

INSTALLING THE SECURE BROWSER

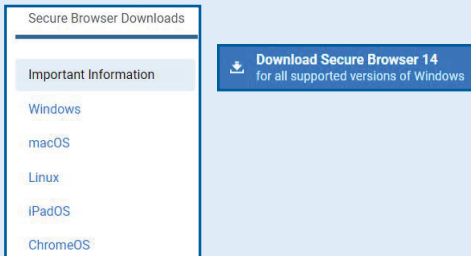

- 1** Open the portal at www.ffast.org and click the **Florida Assessment of Student Thinking (FAST)** card.

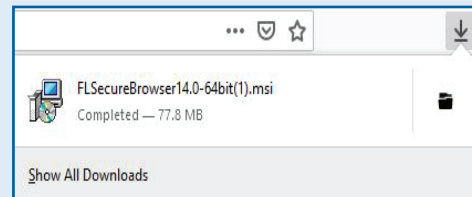

- 2** Scroll to bottom and click the **Secure Browsers** button.

- 3** Select **Windows, macOS, Linux, iPadOS, or ChromeOS** tab. Click blue **Download Secure Browser** button.

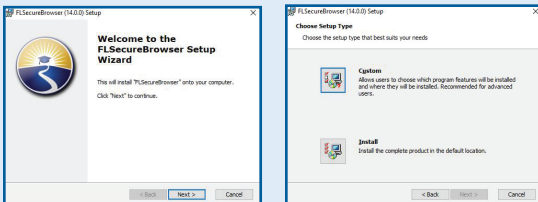

- 4** Double-click the installation file.
Note: file appears different for each browser.

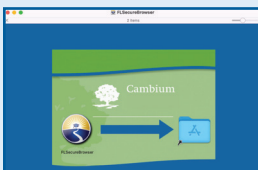

- 5** Follow instructions based on your operating system.

Windows: Setup Wizard
Click **Next**, accept license agreement and click **Install** for auto setup.

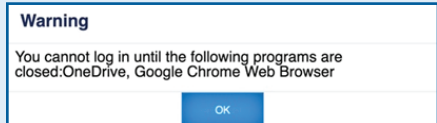

macOS: drag SB icon to apps folder

iPadOS & ChromeOS: SecureTestBrowser icon will appear on device.

- 6** When successfully installed:
a. Ensure all programs are closed on your device.

- b. Double click on Secure Browser icon. Student login appears.

- c. To exit browser, click X.
