F) Narrative

This budget amendment request is to address both budgetary and program needs.

First is to open an accounting string needed for purchase of items needed for non-public schools.

Second is to improve the coordinated responses, implemented procedures, and collaboration with stakeholders related to coronavirus. This would be done through a COVID Relief supplement of \$600 for employees taking calls during night, weekend, and holiday hours outside of their contracted work hours. It would also include an on-call phone service for weekend, night, and holiday calls to ensure calls are directed correctly outside of Brevard Public Schools hours of operation. This would also support the addition of 2 office clerks (a 9-month contract and an 11-month contract) as well as the computers necessary for them to perform their job. Due to the high volume of time that is dedicated to coronavirus response and prevention these are all critical needs.

Third is to assist schools with communication between the school and e-learning families by providing funding for postage. 27% of our students are e-learners and require documents and forms to be mailed home, which is a significant cost to our schools for postage that is above and beyond what is accounted for in their normal yearly budgets.
