**Mrs. Jaime Mungo**  
Assistant Superintendent

**Mr. Andrew Willmott, CPA**  
Business Administrator/Board  
Secretary

Dear BCIT Families,

We are pleased to continue our partnership with Rowan College at Burlington County (RCBC), providing students with the opportunity to earn college credits while still in high school. The RCBC College Headstart Program, delivered through the College Accelerated Program (CAP), is facilitated by BCIT's certified teachers during regular school hours. Through this program, students will earn both high school and college credits for the courses they are enrolled in.

Please review the attached course listing to see if your child is enrolled in a college credit-bearing course through RCBC for the first semester.

## HOW TO PARTICIPATE

To take advantage of the college credit opportunity, students must:

1. Register with RCBC at [RCBC DualEnroll](#).
2. Maintain a minimum "C" average in each course to earn the college credit.

## COSTS

RCBC CAP RATES	3-4 CREDIT COURSE	5-8 CREDIT COURSE
Regular Rate	\$150 per course	\$300 per course*
Free/Reduced Lunch Qualifying Rate	\$100 per course	\$200 per course*

*\*compared to the usual cost of over \$400*

The online application opens on **January 2, 2026**, and the registration deadline is **February 2, 2026**.

Please contact your child's school counselor if you need assistance with the enrollment process.

## **SPECIAL SCHOLARSHIP OPPORTUNITY**

We are excited to share that students may qualify for a Perkins Grant Scholarship that covers the full cost of eligible CTE Dual Enrollment courses at no expense to families.

### **Scholarship Eligibility**

To qualify for this scholarship, students must:

- Be registered for an **approved CTE Dual Enrollment course** (please review the attached list of approved CTE Dual Enroll courses)
- Complete all steps of the Dual Enroll program
- Register for the course by Friday, February 2, 2026
- Be eligible for Free and Reduced Lunch and/or have a demonstrated need, communicated directly to the school counselor

**Important Note:** This is not a reimbursement program. Scholarship eligibility and allocation are determined at the time of course registration. A full list of eligible CTE majors and courses is included in the attached document.

If you believe your child qualifies for this scholarship, please notify your school counselor (especially if you are seeking consideration based on demonstrated need) before completing the registration process.

### **CAP REGISTRATION STEPS**

During the registration period **(January 2 - February 2)**, the following steps must be completed:

1. **Student** initiates registration in [DualEnroll](#).
2. **The School Counselor** reviews the request to ensure the student is registered for the appropriate course(s) and designates whether the student qualifies for free or reduced meals.
3. **The parent or guardian** completes the consent and payment process.

**Note:** If these steps are not completed by **February 2**, the registration will be canceled. Late registrations will not be accepted.

### **IMPORTANT INFORMATION**

- No additional fees for textbooks, lab materials, or activity fees.
- Each college/university has its own credit transfer policies. We recommend checking with the institution your child plans to attend to verify which RCBC credits will be accepted.
- CAP is not a replacement for the AP program. However, students who do not take the AP exam may still earn RCBC CAP credits if applicable.

- Only students who have a reasonable expectation of earning a "C" or better in the course should sign up for CAP credit, as RCBC only grants credit for "C" grades or higher.
- Students may only register for courses they are currently taking during this school year.
- Registration is final, and payment for CAP courses is non-refundable. All payments must be made online through RCBC.
- RCBC will not issue refunds for students who drop a course, earn less than a "C," or if a college does not accept CAP credit.

We appreciate your support and look forward to seeing your students thrive in their college and career pursuits.

For any questions, please don't hesitate to reach out to your child's counselor.

Sincerely,

Eder Joseph  
Assistant Superintendent

# Navigating DualEnroll

## Create an Account and Complete Application

- If you have not created a DualEnroll account previously, please visit [rcbc.dualenroll.com](http://rcbc.dualenroll.com). If you already have an account, please move to the **“Begin Course Registration”** section
- Click **“Create my Account”**
- Complete the Account Form
- **NOTE** – Account information, including email address, should be the information for the **student** registering. If using a high school email, make sure it can receive mail from outside of the school district.
- Confirm your account by either email or text using the activation code/link provided by DualEnroll (*if using email, be sure to check spam/junk folders*).
- Complete student profile, demographics, terms & conditions, FERPA disclosure, parent/guardian information and high school information – this is your application to RCBC!
- Once completed, you will be directed to the **“Courses”** area to begin registration.

## Begin Course Registration

- If you are registering on a different date than your application, make sure to log into [rcbc.dualenroll.com](http://rcbc.dualenroll.com) and click **“Courses”** from the top menu.
- Review the course options listed for your school and click your choice to start the registration process.
- Click the **“Begin Registration”** button for the course section you are interested in registering for (*enrollment is not complete at this step, but it is the last step for the student*).
- A notification box will appear asking if you would like to Request Another Class, View Current Status or Logout. Choose **“Request Another Class”** if you would like to register for more than one course.

## High School and Parent/Guardian Consent and Payment

- Once you submit your registration request, notification is sent to your school counselor.
- School counselors review the request and will approve the course if you are eligible.
- If approved, an email notification is sent to your parent/guardian with a special link that will be used to provide consent and payment.
- Once completed, the registration is sent to RCBC for final processing.

**NOTE** – All steps need to be completed before the designated deadline in order for a registration to be processed by RCBC. This includes the student, school counselor and parent/guardian steps. **The college cannot accept late registrations.**

Please visit [rcbc.edu/cap](http://rcbc.edu/cap) for more information or questions.
