Discussion of Proposed Land Sale at Poplar Springs Elementary School

Mr. Burge reported that two citizens had approached the County Manager about the possibility of purchasing small parcels of land from the County at the Poplar Springs Elementary location. Both of the parties own buildings that are encroaching on the land purchased by the County for construction of the elementary school. After discussion, board member consensus was to not sale the land to these gentlemen. This decision was based on safety reasons, because one parcel joins the playground area at the school.
