Career & Technical Education
Ask For's ... in CTE Classrooms and Labs
Brevard Public Schools

Teacher	Program Name	Course Name	Period	Date

	"Ask For"	Yes	No	Comments
Teacher	Do you belong to a professional organization? Which one?			
	What industry certifications or licenses do you currently hold?			
	What types of professional development have you participated in or led?			
	How do you expand your technical knowledge?			
Instruction	Are you using current CTE Curriculum FLDOE Frameworks? *(CTE teachers must teach 100% of FLDOE Standards and Outcomes)* https://www.fldoe.org/academics/career-adult-edu/career-tech-edu/curriculum-frameworks/2023-24-frameworks/			
	Do you have a copy of your instructional blueprints or do you have a Pacing Guide? If not, do you know where to find it? ? https://www.brevardschools.org/Page/14496			
	Are there any student performance standards that you cannot meet? Why?			
Industry Certifications and/or Digital Tools	How do you differentiate instruction and lab work?			
	How do you know that your students are ready to take their industry certification examination?			
	What were your industry certification pass rates for the previous year?			
	How do you access the current year's results to make decisions on instruction?			
	Where are you, this year, in working towards your students' industry certification?			
	Do you have testing dates mapped out for the year?			
	What procedure(s) do you use when testing and retesting students?			
Program	Safety Program: How do you document that each student has been instructed on safe use of equipment? Do you have signed safety forms?			
	Do you have a Business Advisory Committee? If so, can you share minutes from a meeting and its members?			
	Are you a sponsor for a Career & Technical Student Organization (CTSO)? What CTSO do your students belong to? Are you working with students on projects, competitions and scholarships?			
	What accomplishments have your students made this year? Do you help them set goals?			
Facility	Do you have a current and accurate inventory of equipment that has been purchased for the program you teach? May I see it?			
	Do you have any safety concerns with your equipment or facility?			

CTE Classroom Look-Fors

Teacher:_____ Date: _____ Time: _____

CTE Program:_____ Administrator:_____

Board Configuration	Learning Environment
_____ Objective posted _____ Essential question(s)/Learning Objectives tied to lesson or unit _____ Students know when they've met the objective Notes:	_____ Safety procedures posted _____ Classroom expectations posted; using positive language _____ Room/lab is organized for learning _____ Equipment is operational and well-maintained _____ Room/lab procedures in place and/or have become routine _____ Manages conduct _____ Word wall aligns with lesson _____ Positive classroom culture Notes:
Instructional Delivery _____ Research-based instructional practices _____ Gradual Release: ___I do ___ We do ___ You do _____ Intervention strategies embedded in lesson (clues, probing questions) _____Quality, higher-order questioning _____ Relevant vocabulary embedded in lesson _____ Differentiated Instruction: ___Process ___Content ___Product _____ Formative assessment; checking for understanding _____ Provides positive feedback to students _____ Cooperative learning _____ Integrates CTE program technology Notes:	**Student Behaviors** _____ Students actively engaged _____ Cooperative learning _____ Student collaboration _____ Interactions are respectful and supportive _____ Using classroom procedures _____ Hands-on learning _____ Working independently _____ Can respond to the lesson/unit essential question(s) _____ Tracking personal progress towards learning goals _____ Reflection/summarizing _____ Use equipment in a safe manner Notes:
