the staff at Sanders Corner and sent for display at Hair Port. Our children have food on weekends. As we know, children who are not struggling for food are better able to learn and thrive.

Partner School:	Hamilton Elementary School
School Contact:	Mary Balderson, Parent Liaison Kelly Meisenzahl, Principal
Phone:	540-751-2570
Year Partnership Began:	2012
Description of School/Business Partnership Activity(ies):	For many years, the Harmony United Methodist Church (UMC) has generously given of their time and resources to provide for the children and families of Hamilton Elementary School. This year they established a "Giving Tree" for our families. The congregation took the ornaments and fulfilled the wishes of a needy family and assisted in providing items for other families as well. The Church also facilitates our "Backpack" program. Nine families are provided food each week including breakfast foods, fresh fruit, applesauce, and various snacks for the children. The success of these endeavors can be attributed to our school parent liaison, and to our business partners Amy Beckwith, the contact person for the church and Christie Greenland, a local Hamilton community member, she volunteers her time each week to help shop for and packs the backpack items.
Benefits to the Company & Benefits to the School:	Founded over 175 years ago, The Harmony UMC is located in Hamilton and has a long tradition of serving the local community and the Purcellville area as a mission-focused church. They have many programs to provide meals, support the homeless, and to help families who are experiencing difficult times. Each fall the youth group holds a food drive to provide Backpack meals for the students at Hamilton. The food drive supports this local program and is one of the many outreaches that fulfill the church's mission. Every student starts the day better with a good breakfast and given the price of cereal and fresh fruit, this is not always an option. A child with a full stomach performs better and can focus on the task at hand. Receiving gifts of warm clothing and needed items at Christmas benefits our families who otherwise might not have a holiday. These programs help to foster The Hamilton school atmosphere of caring and support.

School Contact:	Duke Butkovich, Parent Liaison
Phone:	571-434-4412
Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Help 4 Our Children is an organization that is committed to giving all children in Loudoun County the opportunity to thrive. Established as a grant-making entity, Help 4 Our Children focuses on meeting the nutritional and educational needs of our children by matching organizations offering food and supportive services with additional financial resources to help vulnerable children. Help 4 Our Children awarded a grant to On the Shoulders of Giants, our after school study program whose mission is to support the academic success of our vulnerable learners.
Benefits to the Company & Benefits to the School:	Help 4 Our Children strives to partner with organizations that support the success of our county's under-resourced children by providing access to education and nutrition. Help 4 Our Children's contributions to Dominion High School empower the organization to fulfill its mission. The partnership with Dominion High School has enabled Help 4 Our Children to unite with a program that shares their commitment to providing healthy, nutritious meals and educational assistance that supports the success of vulnerable learners. Through the financial support of Help 4 Our Children, Dominion High School is able to provide dinner every Thursday for students who attend On the Shoulders of Giants. Many of these students would otherwise not have a meal after school because they go directly to work or to fulfill other family responsibilities immediately after attending our study program. The funds are also used to provide meals to students in need throughout the week. We appreciate Help 4 Our Children's assistance as it enables us to meet the needs of some of our most vulnerable students.

School Contact:	Dr. Clark Bowers, Principal
Phone:	703-957-4390
Year Partnership Began:	2010
Description of School/Business Partnership Activity(ies):	Holloway Company and Mr. Ted Tidmore have generously supported Arcola Elementary School during the past five plus years. The company has helped with significant landscaping projects that include our Butterfly Garden and a courtyard waterfall. They have also designed and landscaped the area around our flagpole, and in 2015, they designed and built a beautiful sign for the entrance of our school. The entire company has been supportive of our entire school community.
Benefits to the Company & Benefits to the School:	Mr. Tidmore and Holloway have been very gracious in their continued support of Arcola Elementary. Their workmanship is outstanding and they are always willing to support the “next project” As a company, the benefit from the recognition provided to our community and the projects they design and build will forever be visible and an aesthetic benefit to our school and students. As a school, we benefit because Holloway will frequently cover the cost of labor and they have also donated supplies. Our students benefit because the butterfly garden will grow into an outdoor science lab and the projects enhance the climate for all. Finally, our community benefits because they take great pride in their community school and the expertise and skill provided at a reduced cost by Holloway allows us to continue to fund more projects that support our school education and community partnership goals.

Partner School:	Liberty Elementary School
School Contact:	Paul Pack, Principal Diane Insari, Assistant Principal Anne Corej, PTA President
Phone:	703-957-4370
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Huntington Learning Center was a major sponsor of Liberty Elementary Laps for Liberty Fundraiser, which was entirely planned and run by staff and our PTA. The fundraiser was able to generate money for resources that our children will use this year and beyond, including technology, textbooks, STEM supplies, reading materials, and resources for accommodations for students with special needs. Huntington Learning Center contributed a generous donation used toward the purchase of Laps for Liberty t-shirts for each of the 1000 students. Huntington Learning Center also provided a wonderful staff luncheon for our teachers during August professional development days.
Benefits to the Company & Benefits to the School:	The benefit for Huntington Learning Center and Liberty was creating a professional and open relationship between our instructional staffs. Serving common students, this relationship opened up dialogue for continuity of learning from one setting to another. Also, our relationship provides exposure about the resources at Huntington Learning Center for our families and staff. Liberty benefitted from Huntington Learning Center's generosity by having the most successful fundraiser in school history that promoted teamwork, school pride and physical fitness.

Partner School:	Mill Run Elementary School
School Contact:	John Cornely, Principal
Phone:	571-252-2160
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	This is Mill Run's first year partnering with Huntington Learning Center. The learning center was very generous by donating funds towards our Student Agenda Planners for use by our students on a daily basis, and acts as an important communication tool between our teachers and parents. In addition, Huntington is helping us implement a new Teacher of the Month Program, whereas teachers nominate their peers each month for their special contributions and superlative efforts towards creative and better learning. Huntington is providing generous gift cards each month for the teacher selected.
Benefits to the Company & Benefits to the School:	Huntington Learning Center benefitted from partnering with Mill Run by giving back to the community they serve, and by gaining new clients due to the advertising of their company on the agenda's back cover. These agendas presumably are seen by parents and students every day. Mill Run benefitted from this partnership with Huntington by their generous donation towards the purchase of the planners. The planners were distributed to our students at no cost to them and it serves as an aid for time and task management. The planner empowers our students with personal responsibility and accountability. In addition, the new Teachers of the Month program provides our teachers with a nice incentive and reward for going above and beyond normal expectations. We truly appreciate this partnership.

School Contact:	Ross Armstrong, Assistant Principal Janice Simpson, Bookkeeper
Phone:	571-252-2800
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Heritage High School hosted a "Drive for Your School" Event in September in partnership with Jerry's Ford. The school community was invited to come and test drive a new Ford vehicle (including two Mustangs!). For each test drive, Ford Motor Company donated a set amount to the school. Jerry's provided the staff for the test drive and the vehicles, and Heritage helped by getting the word out! Heritage Drama even held a bake sale. Those who came to try a new car said they enjoyed the relaxed atmosphere for the test drive.
Benefits to the Company & Benefits to the School:	For each test drive, Heritage received a donation. Heritage used the money raised to purchase computers to help personalize learning for some of our students through a blended and online approach to instruction. Ford and Jerry's Ford received publicity to get their brand and products in front of more people, and staff from Jerry's made connections with community members who may be interested in purchasing a new vehicle.

Partner School:	Dominion High School
School Contact:	Jaclyn Smith, Director of School Counseling
Phone:	571-434-4412
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	Kaplan provides SAT and ACT test prep courses for students at Dominion High School. Kaplan has provided Dominion High School students with a discounted fee for test prep courses offered at our school and a free online test prep resources for all students. In addition, Kaplan has provided over 20 vulnerable students with a free SAT or ACT prep course this year.
Benefits to the Company & Benefits to the School:	Kaplan's mission is to assist students in achieving their educational and career goals. Through their test preparation services, Kaplan seeks to provide students with a competitive edge in their pursuit of higher education opportunities. The partnership with Dominion High School empowers Kaplan to fulfill their mission. Approximately 93% of our students choose to pursue higher education at a college or university upon graduation. The SAT or ACT is required for admission to most 4-year colleges and universities. Many of our students are concerned about being prepared for the SAT or ACT and would like the confidence they gain from participating in test prep courses. The partnership with Kaplan has provided all of our students with an opportunity to receive free online SAT and ACT test prep resources. In addition, the partnership has provided a more convenient option for our students as the courses are held in the evenings in our classrooms. Most importantly, the partnership with Kaplan has enabled over 20 of our vulnerable learners to take a test prep course. All of these students would otherwise have not been able to participate due to financial hardship. This has empowered our vulnerable learners who benefited from this partnership to be better prepared for competitive college admissions.

