BAYSIDE HIGH SCHOOL HOME OF THE BEARS

2023-2024

DIGITAL PHYSICAL PACKET

MUST UPLOAD NEW EL2 AND BPS ECG FORM

Bayside High School

Bayside High School is switching to a digital physical platform and will be using Athletic Clearance for eligibility which is linked with the FHSAA.

Please follow the instructions to register your student/athlete to participate at Bayside High School.

You will need to start a new account. Once you do this you will keep the same account for your child's high school career. You will need to update it yearly so save your login and password.

Directions on creating an account and completing the Online Athletic Clearance

- 1. Visit https://athleticclearance.fhsaahome.org/
- 2. Click on "Create an Account" and follow steps or "Sign in" if you have previously created an account. Watch tutorial video if help is needed.
- 3. Register. PARENTS register with valid email username and password
- 4. Login using your email address that you registered with
- 5. Select "Start Clearance Here" to start the process.
- 6. Choose the School Year in which the student plans to participate. Example: Football in Aug. 2022 would be the 2022-2023 School Year.
- 7. Choose the School at which the student attends and will compete for.
- 8. <u>Choose Sport.</u> *You can also "Add New Sport" if a multi-sport athlete. Electronic signatures will be applied to the additional sports/activities.
- 9. Complete all required fields for Student Information, Educational History, Medical History and Signature Forms for both Parents and Students. (If you have gone through the AthleticClearance.com process before, you will select the Student and Parent/Guardian from the dropdown menu on those pages)
- 10. A physical exam must be performed and documented on the FHSAA form EL2. This form is also on the Athletics page to be printed and taken to the physician. Once the physical has been done it must be uploaded straight to your Athletic Clearance account.

NOTE: The Brevard Public Schools ECG Clearance form must be completed and uploaded along with the EL2 physical form.

- 11. Once you reach the **Confirmation Message** (if your school uses it) you have completed the process.
- 12. All of this data will be electronically filed with your school's athletic department for **review**. When the student has been **cleared for participation**, an email notification will be sent.

Please e-mail Sherrill.brandon@brevardschools.org and parr.aaron@brevardschools.org with any school-related questions you may have.

Brandon Sherrill Athletic/Activities Director Bayside High School

25	Have you ever had or do you have any problems with your eyes or vision?							
Participation in high school sports is not without risk. The student-athlete and parent/guardian acknowledge truthful answers to the above questions allows for a trained clinician to assess the individual student-athlete against risk factors associated with sports-related injuries and death. Florida Statute 1006.20 requires a student candidate for an interscholastic athletic team to successfully complete a preparticipation physical evaluation as the first step of injury prevention. This preparticipation physical evaluation shall be completed each year before participating in interscholastic athletic competition or engaging in any practice, tryout, workout, conditioning, or other physical activity, including activities that occur outside of the school year. We hereby state, to the best of our knowledge, that our answers to the above questions are complete and correct. In addition to the routine physical evaluation required by Florida Statute 1006.20, and FHSAA Bylaw 9.7, we understand and acknowledge that we are hereby advised that the student should undergo a cardiovascular assessment, which may include such diagnostic tests as								
electrocardiogram (ECG), echocardiogram (ECHO), and/or cardio stress test. The FHSAA Sports Medicine Advisory Committee strongly recommends a medical evaluation with your healthcare provider for risk factors of sudden cardiac arrest which may include the special tests listed above.

Cardiology Report: Electrocardiogram (ECG)

In accordance with Board Policy 2431 Interscholastic Athletics, as part of the middle and high school athletic packets, The School Board of Brevard County, Florida is requiring each student athlete wishing to participate in middle school and/or high school athletics, to have an electrocardiogram (ECG) screening prior to participating in his/her first athletic sport in middle school. An athlete who had an ECG screening prior to participating in his/her first athletic sport in high school, unless a previous ECG screening was completed within the preceding 365 days. An athlete who did not participate in middle school athletics, and therefore had not had a previous ECG screening, would need to have an ECG screening prior to partipating in his/her first athletic sport in high school.

Date: _		Student's Nan	ne: (Print)
