Specialized Programs:

Academies of Loudoun (ACL): ACL includes the Academy of Science (AOS), Academy of Engineering & Technology (AET), and Monroe Advanced Technical Academy (MATA), offering students rigorous STEM and Career & Technical Education opportunities. Through advanced coursework, hands-on projects, research, and innovation, students develop skills in science, technology, engineering, mathematics, and entrepreneurship while preparing for college and careers.

International Baccalaureate (IB): IB is a rigorous, globally recognized academic program that emphasizes critical thinking, intercultural understanding, and intellectual curiosity. Through challenging coursework, independent research, community service, and a broad curriculum, IB students develop the knowledge, skills, and perspectives needed to become lifelong learners. LCPS currently has two (IB) World Schools, Loudoun Valley High School and Heritage High School, which offer the IB Diploma Program (DP). The LCPS Pre-IB program started in the 2023-2024 school year.

Health and Medical Sciences (HAMSci) Academy: The HAMSci Academy began in the 2024-2025 school year with enrollment for 9th grade students. The HamSci Academy is currently available at Tuscarora and Briar Woods High Schools and is designed to expand learning opportunities for students in health science literacy through a curriculum that develops critical thinking skills coupled with industry credentials preparing students for skilled healthcare workforce careers. There are two potential pathways (Biomedical Sciences or Biomedical Sciences & Language of Medicine) in the HAMSci Academy, both of which are four-year programs starting in 9th Grade.

Naval Junior Reserve Officer Training Corps (NJROTC): The NJROTC (Naval Junior Reserve Officer Training Corps) program, established in 1964 under Title 10, U.S. Code, Chapter 102, is offered at Loudoun County High School. It is led by retired Navy, Marine Corps, and Coast Guard officers and enlisted personnel. The curriculum focuses on citizenship, leadership, maritime heritage, naval operations, and other naval topics. Classroom instruction is supplemented by activities like community service, athletics, drill competitions, and field trips. The Navy provides resources such as textbooks, uniforms, and instructor salaries.

The ACCESS Academy: The Accelerated College and Employability Skills (ACCESS) Academy began in the 2025-2026 school year. ACCESS Academy is an innovative partnership between George Mason University's College of Education and Human Development, Loudoun County Public Schools, and Northern Virginia Community College. Based in Northern Virginia, the Academy serves students in grades 9th-12th across the Commonwealth.

Academy of Global and Linguistic Studies (AGLS): The Academy of Global and Linguistic Studies (AGLS) will begin in the 2026-2027 school year. ALGS provides an opportunity for students to become problem solvers of the world by engaging in a meaningful way in the sphere of international relations to tackle the global challenges of our time within an academic framework. Students will foster proficiency in a new language, take advanced course work, become immersed in a foreign culture, and tackle global issues to prepare them for a career in Global Leadership or Global Business.

Specialized Educational Settings:

The North Star School (TNSS): TNSS is a non-traditional education program specially designed for high school students who need an accelerated pathway to meet on-time graduation. TNSS students LCPS students are concurrently enrolled at their home high schools. TNSS offers students both an Academic Program and an ISAEP (GED) program. The Academic Program is based on a 4x4 schedule where students complete four year long courses in Term 1 and 4 year long courses in Term 2. The average student/teacher ratio is 10:1.

Virtual Distance Learning (VDL): VDL is an online learning program open to grades 1-12 within Loudoun County Public Schools that offers synchronous, daily instruction via Google Meet & Schoology. Students enrolled in Virtual Loudoun Distance Learning complete all coursework through virtual learning management system, without attending a brick-and-mortar school in person.
