

Parent Notifications

As required by the Every Student Succeeds Act (ESSA) the following information is to be shared annually with parents:

Right to Know Information

All parents of a student in our school have the right to request information about the professional qualifications of the teachers or teaching assistants who serve their child. This information may be requested at the front office.

Non-State Certified Teacher Notification

ESSA requires us to notify parents when a teacher, who does not meet state certification or licensure requirements at the grade level and subject area in which they are assigned, teaches your child for four consecutive weeks. It is Brevard Public Schools' policy to only employ state certified teachers. However, we will send home a letter providing you with specific details about the situation if this ever occurs.

Title I Complaint Procedure

If any LEA or School Plans (e.g. Title I LEA Plan, Title I LEA PFEP, Title I School PFEP or SIP) are not satisfactory to the parents of participating children, the school district will submit any parent comments with the Title I, Part A plan when the school district submits the plan to the State Department of Education. Parents must be informed of their rights to submit comments. Comments received at Title I schools **MUST** be forwarded to the Office of Title I and those comments will be included with submission of the LEA Title I Plan, as required.

What is Title I?

Title I provides support through resources and research-based training, enabling schools to develop high quality, enriched programs that meet the individual needs of all children, families, and staff.

Title I is a federally funded program designed to improve achievement at schools with a high percentage of students eligible for free and reduced priced lunches. Every student enrolled in our school is eligible for Title I services. Programs are designed to serve children who need extra help in meeting state standards.

Our school has coordinated the Title I plan with our Schoolwide Improvement Plan (SIP). Parents who are elected to serve on the School Advisory Committee (SAC) participate in the development and review of all school plans. Copies of plans are available upon request from the front office or at the school website.

At Challenger 7 Elementary School our Title I program provides services to our students by:

- Utilizing a highly qualified Title I teacher to support in reading interventions
- Hosting family engagement nights
- Purchasing hands-on materials and computer software to enhance math and reading
