The Role of SEAC and Virginia Regulations

The Regulations Governing Special Education Programs for Children with Disabilities in Virginia reflect the state and federal requirements for the provision of special education and related services. The regulations mandate that an active SEAC exists, as well as specific functions of the SEAC, as specified by Section 8VAC20-81-230 D.2, which are as follows:

1. Advise the local school division of needs in the education of students with disabilities;
2. Participate in the development of priorities and strategies for meeting the identified needs of students with disabilities;
3. Submit periodic reports and recommendations regarding the education of students with disabilities to the division superintendent for transmission to the local school board;
4. Assist the local school division in interpreting plans to the community for meeting the special needs of students with disabilities for educational services;
5. Review the policies and procedures for the provision of special education and related services prior to submission to the local school board; and
6. Participate in the review of the local school division's annual plan.

Public Comment

- SEAC uses public feedback to inform our work to advise School Board on special education needs.

- Focus on system-wide issues, rather than individual concerns or specific situations (please do not use student or staff names).

- Verbal comment may be given. Please complete and submit comment form tonight (please be sure to follow-up with SEAC Secretary with your written comment).

- Written comment may be read by author or SEAC Chair.

- Remarks limited to 3 minutes.
