Introduction

Welcome to Brevard Public Schools. This handbook has been prepared to provide elementary and secondary students and their parents/legal guardians with some of the rules and guidelines concerning Brevard County Schools. The Code of Student Conduct covers schools' attendance, responsibilities and rights, as well as rules of conduct for students and is applicable to every student under the jurisdiction of the school district. For example, the Code of Student Conduct applies to students while on school grounds, while participating in e-learning, while being transported to or from school at public expense, during school-sponsored events, such as field trips, athletic functions, and similar activities.

It is the responsibility of the school principal, faculty, and staff to help students and parents/legal guardians understand and follow the rules of conduct. Parents/legal guardians are urged to read and discuss this handbook with their children in order to help them adjust more successfully at school.

Parents/legal guardians are encouraged to keep in close contact with their child's school. Also, your school may have additional guidelines which are specific to the local school activities and facilities. The active support and involvement of parents/legal guardians is needed continuously as we provide a safe and friendly place for children to learn.

Student Dress Code

[Board Policy 5511 Student Dress Code](#)

Florida State Statutes: [F.S. 1001.43\(1\)\(b\)](#), [F.S. 1006.07\(2\)\(d\)](#)

The Board recognizes that each student's mode of dress is a manifestation of personal style and individual preference. The Board will not interfere with the right of students and their parents/legal guardians to make decisions regarding their appearance, however, the standards of appearance for students shall ensure that the student is clean, neat, and properly dressed. They shall observe modes of dress and standards of personal grooming which are in conformity with the studious atmosphere and good personal hygiene necessary in schools. Furthermore, it is the responsibility of the principal to see that the dress or appearance of no student shall be extreme to the point of creating a disturbance or hazardous to oneself, others, or school property. The dress code shall be incorporated into the Student Code of Conduct.

Student Conduct, or any clothing, accessories, or regalia that conveys membership or affiliation with a "gang" or other similarly oriented group or association prone to violence or criminal acts. Gang clothing, accessories, or regalia can include, but is not limited to, gang related colors, rolled up bandanas about the head or other parts of the body, knit caps, rolled up or split pant cuffs, certain sports attire that has a "street meaning", etc.

The following procedures are established to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Individual schools may develop more restrictive dress requirements, if recommended by administrators, faculty, and staff, and if approved by a majority of School Advisory Council (SAC) members. Notice of amended requirements must be provided to all parents in a timely manner through at least one (1) written or verbal communication and published in a document, such as the school handbook or student planner. Principals may amend the dress code for events and special occasions such as spirit day, homecoming, Red Ribbon week or other district sanctioned events.

Statement of Academic Honesty

Cheating and plagiarism in any form as defined by this Code will be considered a critical breach of character and integrity, as well as a serious violation of the Code of Student Conduct. Brevard County Public Schools defines cheating as:

- The inappropriate and deliberate distribution or use of information, notes, materials, or work of another person in the completion of an academic exam, test, or assignment without specific teacher permission and proper crediting of the source (plagiarism). Refer to the Levels of Interventions and Consequences sections within this handbook for a listing of consequences relating to violations of academic honesty.
- In addition to the consequences applied by the teacher, a cheating or plagiarism violation will be referred to the administration and may result in the loss of eligibility or removal from an academic club, loss of academic honors and awards, and loss of eligibility to apply for or receive local academic scholarships. These decisions, any or all, would be decided by a committee of teachers appointed by the principal.

Student Conduct

Students are Under the Control of the School

All students are under the control and direction of the school principal or designee and the immediate control and direction of the teacher or another member of the instructional staff or bus driver to whom such responsibility may be assigned by the Principal:

- While being transported to or from school at public expense;
- While attending school or participating in eLearning or distance learning
- While engaged in a school-sponsored activity on the school premises or away from school premises;
- During a reasonable time before and after a student or students are on the premises for attendance at school or for authorized participation in a school-sponsored activity and only when on the premises. (A reasonable time shall mean thirty (30) minutes before the school day or school-sponsored activity is scheduled or actually begins or ends - whichever period is longer.)

In Loco Parentis

In some cases, a parent/legal guardian(s) may find it necessary for their child to live at another residence temporarily and may arrange for an adult to stand *in loco parentis* to the child in order to be admitted or continue in school. The Notification of In Loco Parentis Form should be completed to inform the school of the arrangement. In Loco Parentis forms are valid for not more than 30 days.

Staff Involvement

All school personnel shall be informed and responsible for all school board administrative rules concerning discipline. All school personnel shall become involved in the discipline process anywhere on campus or at school functions off campus. A good faith effort shall be made by the Principal to employ parental/legal guardian assistance or other alternative measures prior to suspension.

Guidelines

The following guidelines shall be used to govern student conduct at all school-sponsored activities and at any time the student is under school jurisdiction. It is students' responsibility to become knowledgeable of these conduct policies at the beginning of each school year and to abide by them throughout their time in Brevard Public Schools. Violation of law shall be reported to proper legal authorities.

Notice to Law Enforcement

School administrators shall ensure that the appropriate law enforcement agency is notified as soon as possible when an adult

or a student commits any of the following offenses on school property, on school-sponsored transportation, or during a school-sponsored activity: homicide (murder, manslaughter); sexual battery; armed robbery; aggravated battery; battery or aggravated battery on a teacher or other school personnel; kidnapping or abduction; arson; possession, and use, or sale of any firearm; possession, use, or sale of any explosive device, or any other offense, though not listed above, the nature of which is such that it impacts the safety of the school or the community.

Civil Citation

The criteria for recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a civil citation or similar pre-arrest diversion program as an alternative to expulsion or arrest includes being a first-time juvenile misdemeanor offender or those who have violated a county or municipal ordinance. This may include those involved in non non-serious incidents occurring on school property. Administration is encouraged to offer any recommendations to law enforcement during the course of the investigation. In all cases, the law enforcement officer investigates and determines eligibility based on set criteria.

General Offenses

Violation of any other law by students while on the school campus or at a school function will result in corrective action. The student may be suspended or recommended for expulsion and referral to proper law enforcement agencies.

Search and Seizure

Per [school board policy 5771](#), school authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicle and cell phone, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. Additional information may also be referenced in Florida State Statutes [901.21](#); [933.04](#); [1006.09\(9\)](#).

Right to Search

Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal or designee who shall first seek the freely offered consent of the student to the inspection. However, consent is not required for search subject to reasonable suspicion. Whenever possible, a search will be conducted by the principal or designee, in the presence of the student, another staff member, and/or a law enforcement officer. A search prompted by the reasonable suspicion that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property and consent is not a requirement. If the search is for weapons, the District's Active Assailant Response Procedures shall be relied upon as a guide. Refusal of a reasonable suspicion search will be presumptive confirmation of violation to be handled pursuant to the disciplinary guidelines of the Code of Student Conduct.

Felony Suspensions

A principal may initiate suspension proceedings against any student who is formally charged by a prosecuting attorney with a felony, or with a delinquent act which would be a felony if committed by an adult, for an incident which allegedly occurred on property other than that owned by the school district. If the incident is shown to have an adverse impact on the educational program, discipline, or welfare of the school, the student may be suspended or placed at an alternative program. The principal will hold an administrative hearing to make the determination. Teachers will be notified by the principal or another administrator if they have a student in their class who has been charged with a felony.

Bathroom/Restroom/Changing Facilities

In accordance with [F.S. 553.865](#), all individuals on Brevard Public Schools owned or controlled property must utilize the bathroom/restroom/changing facility according to their biological sex at birth. Individuals in violation of this law will be subject to disciplinary action.

Diversion Program

Students who are in violation of school board policy regarding the possession and/or use of drugs (DRU) or alcohol (ALC) on any school board owned or controlled property may be eligible for a drug diversion program offered by the school district for first time drug related offense.

Detention of Students

A student may be detained at school for a specified period of time either before, during, or after the regular school day or on Saturday. A reasonable effort shall be made to notify a student's parent/legal guardian prior to the detention. Transportation of students following detention is the responsibility of the parent/legal guardian.

Corporal Punishment-Control of Students

A teacher or other member of the certificated staff shall assume such authority for the control of students who are assigned to him/her by the Principal or designee and shall keep good order in the classroom. The use of corporal punishment is prohibited. Alternative disciplinary procedures, which may include time-out, peer review, or other forms of positive reinforcement, should be used to bring about appropriate student classroom behavior.