Partner School:	Dominion High School
School Contact:	Jaclyn Smith, Director of School Counseling
Phone:	571-434-4412
Year Partnership Began:	2003
Description of School/Business Partnership Activity(ies):	Kids R First is a non-profit organization founded with the mission to support less fortunate students in northern Virginia as they progress through the area's public schools. Kids R First annually donates tens of thousands of school supplies to local schools in Loudoun and Fairfax counties. More recently, Kids R First has worked with Dominion High School to pilot a program that supports needy students as they pursue post-secondary study. This initiative involves additional financial contributions to local high schools, who, in turn, provide payment for college applications, college entrance exams, textbook purchases, and more. These resources make it possible for many students to attend college who would otherwise not possess the monetary resources to do so.
Benefits to the Company & Benefits to the Company:	Kids R First's sole purpose for existence is to support student achievement and to create hope and aspiration for the future where it does not already exist. Their contributions to Dominion High School empower the organization to fulfill its mission. The partnership with Dominion High School has empowered Kids R First to experiment with their college support program with the help of a partner which shares their commitment to the success of less fortunate students. Dominion High School students and staff members occasionally support marketing efforts of Kids R First as they introduce their programs to prospective benefactors. School supplies donated by Kids R First provide for the needs of hundreds of students whose families qualify for free or reduced lunch or who have fallen upon difficult financial circumstances. Kids R First also supports Dominion students with their college needs. They have helped students pay for college application fees and SAT, ACT and TOEFL tests for college admissions. These efforts help remove all the barriers a student may face in the college process. Over the last eleven years, Kids R First has contributed over \$20,000 to help Dominion High

Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	In the spring of 2014 when Kravitz Orthodontics was preparing to open their new location in the Loudoun One plaza, their business manager Susan Van Kleeck reached out to Countryside Elementary to see how they could get involved and help out our school community. After meeting with Mrs. Van Kleeck, Kravitz Orthodontics cut our school a check right then to pay for our school agendas. Kravitz has sponsored our school agendas for the past two school years. They will again be sponsoring the agendas for 2016-2017 school year. We look forward to working with Kravitz in the future on other fundraising efforts and appreciate their support of our school community thus far.
Benefits to the Company & Benefits to the School:	The advertising benefits Kravitz Orthodontics gets from being our agenda sponsor is that their companies full page ad reaches 700 students homes each and every day with Dr. Kravitz smiling face on the back cover of every student agenda. These agendas are used in grades 1-5 every day and go home daily for parents to see, giving Kravitz a corner on the orthodontic market in our school. In partnering with Kravitz Orthodontics, Countryside has reaped the benefit of having the student agendas paid for thus freeing up money to put towards other classroom and teacher supplies. We also have a business partner that is willing to help get involved in other school fundraising efforts and we look forward to building a bigger and stronger business partnership with Kravitz in the future.

Partner School:	John Champe High School
School Contact:	John Gabriel, Principal
Phone:	703-722-2680
Year Partnership Began:	2011
Description of School/Business Partnership Activity(ies):	<p>Simply put, Dr. Kravitz is the face of the business community in the Dulles South area. Dr. Kravitz subsidizes high-quality student agendas, instructional materials, teacher supplies, luncheons, clubs, and numerous after school activities; he contributes to athletics, Fun Runs, charity fundraisers at the school, festivals, parent nights, the PTSA, book clubs, holiday events, dances, Teacher Appreciation Week, and academic scholarships. What is even more incredible is that Dr. Kravitz does not wait for schools to contact him; rather, he reaches out to the schools and asks, "What else can I do to help?" His support of schools and education is unparalleled. But Dr. Kravitz's help is not limited to just the schools: he supports the entire community, which in turn has a positive impact on our students and school. For example, Dr. Kravitz is a sponsor of Dulles Youth Sports, Loudoun South Eagles Baseball, South Riding Little League, South Riding Challenge Soccer, Loudoun South Soccer, Old Dominion Football Clubs, South Riding Stingrays, Froggers Swim Club, Stone Ridge Sharks Swim Club, Pleasant Valley Pirahanas, Dulles Storm Lacrosse, CYA, SYA, South Riding Dance, Mercer Girls Basketball, and Lunsford Middle School iBots. In addition, he also gives support to Loudoun County Fire and Rescue and the State Troopers. Not many business partners can provide the level of support that Dr. Kravitz does and that is not just a reference to the level of his financial assistance. Instead, Dr. Kravitz takes it one step further: he is involved in the schools and the lives of our students as well. Writing a check is one of the easiest acts of a business partner, but Dr. Kravitz goes beyond that by attending school plays, athletic events, fundraisers, awards ceremonies, and even hosting events at his office.</p>

Description of School/Business Partnership Activity(ies):	From the beginning of Rock Ridge High School, Dr. Kravitz and Kravitz Orthodontics committed to multiple start-up activities and community-building activities. Dr. Kravitz is a primary contributor to Flight Day which was the introductory open house for Rock Ridge High School. Our students decorated and lunch was provided with the support of Dr. Kravitz. Dr. Kravitz provided school supplies and was the sole contributor of the student agenda app. Our parents rely on the agenda as a primary communication source in monitoring their student's progress in all subject areas. In addition, Kravitz Orthodontics contributes to the RISE character award provided to outstanding student leadership. He awards 4 \$500.00 prizes which are awarded at the end of the year full-school assembly. Kravitz Orthodontics is a powerhouse contributor to both the Dulles South and Dulles North schools and consistently goes far beyond expectations.
Benefits to the Company & Benefits to the School:	Dr. Kravitz benefits from advertising and promoting his already successful orthodontics office. His office has gained many teacher, parent and student patients as a result. Our school has benefited from this partnership in countless ways. Dr. Kravitz provides a model for ethical business practices.

Year Partnership Began:	2012
Description of School/Business Partnership Activity(ies):	Kravitz Orthodontics opened up our school year at Rosa Lee Carter Elementary with a generous donation; supplying all students with agendas. Even after their donation of school agendas, Kravitz was still asking how else they could support our school. Understanding how schools may not always possess the same areas of need; Kravitz's team took the time to meet with our school administration to discuss these specific areas and current school initiatives. Careful consideration was given to Rosa Lee Carter and through ongoing communication, Kravitz Orthodontics continued to support Rosa Lee with multiple school-wide events, such as covering the cost of a DJ for the PTO's first Glow Dance.
Benefits to the Company & Benefits to the School:	The school has experienced many benefits of having this existing partnership with Kravitz Orthodontics. Our students are able to use high quality agendas which support student organization and parent-teacher communication. School events are also supported with donations made by Kravitz. In return, Kravitz benefits from additional advertising. Kravitz advertisements are on the back cover of the agendas and the Kravitz staff will wear logo shirts while supporting our various school events.

Description of School/Business Partnership Activity(ies):	Sycolin Creek ES opened September 2007. To help parents, students and staff get to know each other and begin to form a positive learning community, Layng's closed to the public and hosted our new school. It was a wonderful event which included lots of activities for the students and meeting and greeting time for the adults. Currently, Layng's supplies and installs, and maintains colorful and visually appealing plants to create beautiful flower boxes that are located at the school's entrance. Layng's willingness to become an active part of our school community has provided a positive and active relationship.
Benefits to the Company & Benefits to the School:	Layng's Flower Farm continues to be recognized for its support of Sycolin Creek in school and PTA newsletters. As our business partner, Layng's has offered Educational resources to our students by providing SOL compliant tours and workshops. Layng's continues to work with us to landscape our grounds. In previous years, Layng's also donates over 100 poinsettias to the staff as a holiday gift. This generous act of kindness certainly helps add to the climate of the school. Through the activities provided by Layng's, the school community has joined together to provide the students with a warm and trusting support system.

Partner School:	Rosa Lee Carter Elementary School
School Contact:	Ann Hines, Principal Lindsay Orme, Administrative Intern
Phone:	703-957-4490
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	LMI provided a total of 9 laptops to support the Bring Your Own Technology program in two of our 5th grade classrooms. Working collaboratively with one of these 5th grade teachers, T.J. Hunt at LMI configured the 9 laptops with Windows 7 operating system, Chrome Browser and Adobe Acrobat. The additional laptops helped support students without a device and allowed more flexibility with limited school resources.
Benefits to the Company:	As a BYOT school, students with devices at home are able to bring them to school for academic use. This is not a requirement for students, as not all students have devices to bring in. Therefore, the additional laptops from LMI helped to provide devices for use at school in BYOT classrooms if a student did not have one of his or her own to bring in. For the LMI, they are able to put their old computers to good use. Instead of disposing of these computers in a landfill, LMI is able to share outdated and unused equipment in an environmentally and educationally friendly way with our students at Rosa Lee Carter.

Description of School/Business Partnership Activity(ies):	Students at Woodgrove High School have partnered with the national agricultural literacy program sponsored by Farm Bureau. CTE students with the guidance of Mr. Kevin Copley have constructed over 15 barn shaped book cases for the county Elementary Schools. These bookcases are then filled with over \$250.00 of books generously donated by the Loudoun county Farm Bureau. Loudoun Lumber has aided this project by providing wood, supplies, paint and encouragement.
Benefits to the Company Benefits to the School:	Agriculture and Science go hand-in-hand. This project would not be as rewarding nor show a community commitment to the education of our students without the support of businesses like Loudoun Lumber. This exceptional project is providing a hands on learning experience for the students while also encouraging reading.

Business:	Loudoun Valley Floors Purcellville, VA 20132
Business Contact:	Steve Jacobus
Phone:	540-338-4300
Partner School:	Seldens Landing Elementary School
School Contact:	Tracy Stephens, Principal
Phone:	571-252-2260
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	<p>Seldens Landing Elementary School began a school-business partnership with Loudoun Valley Floors in June 2015. The partnership was initiated when owner, Steve Jacobus donated Floors and bound carpets to our school. Steve's donation improved safety by keeping floors dry during inclement weather. Floors installed in the foyer makes our school appear warm and welcoming and also helps us "stop dirt at the door." It may seem like a small thing, but carpeting in the foyer helps create a healthier environment for our school community. The partnership with Loudoun Valley Floors didn't stop with a donation of Floors and carpets. Steve also responded with a big "YES" when we asked Loudoun Valley Floors to sponsor our Battle of the Books program. Seldens Landing Elementary school began a new program for fifth grade students to engage them in independent reading in and outside of the classroom. Battle of the Books helps instill a love of reading in all of our students. Students read books and come together to demonstrate their abilities and test their knowledge of the books they have read. Competitions are held that are similar in style to the TV series Family Feud and Whiz Kids. To participate in the Battle of the Books the students are required to read from a list of books for students in grades 4-6. The students will compete against teams from Seldens Landing. In June there will be a final round between the top two teams from the preliminary rounds.</p>
Benefits to the Company & Benefits to the School:	<p>Loudoun Valley Floors benefits from the partnership by forming a positive relationship with the Seldens Landing school community. This relationship helps promote their business and demonstrates the positive contribution the company makes to the school and community. Sponsorship from Loudoun Valley Floors allowed our school to purchase a Battle of the Books membership, coach's kit, books, t-shirts for the participating students, certificates for participants, and prizes for the winning team. The total costs for these supplies was \$750.</p>

