Enrollment Procedures for Current Students

Before You Enroll

Please review the following important information before beginning the Home Education enrollment process:

- Students are encouraged to transition to Home Education at the start of a grading period or semester, whenever possible.
- Individual assignment grades do not transfer. Only final course grades may be transferred and recorded.
- Home Education students do not earn a traditional high school diploma through the district's Home Education Program. (S. 1002.41, F.S.)
- Home Education students may be eligible to participate in courses at their zoned school and extracurricular activities. (S. 1006.15, S.S.)
- Parents are responsible for maintaining educational records, portfolios, and documentation required by Florida Statute.

Enrollment Steps

1. Withdraw from Current School - The student must be withdrawn from their current educational placement prior to beginning Home Education.
2. Submit a Notice of Intent (NOI) - The parent or guardian must complete a Notice of Intent to Establish a Home Education Program. The form is available on the Home Education website under the Forms section.
    a. Submit the completed Notice of Intent in person at the student's zoned school (same day processing), or
    b. By email to homeeducation@brevardschools.org (7-10 business days).
3. Select Curriculum - Parents may choose the educational program that best meets their student's needs, including:
    a. Brevard Virtual School (BVS) through the FLVS Flex platform
    b. FLVS Flex
    c. Other parent-selected programs
4. Begin Instruction - Once the Notice of Intent has been submitted and a curriculum has been selected, instruction may begin. Parents assume responsibility for directing the student's educational program and maintaining required records.