Due Process Rights

In accordance with school board policy 5610, prior to a suspension:
<ul style="list-style-type: none">• Student will receive oral and written notice of the infraction(s) and an explanation of the evidence.
<ul style="list-style-type: none">• Student will have an opportunity to explain their side of the story at an informal hearing.
<ul style="list-style-type: none">• An appeal may be addressed to the Superintendent or designee, whose decision will be final.
<ul style="list-style-type: none">• In cases of extremely disruptive or dangerous behavior, persons or groups involved may be immediately suspended and removed from the school campus without the necessity of a prior hearing.
Note: Our school district will honor suspensions, expulsions and alternative placements from other districts.

Emergency Removal

The exclusion of a student who poses an imminent danger to school district property or persons, or whose behavior presents an ongoing threat of disruption to the educational process.

Threat Management Teams

The primary purpose of a threat management is to identify, assess, manage, and monitor threats and concerning behaviors to schools, school staff, and students. The goal of all school safety efforts is to prevent violence or harm to the members of the school community. Threat management uses a methodology that identifies students exhibiting threatening or other concerning behavior, gathers information to assess the risk of harm to themselves or others, and identifies appropriate interventions to prevent violence and promote successful outcomes. The process applies a non-punitive assessment to distinguish between innocuous and serious situations. The aim of the threat management process is to intervene at the earliest state to provide assistance to students and to alter or disrupt concerning behaviors for the benefit of the student and schools.

The District and other agencies and individuals that provide services to students experiencing, or at risk of, an emotional disturbance or a mental illness and any service or support provider contracting with such agencies may share with each other records or information that are confidential or exempt from disclosure under [F.S. Chapter 119](#) if the records or information are reasonably necessary to ensure access to appropriate services for the student or to ensure the safety of the student or others.

If an immediate mental health or substance abuse crisis is suspected, school personnel shall follow policies established by the Threat Management Team to engage crisis supports and/or resources. Referral for services, including Mental Health Referrals, are not mandatory but always available.

Zero Tolerance for School-Related Crime

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law affecting students. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty shall be maintained in the schools of this District.

The Board has zero tolerance for conduct that poses a threat to school safety. Zero tolerance policies must apply equally to all students and are not intended to be rigorously applied to petty acts of misconduct. This zero-tolerance policy does not require the reporting of petty acts of misconduct to a law enforcement agency. Petty acts of misconduct, include, but are not limited to, disorderly conduct, disrupting a school function, Non-SESIR fighting, verbal abuse or use of profanity, cheating, horseplay, and other school-based offenses delineated in the Student Code of Conduct. Schools may consult with law enforcement to ensure the appropriate determination and definitions of misconduct, as well as counsel parents of their ability to seek law enforcement advice at the parent's discretion.

Florida law requires that students found to have committed one of the following offenses:

- A. Bringing or being in possession of a firearm or weapon, as defined in [Chapter 790, Florida Statutes](#), to school, to any school function, or onto any school-sponsored transportation; or
- B. Making a threat or false report, as defined by [Sections 790.162](#) and [790.163, Florida Statutes](#) involving school, school personnel, or school personnel's property, school transportation, or a school-sponsored activity;

Shall be expelled, with or without continuing educational services, from the student's regular school for a period of not less than one (1) full calendar year, and that the student shall be referred to mental health services identified by the District and to the criminal justice or juvenile justice system.

The District shall enter into agreements with local law enforcement specifying procedures so that acts that pose a threat to school safety, whether committed by a student or adult, are reported to a law enforcement agency having jurisdiction. Petty acts of misconduct which are not a threat to school safety do not require consultation with law enforcement.

Those acts that pose a threat to school safety include, but are not limited to:

- A. Possession of firearms or other weapons;
- B. Placing, discharging, or throwing an explosive item or noxious substance or making threats to do so;
- C. Arson;
- D. Felony assault; and
- E. Threats of unsafe and potentially harmful, dangerous, or criminal activities.

Notwithstanding any other provision of Board policy, pursuant to [Section 1006.13\(5\), Florida Statutes](#), any student found to have committed an act of assault or aggravated assault, or battery or aggravated battery, or simple battery on any elected official of the School District, teacher, administrator, or other School District personnel, shall be recommended for expulsion or placement in an alternative school setting, as appropriate. The minimum period of this expulsion or placement in an alternative school setting shall be one (1) full calendar year and the student may be referred to the criminal justice or juvenile justice system. Upon being charged with such offense, the student shall be removed from the classroom immediately and placed in an alternative school setting pending disposition.

