---------------	-----------

An out-of-field teacher is a teacher that is qualified to teach but has not yet met all certification requirements specified by the Florida Department of Education for the subject(s) he/she is teaching.

Florida Statute 1012.42 requires that parents are notified when their students are assigned to an out-of-field teacher. The Department of Education acknowledges that some subjects are difficult to fill and that there are shortages of teachers in certain fields. Employing out-of-field teachers allows schools to meet the curricular needs of all our students.

Be assured that the Brevard County Public School District is dedicated to serving every student with excellences as the standard.

Please feel free to contact me if you have questions regarding our teacher's qualifications.

Sincerely,

Holli Zander
