Updated Data from FAST Progress Monitoring 2

Strategic data will be utilized to distinguish high/low performance and growth. Extra focus will be allotted to our ESSA Subgroups: African American, Students with disabilities, and ELL students. Vocabulary will be a focus school-wide across all subjects. Teachers will plot student reading and math data to identify student deficiencies. Our 6th grade data continues to show room for improvement as the grade level is showing minimal growth between the FAST PM1 to PM2. This group has been targeted throughout their time at Audubon.

Mid-Year Review Title 1

Review of new data was evaluated in correspondence with the School Improvement Plan. Support in grades 4-6 was identified as a continued need. Erin English has been hired to support Title I by pushing into 4th grade (defined area of need based on PM2 data). 5th and 6th grade are supported with push in assistance from Loggins, Dunegan, and Slaughter. 3rd grade is meeting expected gains and does not have push in support at this time.

Literacy Night

All Stars Literacy Night was very successful with the most participation to date for our family Literacy Night. Family surveys reported high enjoyment. Slaughter will plan and continue the One Book, One School read aloud tradition for next year.

Book Purchase Guidelines and Input

Kirkland provided titles and publisher information for book purchases from January to February. No issues with purchased texts.

Family Letter from Mrs. Jones

School Advisory Council Meeting Audubon Elementary

A letter to Audubon families was sent out to families to address front office and school changes. The front office door will remain locked and there is a glass divider between the

Questions?