The Superintendent may consider the one (1) full calendar year expulsion requirement on a case-by-case basis and request that the Board modify the requirement by assigning a student to a disciplinary program or second chance school if request for modification is in writing and it is determined to be in the best interest of the student and the school system. If a student committing either of the offenses enumerated above is a student who has a disability, the Board shall comply with applicable State Board of Education rules for discipline of such students.

The Code of Student Conduct that is adopted annually shall provide for review of a decision to suspend or expel a student pursuant to this policy and the Code, consistent with [Section 1006.07, Florida Statutes](#).

Furthermore, if the Board receives notice from the Department of Juvenile Justice, as required by law, that a student enrolled in the District has been adjudicated guilty of or delinquent for, or is found to have committed, regardless of whether adjudication is withheld, or pleads guilty or *nolo contendere* to, a felony violation as set forth in [Section 1006.13\(6\)\(a\), Florida Statutes](#), the Board shall, pursuant to the adopted cooperative agreement with the Department of Juvenile Justice, require that any no contact order entered by a court be enforced and that all of the necessary steps be taken to protect the victim of the offense, or a sibling of the victim.

Students may be subject to discipline for violation of the Code of Student Conduct even if that conduct occurs on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee. Student conduct shall be governed by the rules and provisions set forth in the Code of Student Conduct which is reviewed and adopted whenever revisions are proposed in accordance with [Chapter 120, Florida Statutes](#).

Procedures for Disciplinary Action

In order to protect student rights, certain procedures are followed with regard to disciplinary actions. These procedures are developed as suggested or required by law or regulation. School/classroom management strategies not covered by these specific procedures are encouraged.

Procedures for Referral Process

A student accused of misconduct, shall be afforded the following procedures. In emergency situations, these procedures may be modified so long as reasonable efforts are made to provide substantially similar opportunities for the [procedural safeguards](#).

Step 1:	The student must be told by the principal or designee of the reason(s) for the referral.
Step 2:	A thorough discipline investigation must be completed and documented. The student must be given the opportunity to present his/her side of the matter either verbally or in writing and must have the opportunity to present witnesses to the incident. The student and witness statements should be kept on file as documentary evidence.
Step 3:	The principal/designee shall make a determination as to whether the evidence supports the offense. If so, the principal/designee determines the appropriate corrective strategy according to the Code of Student Conduct. The student and parent(s)/guardian(s) shall be informed of the discipline response (Corrective Strategies).
Step 4:	FOR SUSPENSIONS: The principal/designee shall report each suspension in writing to the student's parent/guardian. This report shall be mailed within 24 hours of the start of the suspension or on the next regular workday. Reasonable efforts shall be made to contact the parent/guardian prior to the start of the suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the principal or his designee may determine that the suspension will start without the prior contact with the parent/guardian with continued reasonable efforts to contact the parent/guardian being made.
Step 5:	The student and parent/guardian have a right to request a conference with the principal or designee upon request of the parent/guardian to appeal the corrective strategy imposed. All such requests must be made within three (3) school days of the first notification of a discipline referral. The principal shall have the discretion to adjust the corrective strategy based on BPS discipline plan.
Step 6: 504/ESE	A manifestation determination review should be held each time any student with disabilities has been suspended for ten (10) days cumulative during a school year. The purpose is to determine if the placement is appropriate and if any changes need to be made in order to more effectively support the student's behavioral growth.
Note: All documentation must be maintained for a minimum of 3 years for major discipline offences and 5 years for expulsions.	

Students with Disabilities Discipline Rules

Individual Educational Plans (IEPs) and Section 504 Accommodation Plans must be reviewed when a student commits a disciplinary infraction that can lead to a recommendation for expulsion. Please refer to the Brevard County ESE Policies and Procedures plan.

Glossary

Definitions of Student Behavior

Student behavior occurring on a school campus, school board bus/bus stop, at a school or school board sponsored function, while participating in eLearning, distance learning or a field trip, or while at other School Board facilities, which is considered to be a violation of the Code of Student Conduct, is defined and described in this section. When a student commits an infraction, the behavior is classified according to the definition that best describes it.