Year Partnership Began:	1999
Description of School/Business Partnership Activity(ies):	<p>Honestly, they look like elves. It is Friday evening and exactly two weeks before Christmas and they are scurrying around our school cafeteria and laughing and joking with Holiday music in the background. But they are wearing purple! Even though they are working hard, at first glance you would think that they are simply a group of friends enjoying each other's company--and really they are. They are the Lovettsville Lions in their trademark purple polo shirts and they are packing food - a total of 156 decorative holiday bags full of groceries for Lovettsville and Woodgrove families. They have a system, efficient and refined, after years of experience with this same task, and the conversation and banter is lively. Once all the bags are assembled and every item is accounted for, the Lovettsville Lions pose for a group picture with hugs all around. Since I began at Lovettsville Elementary in 1999, and probably before that, the Lovettsville Lions have had an integral role in helping meet the needs of our school families. The holiday food program is just one of those ways. Some others include; Financially supporting our Parent teacher Organization Programs with a focus on reading-Volunteering at our school events just to lend a hand "Have a Heart Valentine Party," Fine Arts Fair, Bingo, Oktoberfest Pancake breakfast, etc. End of year monetary awards to Most Improved student in each class. On-going food collections and support of the Western Loudoun Food Pantry which serves our families. -Annual Teacher Appreciation Dinner for the staff of Lovettsville Elementary-We gather for this festive event at the local Game Club every April. Bonnie's Country Kitchen serves their famous fried chicken (Bonnie comes to the dinner, too!) and members of the Club bring appetizers, side dishes and desserts. The teachers always have a song or musical performance created by our music teacher, Mrs. Stillman. The words</p>

## 2016 Partnership Profiles

have a sincere message of thanks and gratitude.

Benefits to the Company &  
Benefits to the School:

The Lions Club motto is “we serve” and they do so with energy and compassion. Nothing makes them feel as fulfilled as knowing they are meeting needs. I think the Lions' members would say that working with the school has given them opportunities to be genuine partners; instead of just being our benefactors, they know us and we know them and we work side by side to help our students and their families. Benefits to the School: Besides the list above, the Lions' financial support has been significant and enabled us to do things we could not have otherwise done. Their generosity is consistent and comes from a deep caring and devotion to our community. Every two months they send a check for our Helping Hands Fund to be used to assist families. Lions are known internationally for their commitment to preserving vision and they have assisted many Lovettsville children by providing for free eye exams and glasses for our families that can't afford to do so. The Lions Club respects and understands confidentiality. A few years ago, the Lions surprised me by making me an Honorary Lion. So this past December I was proud to be one of those elves packing food with them in my own purple shirt. Our partnership is a win /win relationship; we both profit in meaningful, substantial and also, intangible ways and we share a concern for our community. In truth, we are friends who care about each and that's the best kind of partnership to have.

Phone:	703-421-5844
Partner School:	Horizon Elementary School
School Contact:	Jennifer Ewing, Principal Holly Buehler, Bookkeeper
Phone:	571-434-3260
Year Partnership Began:	2011
Description of School/Business Partnership Activity(ies):	Majest Martial Arts in Sterling VA has been a big supporter of Horizon Elementary School's annual multicultural night the past four years. They would bring their students to do an exhibition performance. Students, parents and staff are captivated by the discipline and expertise performed by students in the craft of martial arts. Majest brought exchange students from Korea to do an all school assembly. The visiting students were given an opportunity to visit classes and participate in lunch. It was a great experience for all. Majest has also provided transportation assistance with the 2015-2016 Donuts with Dads as a shuttle service at no cost to the school. This was a tremendous help to aid with the need for more parking.
Benefits to the School & Benefits to the School:	The assistance provided by Majest has been greatly appreciated. It has benefitted the school programs while also earning funds for the Horizon PTA. The only request that Majest has made when performing for the Multicultural Event was to permit solicitation for parents to pick up if desired. This year when Majest provided the shuttle service for the Donuts with Dads event the only request was to solicit flyers to visit their establishment at a discounted rate for an evening; but all earned proceeds were returned to the PTA. The established relationship has been beneficial to the students, parents, staff, community and Majest Martial Arts business.

Business Contact:	Jack Azur, Owner
Phone:	703-669-4020; 703-732-4325
Partner School:	Riverside High School
School Contact:	Doug Anderson, Principal Matt Oblas, Athletic Director
Phone:	703-554-8910
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Jack Azar, Manhattan Pizza owner, was the first person to reach out to the newly named Riverside school administration. Well before the school ever opened its doors to students, he became the first business to financially support the school. His support did not stop then. Manhattan Pizza has made significant donations to our staff summer retreat, new student orientation, and coaches meetings. In addition to the frequent delicious food contributions, Jack Azar outfitted almost the entire stadium and gymnasium concession stands. He provided high quality equipment and supplies, which have allowed the athletic department and athletic booster club to thrive. Equally as important, Jack has been hands-on and can frequently be found in the concession stand maintaining the equipment and often volunteering his time to serve customers. Manhattan Pizza has been a consistent partner since day one, for which Riverside High School is grateful.
Benefits to the School & Benefits to the School:	Riverside staff, students, and community have all enjoyed the frequent Manhattan Pizza food at meetings, retreats, and athletic contests. Manhattan Pizza not only provides the food, but they provide first class service for each of these events. Since Manhattan Pizza provided so much concession stand equipment, the athletic booster club was able to focus its financial resources on other projects that directly benefit students. Jack Azar has been active in finding ways to increase community attendance at athletic events, often providing free food for attendees. Manhattan Pizza has been a mainstay in the Loudoun landscape for many years, supporting other schools as well. Many Loudoun students find their first employment at one of Manhattan Pizza's seven (soon to be ten) locations throughout northern Virginia.

Business: Market Table Bistro  
13 East Broad Way  
Lovettsville, VA 20180

Business Contact: Chef Jason Lage  
Rebecca Dudley

Phone: 540-223-3008

Partner School: Smart's Mill Middle School

School Contact: Kathleen Luckett, Assistant Principal

Phone: 571-252-2030

Year Partnership Began: 2015

Description of School/Business Partnership Activity(ies): Chef Jason Lage and Rebecca Dudley have invested their time and talents to meet with students in the Family and Consumer Science classes at Smart's Mill Middle School to demonstrate and teach students critical skills in food preparation, guests' services, the importance of investing in local farms and community businesses, and required efforts to establish a new business. Both of these community partners have worked in the classrooms at Smart's Mill Middle School at two grade levels in an effort to mentor students by directly presenting lessons on four days this past semester, with the possibility of working with our eager students more days in the coming months. They have purchased food for the students to use in these learning ventures. Chef Jason and Rebecca Dudley have donated twenty-eight vegetable peelers to our classrooms, which are being used in food preparation lessons on our campus. The mentors are responsive to questions and dialog with the students about possibilities with recipes and menus. The owners of Market Burger and Market Table worked with approximately 100 students teaching them hands-on experience with culinary knife skills. They are planning on working with the students in a Top Chef experience within each eighth grade class. Our seventh graders work with these advisors to provide relevant real world experiences in the Smart's Mill Middle School version of Cupcake Wars.

Benefits to the School & Benefits to the School: Chef Jason Lage and Rebecca Dudley have a passion for their work and enjoy sharing this enthusiasm with our students. The owners are gratified by the positive reception and are eager to support student

learning. There is excitement about the future opening of a restaurant in Leesburg where students with their families may dine out and meet the owners in this new establishment. The students at our school have expressed desire to work with Chef Jason and Rebecca Dudley in this new endeavor in order to learn more about restaurant operations including: Food preparation, meeting the needs of guests, working with local farms and community business, and establishing and owning a new business. There are plans for a long-term relationship with Chef Jason and Rebecca Dudley. Benefits of the Partnership to the School: Smart's Mill Middle School is extremely appreciative for the opportunity to partner with Chef Jason and Rebecca Dudley in their efforts to support student learning through authentic experiences through our One to the World ventures. The prospects for future employment along with the experience of working with real chefs offer our students a meaningful experience in restaurant operations and entrepreneurship.

Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Eddie and Sonya Mason generously agreed to provide an inspirational and motivational welcome address at our schools back to school bash which was an outdoor style picnic celebration. Our PTA met with both of them to discuss our vision for where we wanted to improve in the school year one of their biggest goals was to create a more welcoming environment for parents and teachers to interact to bring a more human side to things. We focused on themes of being your best self, rising to your greatness, leading with courage and taking an active part in building your community by showing up each day with enthusiasm to share what is unique about you. Furthermore The Masons brought a full team of employees and students that they coach to lead a fun and interactive obstacle course for our staff and students which took up the entire track area. The feedback we received from students and families and teachers alike was that it was the best back to school kick off we have ever had and how warm and welcoming everyone felt. It was a huge success because of the contributions of this incredible couple and their efforts to love on our school and students!

Phone:	571-252-2250
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	One of the goals of this partnership is to teach children that it is never too early to start saving for the future. On the first and third Wednesdays of each month, children are able to make deposits into a bank located at Sander's Corner that was especially designed for the students. In addition to students making deposits, select 5th Grade students work in the bank as tellers, greeters, and managers, with the oversight of the Middleburg Bank branch associate. Students learn about savings and other important financial topics through stories, games, and entertaining activities. The club is offered to the students free of charge. Twice per month, students can make deposits and/or open new accounts. The bank also reports back the total amount deposited each month along with savings tips for the students. These totals and tips are integrated into the morning news show and reported out in the parent newsletter. They also offer savings tips that are shared with the families. Students have also worked with the music teacher to create "jingles" as a marketing tool for the bank.
Benefits to the Company & Benefits to the School:	Middleburg bank has always been active within its community. The school partnership was another great way to make students more successful with regards to financial literacy. The Middleburg Bank to date has opened more than 75 new accounts. This connection to the community also helped the bank to increase its visibility into the community while also providing a service to Sanders Corner students. At Sanders Corner Elementary School, the bank has started the process of reinforcing that it is never too early to start saving money. It has also introduced students to the banking operations and what working for a bank would entail, should they consider a career in banking in the future.

Partner School:	Belmont Ridge Middle School
School Contact:	Ryan Hitchman, Principal Michael Surma, Assistant Principal Barbara Plunkett, Bookkeeper
Phone:	571-252-2220
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	Morgan Orthodontics supports Belmont Ridge Middle School in a number of ways. Morgan Orthodontics purchased agendas for over 1200 students for the 2015-2016 school year. Morgan Orthodontics also provided drawstring bags for all rising 6th grade students at the beginning of the school year. Morgan Orthodontics also provides a monthly teacher appreciation gift and provides water for student and school related activities during and after the school day.
Benefits to the Company & Benefits to the School:	Belmont Ridge Middle School greatly appreciates the support Dr. Morgan and her staff provide to our students and teachers. Many Belmont Ridge students visit Dr. Morgan for their orthodontic needs. Morgan Orthodontics believes in supporting community schools. By purchasing agendas for our students, Morgan Orthodontics enables us to purchase instructional items for our students and teachers which we may not have otherwise had the ability to purchase.

Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Morgan Orthodontics generously paid for the student agendas for all students in grades 3-5. This generous donation allowed for a much needed reallocation of resources within our PTA budget due to an overall deficit. Morgan Orthodontics also supported a Friendsgiving event that raised money to support hunger initiatives for local children, including many at Frances Hazel Reid Elementary School.
Benefits to the Company & Benefits to the School:	Morgan Orthodontics is committed to LCPS and the community at large. Morgan Orthodontics currently supports 21 LCPS schools as well as many sporting teams. Morgan Orthodontics' commitment to the schools through sponsorships/partnerships is a way for the business to give back to the community that it serves and build relationships for future business. Morgan Orthodontics' generosity enables our school to continue to meet our PTA budget and provide for the whole child.

School Contact:	Scott Phillips, Principal Diane Green, VP Fundraising, PTA
Phone:	571-252-2140
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Morgan Orthodontics has been extremely generous to our school this year. They provided water for several events including our back-to-school bash our parent night orientation, history feast and fine arts night as well as ice cream for our 6th grade ice cream social. It took an enormous effort on their part to purchase and deliver this water to our school on these many occasions. We are most grateful for their efforts. In addition they funded the purchase of cookies to be given out as a way to encourage parents and students to slow down, talk and mingle and meet each other; building a greater sense of school community. Last, but certainly not least, they have fully funded the groceries for our FACS classes to prepare Food of Nations for our fine arts night.
Benefits to the Company & Benefits to the School:	The school benefited greatly in that we could not have provided these items on our own. To our surprise, the addition of a simple drink of water or a sweet cookie allowed people to stay longer at our school events which had a very positive ripple effect. More people came into the cafeteria and joined the PTA made donations or purchased spirit wear. It gave people a welcoming space to meet others, ask questions of the PTA and staff that was present creating a positive feeling overall and a sense of belonging. The business benefited by the positive publicity and exposure as we made notices near the items that stated this was generously donated by them. As for all our business sponsors we also placed Morgan orthodontics on our school and PTA website recognizing their contributions as well as printing their name and logo on a large business sponsor banner that hangs in our main lobby. The PTA continues to give positive exposure to them on our Facebook page and tag them in the postings. We are very grateful for the eagerness of Dr. Morgan to support our school.

Description of School/Business Partnership Activity(ies):	The goal of the program is to promote a positive climate for our school and our community. Dr. Morgan has visited our campus on two separate occasions to gain a better understanding of how her practice can assist in supporting and enhancing Harper Park initiatives that are aimed at student achievement and recognition. The practice also supports teacher and staff recognitions/rewards. Dr. Morgan participates in our Career Day activities by bringing her mobile clinic to campus. This opportunity gives our students firsthand knowledge from the other side of the dental chair.
Benefits to the Company & Benefits to the School:	In return for their assistance in the support and enhancement of school programs, the practice receives name/brand recognition and gets an opportunity to position itself for increased clientele. Dr. Morgan and her associates gain a sense of pride in knowing that their assistance improves the quality of services at the school. They also receive gratitude from the staff for recognizing our efforts and dedication to our students. Our relationship also presents an opportunity for Dr. Morgan to broaden her ability to reach and serve families who are unable to gain dental health services on their own. She is seeking to help underprivileged children in our area. In addition to taking on the cost of having a company produce and print our student agendas (1,400 agendas), the practice continually supplies our school clinic with wax and other necessary supplies for students with braces; we are supplied with dental hygiene tools to share with our students.

Business:	Morven Park 17195 Southern Planter Lane Leesburg, VA 20176
Business Contact:	Jackie Wright, Youth Education Manager
Phone:	703-777-2414 x6620
Partner School:	Frances Hazel Reid Elementary School
School Contact:	Brenda Jochems, Principal
Phone:	540-252-2050
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Morven Park eagerly agreed to partner with FHR's second grade team's One to the World (OTTW) project, Bring Back the Monarch. Jackie Wright, Youth Education Manager, met with the teachers prior to school starting to plan out the year. A concern with younger children is the ability to give voice and choice to solve authentic problems in the world. On the field trip the children were presented with the problem of the declining Monarch population in Loudoun. They bought into the idea of Bringing Back the Monarch of which gave the students voice to solve an authentic problem in our community. The students completed research on what attracts Monarchs and worked in teams to design an empty courtyard in the school to become a Monarch waystation. Jackie Wright then came to school for an in-house field trip and talked to each class regarding what a waystation needs in order to attract the Monarchs. Based upon the information shared, the students will assess their designed waystation and refine as necessary. Lastly, Jackie will work with the team in the final design selection and actual development of the Monarch waystation at FHR.
Benefits to the Company:	The mission of Morven Park's school program is to develop active, engaged, and effective young citizens. Bring Back the Monarchs OTTW project would not be as authentic as it is without the children seeing firsthand what the problem is related to Monarchs on Morven Park. The initial planning and field trip were instrumental in getting the children engaged and active in solving an authentic problem and ultimately becoming citizens that make a difference in our world. FHR benefits from Morven Park's expertise on the Monarch declination and restorative practices to return the Monarch to Loudoun. Morven Park's willingness to plan with our teachers, provide cost-free field trips to look at the problem first hand and enthusiasm to partner with our school to create a Monarch waystation at FHR are invaluable.

Phone:	540-751-2600
Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	Rich Gillespie and the Mosby Heritage Area Association have been invaluable partners in helping us design and implement our Loudoun history project for our juniors. Rich has been our contact person to coordinate field trips with Oatlands Plantation, NVRPA's Aldie Mill and Mt. Zion Church, with staff members from MHAA and Journey through Hallowed Ground. This was a very challenging project to coordinate, with lots of logistics to work out, but Rich was enthusiastic, patient, and unwavering in his support. He hope to expand the project this year to all 390 juniors, who will be completing research projects and developing documentary films as part of their U.S. History and English classes.!
Benefits to the Company & Benefits to the School:	Rich's work has been critical to the success of this large-scale project for us. His expertise as a history teacher, his personal knowledge of local history, and his connections with all of the local organizations that focus on local history have helped us create powerful learning experiences for our students. Our work gets students engaged and interested in local history, which hopefully supports the mission of the Mosby Heritage Area Association.

Partner School:	Ball's Bluff Elementary School
School Contact:	Joseph Paciotti, Technology Resource Teacher
Phone:	571-252-2880
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	The partnership between Ball's Bluff Elementary and Mr. Saleh is yet in its earliest stages; but, in general, our hope is to (have donated and then) deploy an extremely mobile, user-friendly, IP media device to supplement existing (school) infrastructure, enabling interactive conferencing and collaboration from anywhere (on or off campus as needed). This would hopefully benefit students as much for the "hands-on and how-to" experiences of potentially using the equipment as well as through the creative applications it would make possible. In particular, for greater versatility and improved real-time production quality, we are exploring use of a highly compact (all-in-one) HD IP camera, which can be remotely operated (with full Pan/Tilt/Zoom capability) via PC or phone. This would be interfaced with a fully cloud-based platform for enhanced performance.
Benefits to the Company Benefits to the School:	This benefits Ball's Bluff Elementary because it's ideal to have the camera connected to the campus network (as opposed to running off of an independent cellular connection, for instance). -- As an IP device, this will require unique internal IP designation as well as external (Internet) access via a secure "port forwarded" address.

Description of School/Business Partnership Activity(ies):	Mug-n-Muffin has supported Mercer Middle School over the years in many activity requests. They have donated coffee and food, and allowed the school to purchase items at a significant discount. Mug-n-Muffin has also offered incentives to staff and students during events. Mug-n-Muffin provided our judge during our staff OTTW activity in August 2015 and provided prizes to the team winners.
Benefits to the Company:	Mug-n-Muffin has shown a commitment to the local community by supporting area schools, charities and fundraisers. The restaurant in turn appreciates advertisement in PTSA and school communications, increased traffic from local families, and orders from school staff for lunches and personal needs. Mercer Middle School benefits from the partnership by being able to provide coffee and food for family and staff events. In addition, Mercer benefits by continuing to foster great community relations with local businesses.

School Contact:	Tracy Stephens, Principal
Phone:	571-252-2260
Year Partnership Began:	2008
Description of School/Business Partnership Activity(ies):	<p>Seldens Landing Elementary School began a school-business partnership with Mullen Orthodontics in 2008. Since the partnership began, Dr. Mullen has supported the school in many ways. His support for the children and families of the Seldens Landing community are far reaching and have included dental screenings, teaching dental hygiene classes donating orthodontic services that are raffled off to support PTA fundraisers, and donating water bottles for the Seldens Landing Fun Run and other school events. Each year, Dr. Mullen does more and more to support the Seldens Landing school community. This year, Dr. Mullen's support for the Cardinals Care Club has had a greater impact than could have been imagined. The Seldens Landing Cardinals Care Club is an after-school club that promotes community service, volunteerism and friendship among our students. The club is open to students in 1st through 5th grades who are dedicated to improving our community, and to building strong friendships that celebrate our differences. Through their participation, children learn the importance of giving, empathy and social responsibility. Each year club members decide how their efforts will be focused. This year, the Cardinals Care Club elected to improve the lives of children who attend our partner schools in the Yeve Region of Ghana. Club members learned that the children in the Yeve Region are in need of water. The Cardinals Care Club sponsored and planned a school dance, the Snow Ball, to raise funds for the purchase of a bore hole to bring water to the children in the Yeve Region. Dr. Mullen learned about the Cardinals Care Club initiative and offered to match donations collected during the Snow Ball. His generosity has helped our elementary students learn the power of giving. Dr. Mullen models empathy and social responsibility in powerful ways that make a difference in our school community.</p>

## 2016 Partnership Profiles

Benefits to the Company &  
Benefits to the School:

Mullen Orthodontics benefits from the partnership by forming a positive relationship with the Seldens Landing school community. This relationship helps promote their Dr. Mullen's business and demonstrates the positive contribution his practice makes to the school and community. The company logo is printed on water bottles and helps to further promote Mullen Orthodontics. Mullen Orthodontics supports our school in teaching and promoting dental health. Donations from Dr. Mullen support fundraising initiatives. Support for the Cardinals Care Club helped students work toward their goal to purchase a bore hole to bring drinkable water to the children living in the Yeve Region of Ghana. Dr. Mullen teaches children the power of giving, empathy, and social responsibility through his example.

Description of School/Business Partnership Activity(ies):	Northern Virginia Orthodontics has been a huge supporter of Creighton's Corner for several years. Some of the ways they have shown their support to our school is by being proactive and conducting a presentation to our 3rd graders in the importance of proper dental hygiene. They contributed funds for our playground, paid for t-shirts for our "Colt of the Week"; and provided two Kindles to promote reading during our "Read-A-Thon". As a special treat to the staff here at CCE, Dr. Casagrande and his partners sent an ice cream truck for all staff to enjoy! They have also provided lunch for teachers and staff during Teacher Appreciation Week.
Benefits to the Company Benefits to the School:	Creighton's Corner Elementary School benefits considerably by the commitment and charitable contributions given by Northern Virginia Orthodontics. Their generous gifts afford not only enrichment to our classroom, playground and teachers, but provide us a genuine partnership for the benefit of the community of students we both serve.

Partner School:	Legacy Elementary School
School Contact:	Matt Dickersheid, Principal
Phone:	703-957-4425
Year Partnership Began:	2009
Description of School/Business Partnership Activity(ies):	Legacy Elementary is a very happy place that was built on the concept that a child's (and staff members') school experience should be filled with joy and love. Our business partnership with NVO has helped build on this foundation in many different ways. This past fall NVO has provided a fun-filled 3rd grade assembly. NVO sponsored Pittsburgh Rick's food truck for a staff luncheon this past fall and they are scheduled to sponsor Captain Cookie & the Milkman dessert food truck in the spring. In recent years the Brambleton community has supported their local schools by organizing and facilitating a 5K race called Lace Up for Learning. This year NVO not only sponsored our Legacy-specific Lace Up for Learning t-shirts (these were for our staff members who were participated in the race) but they handled ordering and delivery as well. In addition to that, Dr. Casagrande has volunteered to serve our students through dental screenings for students who cannot afford dental care. Last but not least, NVO has been a Gold Sponsor of our Legacy PTO, sponsored the Legacy Booster-thon Fun Run, and is set to sponsor our 5th Grade Class party t-shirts and sponsor some of the upcoming Teacher Application Week events. As you can see the NVO business partnership with Legacy Elementary has had a very positive impact on our school as well as the Brambleton community.
Benefits to the Company & Benefits to the School:	Dr. Casagrande's business is founded on the concept of serving others. Northern Virginia Orthodontics and its employees focus on helping people with their orthodontic needs. With that said, Dr. Casagrande and his staff are all about people and creating an environment that is warm and welcoming. Philanthropy is one of their core values and is a huge part of their company's culture. Northern Virginia Orthodontics is committed to three main principles. We elevate self-esteem by ensuring that your smile leads to success. We exceed expectations by providing unparalleled

customer service. We are passionate about giving back to our community and to organizations involved in the betterment of our society. By this partnership with Legacy Elementary NVO is able to extend his connection from his office into our school. NVO is located in the Brambleton Town Center which is half a mile from Legacy Elementary. Dr. Casagrande works with many of the families whose children attend, or have attended Legacy Elementary. NVO has even created Legacy/ NVO t-shirts that they give to their patients who are our students. This small gesture has helped not only build school spirit in our school building but in the greater Brambleton community.

Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	This being Mill Run's first year partnering with Northern Virginia Orthodontics, this practice was very generous by donating funds towards our Students Agenda Planners for use by our students. Our students use these agendas daily often acting as an important communication tool between teachers and parents.
Benefits to the Company & Benefits to the School:	Northern Virginia Orthodontics benefitted from partnering with Mill Run by giving back to the community they serve, and by gaining new clients due to the advertising of their practice on the agenda's back cover. These agendas presumably are seen by parents and students every day. Mill Run benefitted from this partnership by their generous donation towards the purchase of the planners. The planners were distributed to our students at no cost to them, and it serves as an aid for time and task management. The planner empowers our students with personal responsibility and accountability. We truly appreciate this partnership.

They have donated money for staff development breakfasts and luncheons. They purchased student agendas for all students. They supported Stone Hill during our Schools To Watch designation and re-designation. Most recently they donated backpacks to our music department to keep instruments and supplies specific to music safe from harm or destruction. Additionally, they donated backpacks to our entire school for the purpose of our Safety Committee materials. These safety packs are now kept in each classroom and used in the event of an emergency.
Benefits to the Company Benefits to the School:	Northern Virginia Orthodontics is committed to the Stone Hill Community. The business receives recognition and exposure through various means of school communication such as the electronic school sign, banners displayed in the gymnasium, plaque in the main office, weekly Connect Ed information messages, the Stone Hill website, and through school announcements. Northern Virginia Orthodontics sincerely appreciates the opportunity to give back to the community in which it serves. Stone Hill Middle School continues to benefit from the generosity of Northern Virginia Orthodontics. The students and staff now have backpacks with all the necessary safety information including first-aid kits, maps, and specific directions for responding to emergencies. These safety packs have provided the necessary support for responding to emergency situations. We are very fortunate here at Stone Hill to have a business partner that is willing to support our community in a variety of ways. Description of School/Business Partnership Activity(ies):	Our county-wide Art Program launched a new partnership this year to provide students the opportunity to experience the creative process on-site at Oatlands to capture history through the eyes of young artists. High School Art Clubs and Art Honor Societies will have the opportunity to creatively communicate their story through photographic images. Each participating student will select one creative photo to be included in a digital art exhibition linked off of the Oatlands and LCPS websites and shared world-wide. Our community and visitors from afar will have the opportunity to see student art located at the Carriage House for a rotating ongoing exhibition. We plan to highlight and recognize hundreds of student masterpieces now and in the future! This location is unique and will allow families the opportunity to take in history and celebrate their children!
Benefits to the Company & Benefits to the School:	Oatlands will have new visitors to their site because families will come to see the student art, both on-site and or on-line. Children will communicate a new message about Oatlands as the capture history from a different perspective – through the eyes of children! This unique, historic site will offer students a whole new canvas! They will be able to create on the grounds of an historic site combined with their own ideas. This partnership allows for a rare opportunity to be able to take in history and develop you own personal message to be shared world-wide off the internet and on-site through an exhibition in the historic carriage house.

Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Mountain View Elementary, the Mountain View PTA and Papa John's Purcellville, renewed our commitment to effective family-school engagement again for the 2015-2016 school year. In partnership with Papa John's, we thanked each PTA member for their involvement in their student's education with free pizza cards, rewarded 570 students for their participation in a school wide read-a-thon with Papa John's bookmarks and 'free brownie pizzas.' We rewarded our top read-a-thon winners with free 'monthly pizzas' throughout the school year (27 more pizzas), gave away four 'dinner packages' as prizes at our family Sock Hop and will provide complimentary pizza (for approximately 120 students) at our end of the year school-wide carnival in June. Mountain View Elementary and the Mountain View Elementary PTA believe that all members of a student's family are important to their academic success. In support of our desire to recruit and engage fathers and male role models in education, Papa John's sponsored our Watch D.O.G.S. (Dads of Great Students) kick-off event and provided a 'pizza dinner' for over 150 men and their students.
Benefits to the Company & Benefits to the School:	As our Platinum Pride Sponsor and 'Partner in Education,' Papa John's receives effective marketing tools throughout the school year such as: school wide flyer distribution, Connect Ed messages to our staff and families, company information posted on our PTA webpage, promotion as our 'special event sponsor' at various events, Papa John sticker distribution to all students on Spirit Night days and advertisements in our school directory to promote their business and increase revenues. Our school business partnership also reinforces Papa John's commitment to education, helps create goodwill and positive public relations among our community.

