Complete - summer 2015 and summer 2016 construction
Significant unplanned failure - work complete summer 2016
Construction summer 2017
Significant unplanned failure - construction summer 2017, summer 2018
Construction summer 2018
Construction summer 2019
Construction planned summer 2020
Support Facility: Deferred until all school projects are funded
West Shore HVAC assessment not included in Attachment F. Based on HVAC components rated Condition Code 1, \$3,087,128 added to mechanical system and priority recalculated, resulting in higher placement on priority list. Completed summer 2019.

Note: The priority order is based on several factors, heavily influenced by the condition of major systems such as HVAC and roofing. If a failure or imminent failure occurs, components may be replaced out of sequence. An out of sequence report is regularly provided to the Independent Citizens Oversight Committee (ICOC). Some major projects may require 2 years to complete all aspects of the project, depending on the scope of work. South Lake advanced one year to construct improvements before school is reopened (approved by ICOC).