School Environmental Safety Incident Reporting (SESIR) definitions were developed to enable school districts to correctly code data used to report incidents that are against the law or represent serious breaches of the Code of Student Conduct. Data is collected and reported at the state level and submitted to the US Department of Education. SESIR codes are indicated by a three (3) letter abbreviation.

Hate Related Incidents

An offense committed all or in part by hostility to the individual(s) real (or perceived) race, religion, color, sexual orientation, ethnicity, ancestry, nation origin, political beliefs, marital status, pregnancy, age, social and family background, linguistic preference, or disability. Compulsory School Attendance

Attendance Policy

In accordance with [Board Policy 5200 – Attendance](#), the educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session. School attendance shall be the responsibility of parents/legal guardians and students. A student who is not present for his or her instructional classes or program at school on a school day is marked absent.

Absences shall be reported to the school by the parent/legal guardian or eligible student as soon as practical.

In accordance with statute, the Superintendent shall require, from the parent/legal guardian of each student of compulsory school age or from an eligible student who has been absent from school or from class for any reason, a statement of the cause for such absence. The Board reserves the right to verify such statements and to investigate the cause of each single absence.

In addition, educators shall have the responsibility of encouraging regular attendance of students, maintaining accurate attendance records, and following reporting procedures prescribed by the Superintendent as follows:

- A. Teachers shall record absentees each period of the school day and report absences as required by the school;
- B. Parent/legal guardians should be notified each time their child is absent to prevent the development of patterns of nonattendance;
- C. When a student has at least five (5) unexcused absences or absences for which the reasons are unknown the principal or designee will refer the case to the schools' child study team to determine if early patterns of truancy are developing. If the child study team finds that a pattern of nonattendance is developing, a meeting with the parent must be scheduled to identify potential remedies. If the problem is not resolved, the child study team will implement interventions set forth in, and act in accordance with, the requirements in:
 - If a parent refuses to participate in the remedial strategies determined by the child study team because s/he believes that the strategies are unnecessary or inappropriate, the parent may appeal to the principal or designee.
 - If the principal's or designee's final determination is that the strategies of the child study team are appropriate, and the parent still refuses to participate or cooperate, the superintendent or designee may seek criminal prosecution for noncompliance with compulsory school attendance.
- D. Absences must be reported in writing to the school by the parent/legal guardian or eligible student as soon as possible. Failure to report and explain the absence(s) shall result in an unexcused absence(s). The final authority for determining acceptability of the reason for the absence(s) shall rest with the principal.

A student is considered to be present at school if away from school on a school day and engaged in an educational activity that constitutes a school approved instructional program or activity.

All students must be in attendance a minimum of four hours to participate in extracurricular activities.

Excused Absences

- A. Illness with medical documentation.
- B. Court appearance of the student.
- C. Medical appointment of the student (see Policy 5751).
- D. Pregnancy related issues.
- E. Approved school activity.

- F. Insurmountable conditions. Insurmountable conditions are extreme weather conditions, communicable disease outbreaks, and local conditions determined by the School District which, after taking into account the material circumstances, would render impracticable a student's attendance at school. (F.A.C. 6A-1.09513)
- G. Other absences with prior approval of the principal or designee.
- H. Attendance at a center under Children and Families Services supervision.
- I. Significant community events with prior permission of the principal or designee.
- J. Religious instruction or religious holiday.
- K. Death in the immediate family.
- L. Appointments for a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to Florida law for the treatment of autism spectrum disorder including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy.
- M. Chronic and extended illness.

Absence from School for Religious Instruction

It is the policy of the School Board to cooperate with those parents/legal guardians who wish to provide for religious instruction for their children but also recognizes its responsibility to enforce the attendance requirements set forth in the State-mandated Student Progression Plan.

Upon receipt of a signed, written request from the parent/legal guardian or adult student, the Board will grant permission and allow exceptions to the student's attendance at school for religious instruction outside the school building by a religious group, church, or denomination. The signed, written request shall include the following:

- A. A statement attesting that religious instruction is not provided at a time that does not conflict with the student's attendance at school.
- B. A statement of acceptance by the parent/legal guardian or adult student for any liability that might arise as a result of the student's conduct while on this release.
- C. A statement indemnifying and holding harmless the District and District personnel for any liability arising from conduct by the student that does not occur on property under the District's control.