We target students who need a helping hand today so that they may become the responsible citizens, problem solvers, and leaders of tomorrow. Coaches involve their student-athletes in this program to present opportunities to grow by reaching out to others. These athletes become role models and coaches, offer their friendship, patience, encouragement, and enthusiasm as they help struggling or unmotivated students move up the academic ladder. Elementary school administrators join the program because they have a population of at-risk readers, who need an extra push to help them become successful. Once they see the personal and academic growth of their students, they invite us back year after year. Our struggling readers usually respond well to focused, one-on-one mentoring. They see themselves as special because a high school student-athlete thinks reading is important and cares enough about them to help them improve. These students will often develop a more positive attitude about reading, more confidence in themselves, and a stronger sense of belonging in a community that cares. We build a team that includes our generous sponsors and dedicated educators. It is the commitment, support, and enthusiasm of these sponsors, educators, and student-athletes that are responsible for the growth of our young readers and for the success that the program has achieved. –Wendell Byrd(Founder)</p>
Benefits to the Company & Benefits to the School:	<p>We recently entered our fourth year participating in the Readers Are Leaders program here at Dominion Trail Elementary School. We had the great fortune of having the varsity football team from Broad Run High School read with our students. Words cannot express what a wonderful experience this was for all involved. The student athletes were a great group of responsible, respectful, and resourceful young men. They came to our school each week and spent thirty minutes reading with our young elementary school students. The athletes</p>

participated in an afternoon training session and implemented many of the strategies that they were taught. They inspired our young students to read fluently and with confidence. They were responsible role models who cheered on our students' efforts and provided one-on-one assistance. Our students often spoke about how much they looked forward to the mornings that they were coming and reading with their "high school buddies." The program not only provided our students with much needed reading assistance but more importantly, showed our students that reading can be a fun, social activity that is a pleasure to share with family and friends. Our young students are struggling readers who are reading below grade level benchmark for a variety of reasons. Some are English language learners. Some students had very little experience with reading before coming to school, and others have some special learning needs. All of these students were engaged readers when working with their athletes and made great strides in improving their reading skills over the years. We look forward to having the Broad Run football players return to us each year. We are also looking into the possibility of expanding our program with another athletic team from Broad Run High School in the fall. We cannot thank this program and Coach Griffis enough for bringing this program to our school. Our teachers, students, and parents have all expressed their sincere gratitude for the Readers Are Leaders program.

Year Partnership Began:	2011
Description of School/Business Partnership Activity(ies):	Guilford Elementary School is very fortunate to have Reston Bible Church as our main business partner. Over the course of four years, the staff and members of Reston Bible Church have committed to ensuring that every student at Guilford has their basic needs met. Because of their unwavering support, the students and their families are fed, clothed, given financial assistance and even glasses and healthcare. The positive impact the people of Reston Bible Church have on our students and families is without measure. Most importantly, their partnership means our students are ready to learn.
Benefits to the Company & Benefits to the School:	Barb Ruffner explains: "This partnership offers a variety of opportunities to serve the community with varying levels of time commitment and resources. The greatest benefit to our church is living out what we believe, teaching our children to be generous to others, and knowing at the end of the day that maybe a child's life was made a little better by our small sacrifice of time or generosity." Though our students' benefit immensely from the generosity of the people of Reston Bible Church, Barb feels the church gains from the partnership: "Reston Bible Church didn't take long to see that we have affluence on one side of us and need on the other. Our congregation believes that the bible is very clear that we should love our neighbors. By leveraging the talents and resources of many volunteers we have the opportunity to positively affect the lives of students, their families and the staff of Guilford." Every year, the people of Reston Bible Church give more and benefit our school in countless ways. They have been instrumental in assisting our neediest families. Reston Bible Church staff and members have adopted numerous families during the school year, assisted with our Thanksgiving dinner, collected student books, aided with field trip scholarships, distribute monthly snacks for each of our classrooms and tutor students weekly. Every month they donate breakfast for our parent coffee hour as well as providing items to raffle at our night

events. This helps increase our parent participation and attendance, a vital component to a successful school year for our students. They have even provided and served breakfast for our staff members to show their appreciation for their hard work with children. The staff and members of Reston Bible Church give their time, money and many other resources and are committed to our students and their families. An estimate of their overall monetary contributions exceeds \$50,000. Their care and concern for the needs of our students is both commendable and much appreciated.

Year Partnership Began: 2012

Description of School/Business Partnership Activity(ies): Rockwell Collins has been a partner with Park View High School since an invitation to Engineering Day was issued in 2012. Students have participated in visits to the Sterling Division for experiences that demonstrate the application of science and math in aeronautics design, engineering, and simulation. In particular, students, teachers, and Rockwell Collins staff have enjoyed shared one another's experiences in the STEM related fields. In support of authentic STEM education, Rockwell Collins hosted Park View Math and Science teachers for professional development in application in September 2013. Since 2013, Rockwell Collins has donated generously to Park View High School in order to support STEM Projects, transportation to STEM experiences, and overall exposure to STEM related materials and fields of study.

Benefits to the Business & Benefits to the School: The partnership between Rockwell Collins and Park View High School is mutually beneficial because students are being exposed to authentic learning and problem solving skills in fields that have direct effects on the world around them. Rockwell Collins provides means for students to explore their interests in real-world experiences, and, in doing so, students are engaged and hooked into exploring the academic choices that they need to make in order to turn their experiences into career building opportunities.

Fairfax, VA 22031

Business Contact: Ashley Arneson

Phone: 703-385-1335

Partner School: Monroe Technology Center

School Contact: Tim Flynn, Principal  
Pam Smith, Instructor

Phone: 571-252-2080

Year Partnership Began: 2013

Description of School/Business Partnership Activity(ies): Pam Smith has been an SGIA Educator Member of the Specialty Graphic Imaging Association since July of 2013 after meeting Johnny Shell, SGIA VP Technical Services, and Ashley Arneson, SGIA Associate Manager of Education, at the National SkillsUSA Competition in Kansas City, MO. Joining the Association has given Pam unlimited access to all educational resources SGIA has to offer, to include, but not limited to, Screen Printing Curriculum Outlines, Internship and Employment Board, Equipment and Supply Donation Board, Journal Archives and Webinar Archives.

Johnny and Ashley visited Monroe Technology Center in March of 2014 to introduce students to the Specialty Imaging Industry. A few weeks later, Pam brought a field trip consisting of 9 graphic communications students to SGIA Headquarters in Fairfax, VA. Johnny spoke in greater detail regarding the history of printing and the various dynamics of screen printing. This was followed by hands-on demonstrations in the lab where students were able to screen print their own t-shirts. The day was followed up with a brief lecture on wide-format digital printing. In January of this year, Pam brought another group of 14 first-year graphic communications students to SGIA to gain insider access into the world of screen printing. She will again visit in March with 4 second-year students who attended last year's field trip for a more in-depth look at the industry with advanced lecture in color management.

Johnny and Ashley will attend Monroe Technology Center on March 17<sup>th</sup> to assist in the judging of the SkillsUSA VA State Graphic Communications – Dye Sublimation contest. Prior to this contest, they will ensure that all equipment is in top working order, determine what supplies will need to be ordered, and what types of items will be created during the competition.

## 2016 Partnership Profiles

As the newly-elected Chairman of the Screen Printing and Graphic Communications – Dye Sublimation Technical Committees for SkillsUSA, Johnny Shell will utilize this experience from this Virginia State Competition to ensure competitions are run as efficiently as possible as well as meet industry standard.

Benefits to the Company  
Benefits to the School:

By working with Monroe Technology Center, SGIA will gain a better understanding of the needs of graphic communications instructors and learn how best to assist educators so that they may effectively teach the next generation of specialty imagers. In maintaining an Educator Membership with SGIA, Monroe Technology Center will continue to have access to all specialty imaging resources to better assist in the continued education of their students. As SGIA continues to update and develop curriculum outlines, we can rest assured knowing that educators will be consistently teaching up to par with industry standard. Monroe Technology Center will continue to have access to the SGIA Support a School classifieds page online which enables them to take advantage of generously donated pieces of equipment or supplies from SGIA member businesses. Monroe Technology Center will also have the opportunity to search the SGIA Internship and Employment classifieds page to assist students in finding opportunities within SGIA businesses.

Description of School/Business Partnership Activity(ies):	Stone Bridge collaborated with Stantec's architecture team to develop an environmentally friendly park/addition to the fine arts courtyard at SBHS. Stantec staff presented on numerous occasions covering the 4 Loudoun academies. They discussed the advantages and disadvantages of each design to help the students understand elevation and floor planning techniques for their own design process. Students were introduced to SketchUp, an architectural software, to see a virtual way to better understand the retrofitting of the students proposed design plans. Stantec also judged each student model by providing architects to give feedback on each design quality. Stantec also played a key role in funding the supplies for the student projects.
Benefits to the Company Benefits to the School:	Stantec gains exposure to their company by working with the students to increase awareness of architecture design strategies. They are potential employers and have the ability to grant internships to our students. This partnership also helps to expose their program beyond the DC Metropolitan Area. Stone Bridge High School benefits greatly by allowing the students to have a real world experience of a professional career of architecture and interior design. The introduction of SketchUp was also a benefit for the students at our school because it enables students to work in 3 dimensions. This partnership can also lead to more activities through the Architecture in the Schools (AIS) program.

Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	<p>The All American Steakhouse hosted the Eagle Ridge staff (over 100 people) to a luncheon affair valued at \$3000 and they paid for the wait staff to be there. Normally closed for lunch on Mondays, newly appointed General Manager, Bill Kauffeld decided to OPEN their doors to us on November 2nd for a private gourmet luncheon completely sponsored by them as a way to honor and appreciate the endless ways our educators make our world, and our communities a better place! On top of this, the manager personally handed out his card to everyone in attendance, and an additional coupon to come back for a free dessert. As if that wasn't enough already, he gave away gift cards as a way to drum up even more fun and interaction with a raffle. The fact that they were willing to allow us to invite employees or part time staff who were not scheduled to work on this workday, truly made all staff feel welcomed and appreciated, whether or not they could join. Staff raved about getting to spend such quality time with others that they may rarely get to see due to the design of the building. Especially amazing was to be able to invite the full office, custodial and cafeteria staff who often are not able to be included in events/gatherings for teachers. Precious community and team building like this strengthen bonds, friendships and support amongst our staff, not to mention the benefits of lots of laughter and bringing this positivity and happiness back into the school and classrooms. Bill Kauffeld is an exceptional kind hearted generous man who truly is dedicated to serving the community surrounding his place of establishment he has given to numerous Loudoun County Public Schools and is willing and open to offer support for various teams or clubs who need to raise significant funds.</p>
Benefits to the Company Benefits to the School:	<p>The school, most particularly the teachers and staff received a priceless gift of being able to maximize their teacher workday time</p>

with each other strengthening their bonds of friendship and creating an environment that facilitates teamwork and the ability to exchange ideas with each other. It was the first time that our staff was ever invited to such an affair where all were included no matter their position including part time staff, custodial and administration. The benefit to the business was nothing in comparison to what they gave but the PTA attempted to show our gratitude by shouting out there praise on our online website Facebook postings and dedicated business sponsor banner that hangs in our main lobby all year long.

Description of School/Business Partnership Activity(ies):	One of the most effective Community-based environmental groups in the country, PEC works with the citizens of our nine-county region to conserve land, create high-quality communities, strengthen rural economies, celebrate historic resources, protect air and water quality, build smart transportation networks, promote sustainable energy choices, restore wildlife habitat, and improve people's access to nature.
Benefits to the Company Benefits to the School:	By partnering with Mill Run ES to create a naturally landscaped outdoor area for educating students, parents, and the community, PEC was able to raise their platform of productive partnerships between citizens of the community and the conservation of the environment-especially in a fast changing urban development. PEC teamed up with Mill Run ES to create an extensive outdoor classroom and learning area. Together with other environmental groups and conservation groups - 75 native trees and 135 native plants were planted by students all while the children were learning about pollinators, rain gardens, and other science activities. This project truly provided a hands-on learning experience for students all while making a great habitat restoration effort-a sanctuary for wildlife and the community all wrapped in one!

Partner School:	Eagle Ridge Middle School
School Contact:	Scott Phillips, Principal Diane Greene, VP Fundraising PTA Kim Edwards, President, PTA
Phone:	571-344-0162
Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	Kamal Gill owner of The Zone, is one of our schools generous supporters. This year we approached to provide a reward incentive in the form of gift cards to our students to use at his place of business for arcade games. In addition we asked them to be a sponsor at our back to school bash- an outdoor event that had the goal of making a welcome and fun environment for parents, families, students, and staff to interact mingle and get to know each other better. The Zone brought their staff, a tent and many games to help us raise funds for our PTA. The Zone also sponsored our student agendas and magnanimously gave every single student in the entire school a gift certificate as a reward for the school being recognized for the Schools to Watch Award. In total this business donated \$500 cash donation and another \$4,000-\$5000 in in-kind donations! The generosity of this owner and business to the Loudoun County Public Schools is enormous. He has not exclusively partnered with our school and in total has gifted over \$75,000 in donations in kind throughout the school system. He has also been instrumental in uniting other business owners to support ours and several other schools.
Benefits to the Company Benefits to the School:	The benefit to our school was a dramatic increase in participation in our direct donation fundraiser as students realized they would be entered to win dozens of raffles to win prizes from The Zone. He has helped us in a very significant way most especially in creating a fun atmosphere and a level of excitement that motivated our students to be involved. The benefits to the business include increased publicity and exposure by being highlighted in our event communications, ConnectEd messages from the principal, online on a dedicated business sponsor page on our PTA website and included on a banner that highlights our business sponsors.

Description of School/Business Partnership Activity(ies):	<p>Head Start would like to highlight the new and exciting partnership with Top Kick Martial Arts, with locations throughout Loudoun County. For more than a decade Top Kick Martial Arts has provided students of all ages the opportunity to learn Taekwondo.</p> <p>Top Kick Martial Arts was contacted about the possibility of providing financial assistance for one of our Head Start students who was interested in learning Taekwondo. Instead of providing just one scholarship, they generously offered three scholarships at each of their six locations - - for a total of eighteen scholarships. Each scholarship offer will last for three years. This generous opportunity will allow the recipients to each participate in three years of training, culminating with the achievement of black belt.</p>
Benefits to the Company & Benefits to the School:	<p>Top Kick Martial Arts believes that “helping others is an important part of the spirit of Taekwondo”. Employees, teachers, and staff of Top Kick Martial Arts have committed to serve as role models for our Head Start children and their families by teaching healthy and beneficial lifestyles, as well as the importance of exercise, mental and physical strength, motivation and self-confidence. The students not only gain experience in martial arts but also gain undeniable guidance in terms of balance, agility, and strength. Students learn life-long skills in the areas of self-confidence, goal-setting, motivation, and focus.</p>

Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	True Honey Teas has partnered with our second grade classes for the past two years during their economics units. Entrepreneur and owner, Chris Savage, has worked with the Belmont Station Elementary second grade team to develop a PBL lesson focused on economic concepts. After eliciting the students to help him design a new flavor tea for his company, he continued to support the students with the production, marketing, and sales of the tea. Students, parents, community members and people all over the world could order their specially designed tea off of Amazon. All profits were than donated to the school.
Benefits to the Company & Benefits to the School:	The second graders at Belmont Station Elementary have benefited immensely from their partnership with True Honey Teas. The students have been able to participate in the development of a real product for a company. Because the students had the experience from start to finish, they not only have learned the economic principles in the curriculum, but have a better understanding of the concepts in the real world. True Honey Teas benefits from the exposure and brand awareness for their company, but more importantly, a feeling that they are inspiring younger thinkers to become entrepreneurs.

Partner School:	Forest Grove Elementary School
School Contact:	Shontel Simon, Principal Alyssa Rogers, Teacher Nancy Jacobs, Volunteer/Retired Teacher
Phone:	571-434-4560
Year Partnership Began:	2012
Description of School/Business Partnership Activity(ies):	For the last three years Under the Sea has provided care and monthly maintenance for the 2-50 gallon fish tanks at Forest Grove. On many occasions they have donated the needed materials to keep our fish tank up and running. This school year when our third graders were considering their OttW curriculum and exhibition, Under the Sea partnered with the team to provide an expert talk, Q/A sessions and a hands on field trip to Glen Echo Park Aquarium. Under the Sea provided our students the opportunity to build background knowledge and contextual understanding of the ecosystem for the blue crab.
Benefits to the Company & Benefits to the School:	We have a diverse student population and our students do not always have opportunities to have pets. The fish in the tank are our school pets that are cared for by all our students. Our early childhood special education students have the responsibility to provide the day to day feeding for our fish. The teachers and students use it for language development with our 2-4 year olds. The collaboration with third grade to "Save the Blue Crab" provided our students with an authentic task, opportunities to collaborate, and the ability to apply their classroom learning while mastering the curriculum of ecosystems. All of our students benefited but especially our ELL student were able to build their background knowledge to enhance their understanding. The students were passionate about what they could do to save the blue crab which was evident in their public exhibitions. Under the Sea benefits from being a caring presence in the school their children attend and building a community of learners who appreciate the sea life.

Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	Working with Mr. Franz and his company, USGIF, we have been given access to maps and mapping activities that benefit not just 3rd grade but all grades including ECSE. Currently we have a 25 x25 foot map in our gym that students are using to help learn about the geography of our world. Students get literally take a walk from one country to another. The map came with activities and lesson plans for all ages. We would not have been able to get the loan of the map or even know about it without USGIF. USGIF is also donating a day of their time to come and do other activities with our 3rd graders and help understand how mapping can contribute to all industries.
Benefits to the Company & Benefits to the School:	We have learned a lot about maps, map skills and how important these skills still are in today's world. The 25x25 map has brought the "world" to life for our students. It is very interactive and we have spent 2 weeks incorporating activities into each grade level.

Year Partnership Began:	2013
Description of School/Business Partnership Activity(ies):	This partnership began two years ago with the <i>Tools for Schools</i> program in which Verizon held a school supply fund raiser for our Head Start students. This fund raiser culminated in supplying consumable necessities (backpacks, crayons, markers, pencils, paper, etc.) for our Head Start students and classrooms.
Benefits to the Company & Benefits to the School:	This partnership heightens community awareness for the corporation and the employees. It provides opportunities to give to those children in Loudoun County who are in greatest need. The community spirit enriches the lives of children and families in the Head Start program. We are able to provide much needed school supplies and books to our families.

Partner School:	Seldens Landing Elementary School
School Contact:	Tracy Stephens, Principal
Phone:	571-252-2260
Year Partnership Began:	2015
Description of School/Business Partnership Activity(ies):	<p>Seldens Landing Elementary School began a school-business partnership in 2015 with North Gate Vineyard, owned by Mark and Vicki Fedor. The partnership began when Mark and Vicki learned that our school was in need of an irrigation system for the outdoor classroom and newly-planted Monarch Waystation. Mark and Vicki are strongly committed to caring for the environment through green initiatives. They are also passionate about philanthropy and giving back to the community that supports their business. Mark and Vicki began working with a Seldens Landing teacher to coordinate the donation of an oak wine barrel that could be converted into a self-watering system. They learned more about our school's efforts to teach children through gardening and interaction with the environment. Mark and Vicki generously offered to increase their donation to four oak wine barrels so that all outdoor learning spaces at Seldens Landing will have natural, self-watering systems. The generosity of North Gate Vineyard owners, Mark and Vicki Fedor has expanded authentic learning opportunities for the students of Seldens Landing Elementary School. Students are learning to measure rainfall and study weather patterns as they care for plant life in the outdoor classroom and Monarch Waystation. Sustaining the plant life also provides an authentic way for students to learn about ecosystems.</p>
Benefits to the Company & Benefits to the School::	<p>North Gate Vineyard's partnership with Seldens Landing Elementary School helps our school promote environmental awareness. It also helps our school sustain the outdoor classroom and Monarch Waystation. These natural learning spaces provide countless opportunities for students to learn the K-5 curriculum and develop 21<sup>st</sup> century skills.</p>

Phone:	571-252-2110
Year Partnership Began:	2006
Description of School/Business Partnership Activity(ies):	This exceptional partnership began in July 2006. Twice a month, we travel to Walmart to fill our Head Start minivans with a plethora of household and personal care products that have been damaged, opened, or are discontinued and can no longer be sold on the sales floor to Walmart customers. These items that are necessary for families to have on hand in order to effectively run their households and to effectively assist their family in daily personal care are often not available at local food banks or through area food assistance programs. These items range and may include shampoo and conditioners, soaps, detergents, cleaning supplies, dishes, bedding, bathroom supplies, etc. and are offered once a month to our Head Start families in a manner where they are able to “shop” or choose what they need.
Benefits to the Company & Benefits to the School:	This partnership heightens community awareness for the corporation and the employees. It provides opportunities to those children and families in Loudoun County who are in greatest need. The community spirit enriches the lives of children and families in the Head Start program. We are able to provide much needed personal and household items to our families

Year Partnership Began:	2006
Description of School/Business Partnership Activity(ies):	<p>This extraordinary partnership began in July, 2006 when the individual in charge of Community Grants contacted Head Start to inform the program about the Community Grant Program at Walmart. Ms. Harnois was familiar with the Head Start program and wanted to assist the program and our families. She provided Head Start with the Application for Grant Funding. Additionally, Ms. Harnois informed Head Start that a letter could be sent monthly requesting gift cards to help purchase much needed clothing and household items for families. The grants and gift card requests have been generously fulfilled and we continue to be strongly supported by Walmart on an annual basis. We are able to provide families and children with extra help for school supplies, clothing, and household items because of this partnership. When Ms. Harnois relocated, Ms. Cheryl Marsh and Mr. Alland Anderson continued the partnership with Walmart and Head Start. During the holiday season, Walmart has provided a \$25.00 in store shopping experience for enrolled Head Start students. During these events, the students shopped in the store and were treated with cookies, milk and juice. A special check-out register was designated for Head Start students.</p>
Benefits to the Company & Benefits to the School:	<p>This partnership heightens community awareness for the corporation and the employees. It provides opportunities to those children in Loudoun County who are in greatest need. The community spirit enriches the lives of children and families in the Head Start program. We are able to provide much needed clothing and household items to our families. In addition, Head Start students learn the shopping process.</p>

Partner School:	Harmony Middle School
School Contact:	Eric Stewart, Principal Lori Demark, Art Teacher Kellie Koptish, Dean

Year Partnership Began:	2009
Description of School/Business Partnership Activity(ies):	<p>The Empty Bowl Project is a community service art project that aimed to raise awareness about the issue of hunger and food insecurity in Western Loudoun County. Through this project, Harmony Middle School partnered with the Western Loudoun Food Pantry to collect over 2,700 non-perishable food items, and collected over \$2,200 at the “Empty Bowl Dinner” that was used throughout the county for families in need. In October, to kick off the project, Harmony Middle School hosted six local ceramic artists (Annie Carr, Geoff DeMark, Shawn Grove, Amy Manson, Amy Miller, and Mauren Alvarez) who donated their time by demonstrating wheel throwing and other bowl making techniques. Harmony Students contributed to the project by making additional pieces along with the glazing and firing of all hand-constructed bowls. Together over 350 ceramic bowls were made. To advertise for the event, the 8th grade Civic students made powers that were displayed throughout the school and community. In December, with the donations from Harris Teeter, the Harmony Family and Consumer Science classes cooked and prepared several gallons of soup which was served at the dinner. Additional soup was donated from several local area restaurants (Glory Days, Magnolias, Market Table Bistro, and the Wine Kitchen) to help with the event. At the Empty Bowl dinner, the finished bowls were distributed with soup and bread as part of the fund-raising. Contributing guests were able to keep the empty bowl as a personal reminder of how many people are without food in our area.</p>
Benefits to the Company & Benefits to the School:	<p>The funds from the bowls purchased were donated to the Western Loudoun Food Pantry in Lovettsville, which helps families in our community. It fit in perfectly with our One to the World experience. This year over 200 bowls were sold and \$2,200 donated to the Western Loudoun Food Pantry. Additionally, 2,700 cans of food</p>

were donated to be distributed throughout the county. Since 2009 Harmony's Art Department has donated over \$11,200 to the Western Loudoun Food Pantry from Empty Bowl Projects. Benefits to the School: The Empty Bowl Project provided the students at Harmony Middle School with the opportunity to use their skills to bring awareness to hunger and the arts, and develop an appreciation that hunger continues to be an issue in our own local community. This partnership challenged students to understand that an appropriate way to address global issues/problems is to begin by working for change at both a personal as well as at a local level. Harmony students learned the importance of exercising their civic responsibility in promoting the common good in order to promote a more civil society. Additionally Harmony students gained an awareness of how art can impact the community through school service project. The bowls from this project now sit on hundreds of tables in the Loudoun community and will serve as a constant reminder of the project and local hunger.

Partner School:	Monroe Technology Center
School Contact:	Tim Flynn, Principal Salle Sappington
Phone:	703-771-6463
Year Partnership Began:	2009
Description of School/Business Partnership Activity(ies):	We have been graciously allowed access to the medical centers clinical and anatomic pathology labs for 6 years. It is within this area of health care, the "behind the scenes work" that most students are not aware of -they only view health care as hands on patient care. This provides an opportunity for them to see that 80% of information that the physician uses comes from this specialty area.
Benefits to the Company & Benefits to the School:	By exposing the students to the laboratory and its vital role in diagnosis of disease states, it provides additional information to use when deciding on their future career paths in the field of health care & medicine. This gives students 'real world' exposure to the various professions in the laboratory environment in a large hospital setting. They observe the daily work and interact with the technologists to better understand disease states versus normal values obtained from biological patient samples.

Description of School/Business Partnership Activity(ies):	This is a partnership between a Wolf Trap Institute Artist and an early childhood educator working together to produce new and effective performing arts activities for preschool or kindergarten classrooms.
Benefits to the Company & Benefits to the School:	This partnership heightens community awareness for the Wolf Trap Institute for Early Learning Through the Arts. The Institute seeks grants and corporate sponsors to help them provide opportunities to give preschoolers and their teachers in Loudoun County the experience of using the performing arts as teaching tools to nurture positive growth in many developmental areas. This extraordinary partnership began in 1995 when Ann Richards, the Associate Director of the Wolf Trap Institute, connected with the Head Start Program and offered a Wolf Trap Artist-in Residency grant. The Head Start program at Meadowland Elementary had the pleasure of having Wolf Trap artist/dancer Cynthia Word visit the classroom twice a week for seven weeks. The residency program is a partnership between professionals; an artist and an early childhood educator. The teacher learns from the artist's expertise in creative drama, music or movement; the artist benefits from the teacher's knowledge of child development and early childhood education. Everyone grows from this experience; especially the children. Our partnership continues under the leadership of Jennifer Cooper, Nancy Powers Perry, and Cathy Christ. Dozens of teachers and hundreds of our youngest learners have had performing arts techniques help them learn basic literacy skills, academic concepts as well as boosting their self-esteem and life skills.

Year Partnership Began: 2014

Description of School/Business Partnership Activity(ies): For the past two years, Women in Technology (WIT) has provided students at Belmont Ridge not only with grant money but with resources and moral support. WIT has provided over \$6000 to Belmont Ridge Middle School to support our two girls; robotics teams. Many employees from WIT have spent time working with the girls in designing and building robots, as well as mentoring, coaching, and encouraging our team members to speak at local community events. In addition to assisting our Girl's in Technology team, WIT members also coach and mentor our VEX Robotics team.

Benefits to the Company & Benefits to the School: Women in Technology (WIT) members lead our Girl's in Technology teams and offer educational and hands-on STEM programs that promote creativity and innovation, and inspire girls to pursue STEM-related careers. Due to WIT funding, Belmont Ridge is able to offer more participant positions to more students. Our Girl's in Technology team members feel more comfortable with specific technology as well as overcoming gender stereotypes. With support from WIT, our Girl's in Technology Team was able to achieve a 100% retention rate with team members from last year to this year.

Year Partnership Began:	2014
Description of School/Business Partnership Activity(ies):	In collaboration with Loudoun's Women in Technology, Norma Henry and Mary Glueckert from Girls in Technology have combed the technology sector within Loudoun County in order to expose our students, especially females, into the world of STEM learning and post-high school job opportunities. Additionally, they have networked with local technology businesses on behalf of our school to receive grants for a Vex Robotics team and additional technology resources. Simply, they have been a voice and advocate for bringing STEM into Park View via partnerships with local businesses. Both Mary and Norma have met with teachers, counselors, and students in order to promote Park View students participation in STEM related activities. We hope to plan, coordinate, and sponsor an evening or weekend event where students and parents can not only view student technology models, but speak with local businesses willing to provide internships or other job opportunities for our students in STEM-related fields.
Benefits to the Business & Benefits to the School:	Thank to Girls in Technology, PVHS received a \$2500 grant to start a Girls in Technology (GIT) team for Vex Robotics. GIT provided the girls with GIT t-shirts and other free items from local businesses such as Scitor and AOL. Free items include school supplies (note pads, pencils, pens, markers) for students to use. The dedication and passion that Mary and Norma have offered Park View High School is enormous. They continue to bring opportunities for our students to engage in meaningful exposures to multiple STEM-related fields both during and after their high school careers. In heightening the
