Hidden Disabilities

"A lot of disabilities are invisible, your reaction to them is not."

Communication is Key

- “It’s not what you say, but how you say it!”
- Types of communication:
 - Verbal
 - Paraverbal
 - Nonverbal

Rational Detachment

- You don't know what is in their "backpack" besides homework.
- Your outlook can make all the difference.
- What else could students be coming to school with that could impact their day?

Systems of Support

A teacher with curly hair is sitting on the floor, facing a group of young children. The children are sitting on the floor and clapping their hands. The background shows a classroom with colorful decorations on the wall.

No Matter the Role...

The Relationship Starts with You!