Upon receipt of the signed, written request and provided the religious group, church, or denomination responsible for the religious instruction submits evidence, in writing, of the student's registration for religious instruction, as well as written weekly records documenting the student's attendance at such instruction for each day of release, the student shall be considered to have an excused absence during such release for religious instruction.

Prior to approving the request, the principal shall confirm that the student is enrolled in sufficient courses to allow for promotion or graduation and that the student's grades are adequate for promotion or graduation.

The principal may terminate the student's permission for non-attendance. The parent/legal guardian or adult student may appeal the principal's decisions to terminate permission for the student to be released for religious instruction to the Superintendent. Religious instruction shall be the responsibility of the religious group, church, or denomination and transportation shall be the responsibility of the parent/legal guardian, adult, student, or the religious institution.

No solicitation for attendance at religious instruction shall be permitted on District premises. No staff member shall encourage or discourage participation in any religious instructional program.

Absences Related to Treatment of Autism Spectrum Disorder

Appointments for a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to Florida law for the treatment of autism spectrum disorder including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy are considered excused absences with the provision of proper documentation. Parent/Legal guardians must request and be granted approval prior to the treatment.

Release of Students

Students are released to the parent/legal guardian of record only. A parent/legal guardian must give advance written

notice to the school when requesting a child be released to other designated persons. School personnel will require persons who are requesting to pick up children from school to show proper identification.

Make-Up Work

For excused absences, the student shall have a reasonable amount of time, up to ten (10) school days, to complete make-up work. Principals or designee may grant extensions to the make-up time limit for extenuating circumstances.

For unexcused absences, each principal or designee shall establish site-specific procedures that encourage both regular attendance and high academic achievement and shall review and modify these procedures from time-to-time as required to maintain and improve their effectiveness.

Tardiness

Each school should establish a tardy policy to ensure prompt arrival to school and class. Chronic tardiness to school and/or class may result in referral to the appropriate administrator or designee.

Habitual Truant

As defined in [Section 1003.01\(8\), Florida Statutes](#), a "habitual truant" is a student who has fifteen (15) or more unexcused absences within ninety (90) calendar days with or without the knowledge or consent of the student's parent/legal guardian, and who is subject to compulsory school attendance.

Any student who accumulates a total of fifteen (15) days of unexcused absences in a period of ninety (90) calendar days will be considered habitually truant. The student and his/her parent/legal guardian shall be informed of excessive absences as well as the district's intent to file a complaint with the Circuit Court Juvenile Division or State Attorney's Office and notify the Department of Highway Safety and Motor Vehicles (DHSMV), if applicable.

Driver's License

Pursuant to [Section 322.091, Florida Statutes](#), the 1997 Florida Legislature enacted requirements that schools report to the Department of Highway Safety and Motor Vehicles (DHSMV) the name, birth date, sex, and social security number of any minor who attains the age of 14 and accumulates fifteen (15) unexcused absences in a period of ninety (90) calendar days. The legislation further provides that those minors who thus fail to satisfy attendance requirements will be ineligible for the driving privilege.

Married and/or Pregnant Students

Married and/or pregnant students shall not be prohibited from attending school. Teenage parents/legal guardians shall receive the same educational instruction or its equivalent as other students but may voluntarily be assigned to a class or program suited to their special needs.

Students participating in Teenage Parent Programs (TAP) shall be exempt from any minimum attendance requirements for absences relating to pregnancy or parenting but shall be required to make up the work missed due to the absence pursuant to [Section 1003.54, Florida Statutes](#), before a passing grade and/or credit is assigned. Make up work should be completed as soon as possible.

The School District prohibits the discrimination against pregnant and parenting students, as required by the Title IX of the Education Amendments Act of 1972 and implementing its regulations. Students have the right to contact the Title IX Coordinator for any pregnancy or parenting related complaints or accommodations.

College Visits and Military Recruitment

Trips for college/military should be scheduled when school is not in session. The administration may make an exemption if the college or military facility has a planned program agenda for a specific day or if the student has a

specific appointment with a college or military official that is validated in writing. These trips are limited to junior and senior students, for three (3) school days per school year.

Adult Students

An eligible student (18 years of age) who is not residing with a parent or legal guardian shall not be prohibited from registering or remaining in school. All eligible students are required to follow all school board rules, policies, and procedures, and shall be under the authority of the Principal as it relates to leaving school grounds, attendance and discipline procedures.

Regular School Attendance

- A. Regular school attendance shall be the responsibility of parent/legal guardians and students. In addition, the parent/legal guardian shall be required to justify each absence of the child by providing the reasons and explanations for the child's absence to the school.
- B. Each school shall continually encourage and promote regular school attendance of students. Furthermore, each school shall maintain accurate attendance records, track absences, and follow attendance reporting procedures prescribed by the Superintendent.
- C. Teachers shall record absentees each period of the school day and report absences as required by the school. Parent/legal guardians should be notified each time their child is absent as far as possible.
- D. It is recommended that after three days of absence for which the reason is unknown, the Principal or designee shall contact the student's parent or legal guardian to determine the reason for the absence. The final authority for determining acceptability of the reason for the absence(s) shall rest with the Principal.
- E. Any student who fails to attend any regularly scheduled class and has no excuse for the absence shall be referred to the appropriate school administrator. Disciplinary action shall include notifying the student's parent/legal guardian. Chronic truancy, deliberate nonattendance, or students with at least five (5) unexcused absences shall result in a referral to the Child study team.
- F. Students identified as physically or mentally impaired and eligible under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 and are exhibiting a pattern of non-attendance shall be referred to the child study team to review the attendance record and make appropriate recommendations.

Absence of Student for Work

Students may not be given excused absences to remain out of school for the purpose of working unless the job is an integral part of the student's instructional program.

Leaving School Grounds and Early Dismissal

No student shall be permitted to leave school prior to dismissal at the request of or in the company of anyone other than a school employee, a police officer with judicial authority, a court official, or the parent/legal guardian of the student unless the permission of the parent or legal guardian of record be first secured. Parent/legal guardians may have access to the student or may grant permission to allow the student to leave school prior to dismissal unless the school has been provided with evidence that there is a legally binding instrument or court order governing such matters as divorce, separation, or custody, which provides to the contrary . Failure to follow all school and District rules or polices regarding this may result in disciplinary action being taken.

Non-Resident Students

Students who are not residents of Brevard County may attend Brevard County Schools upon compliance with Florida Laws governing admission of students to the schools of the state. Such students may be assigned to schools by the Superintendent.

Parents' Responsibility for School Attendance

Each parent of a child within the compulsory attendance age shall be responsible for such child's school attendance as required by law. Parents will not be held responsible for their child's nonattendance at school due to insurmountable conditions. The term insurmountable condition is defined as follows:

- a) Extreme weather conditions such as, but not limited to, floods, hurricanes, tornadoes which make it impracticable or inadvisable for the safety of the student to attend school.
- b) Communicable disease outbreaks such as, but not limited to, measles and chicken pox, which the state health officer or county health medical director indicates a student should be excluded from school for reasons of health and safety.
- c) Local conditions determined by the school district which, after taking into account the material circumstances, would render impracticable a student's attendance at school.

The school district shall provide a parent with a reasonable opportunity to be heard before referring a case for enforcement pursuant to Section 1003.27, F.S

Electronic/Wireless Devices

In accordance with [Board Policy 5136 – Wireless Communication Devices](#), the School Board is aware that wireless communication devices (WCDs) are used by students and parents/legal guardians to communicate with each other. However, the use of WCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment. This policy sets forth the District's policy with respect to WCDs.

1. For purposes of this policy, "wireless communication device" ("WCD") includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), smart watches, air buds/ear buds, Bluetooth Audio, wireless headsets, telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type.
2. The Board is aware that WCDs are used by students and parents/legal guardians to communicate with each other. However, the use of WCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment. This policy sets forth the District's policy with respect to WCDs.
3. Pursuant to State law, students shall not operate a motor vehicle owned or leased by the District on or off school property, or personal motor vehicle on District property, while manually typing or entering multiple letters, numbers, symbols, or other characters into a WCD or while sending or reading messages on such a device, for the purpose of non-voice interpersonal communication, including, but not limited to, communication methods known as texting, e-mailing, instant messaging, and snap chatting.
4. Students may not use WCDs during instructional time and are prohibited from accessing social media platforms through the use of Internet access provided by the District, except when expressly directed by a teacher solely for educational purposes. Teachers shall designate an area for WCDs to be stored during instructional time.
5. While students may possess WCDs in school during non-instructional time, on school property, during after school activities (e.g., extra-curricular activities), and at school-related functions, they either must be powered completely off or placed into vibrate/silent mode) and stored out of sight during school hours.
6. When authorized and approved by the site principal, students may use WCDs before and after school, during their lunch break, in between classes, during after school activities (e.g., extra-curricular activities), and at school-related functions, as long as they do not create a distraction, disruption, or otherwise interfere with the educational environment. Use of WCDs, except those approved by an administrator, at any other time is prohibited and WCDs must be either powered completely off (or placed into vibrate or silent mode) and stored out of sight.
7. Technology including, but not limited to, WCDs, intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved and expressly directed by the principal. However, the use of a WCD to engage in non-education-related communications is expressly prohibited.
8. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school and shall not download or access prohibited applications using Internet access provided by the District. The use of a WCD for non-educational purposes including but not limited to recording staff and/or students without their permission or knowledge or recording fights and/or sharing non-academic related content is strictly prohibited.
9. Students may use WCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.
10. Also, when directed by the administrator or sponsor, WCDs shall be powered completely off during after school activities (not just placed into vibrate or silent mode) and stored out of sight.

11. Under certain circumstances, a student may keep his/her WCD "on" with prior approval from the principal or for health care and/or communication needs that require a WCD, including, but not limited to, heart monitors, diabetes monitors and other WCD assistive technology that are on an Individualized Education Plan (IEP), Section 504 Accommodation Plan, or Health Care Plan.
12. Except as authorized by an administrator, or IEP Team, students are prohibited from using WCDs during the school day, including while off-campus on a field trip, to capture, record or transmit the words or sounds (i.e. audio) and/or images (i.e. pictures/video) of any student, staff member, or other person in the school or while attending a school-related activity, without express prior notice and explicit, written consent for the capture, recording, or transmission of such words or images. Using a WCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the end of the school day and/or until a parent/legal guardian picks it up and may be directed to delete the audio and/or picture/video file while the parent/legal guardian is present. If the violation involves potentially illegal activity the confiscated WCD may be turned over to law enforcement. The prohibitions herein also include using a WCD or any other device to covertly listen-in or make a recording (audio or video) of any meeting or activity in school. This includes placing a WCD or other device with one- or two-way audio and video communication technology (i.e. technology that allows a person to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag or other property of the student or on the student's person without express written consent from an administrator, IEP Team, or Section 504 Team.
13. "Sexting" is prohibited at any time on school property or at school functions. As set forth in State law, "sexting" is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity. Such conduct not only is potentially dangerous for the involved students but can lead to unwanted exposure of the messages and images to others and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.
14. WCDs, including, but not limited to, those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and the principal are authorized to determine other specific locations and situations where use of a WCD is absolutely prohibited.
15. Students shall have no expectation of confidentiality with respect to their use of WCDs on school premises/property.
16. Students may not use a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Harassment. In particular, students are prohibited from using WCDs to: (a) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (b) engage in "sexting" - i.e., sending, receiving, sharing, viewing or possessing pictures, text messages, e-mails, or other materials of a sexual nature in electronic or any other form. As set forth in State law, "sexting" is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity and is harmful to minors. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

17. Students are also prohibited from using a WCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using WCDs to receive such information.
18. Possession of a WCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.
19. Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student at the end of the day for their first offense, any further violations will result in the need for the student's parent/legal guardian to pick up the WCD. The WCD will be returned after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the WCD may be turned over to law enforcement. In particularly egregious offenses involving the invasion of another person's privacy, the Board reserves the right to confiscate the WCD and hold it until the end of the school year. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/legal guardian or turned over to law enforcement. School officials will not search or otherwise tamper with WCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rule. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.
20. A person who discovers a student using a WCD in violation of this policy is required to report the violation to the building principal.
21. Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of WCDs brought onto its property, or the unauthorized use of such devices.
22. Parents/Legal guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.
23. Students may use the school's phone to contact their parents/legal guardians during the school day.

Educators are required to follow the Principles of Professional Conduct of the Education Profession in Florida (State Board of Education Rule 6B-1.006, FAC). To report alleged educator misconduct, contact the Director of Professional Standards and Labor Relations at (321) 633-1000, ext. 11265.
