

Parent & Student Focus Account Information

Did you know that Focus can provide you with much more than just student grades? Grades, assignments, attendance records, communication from teachers and the school plus much more, are all available within Focus! Focus also has an app that you can access quickly on your smart phone!

Forgotten Parent account password? Please go to www.brevardschools.org then click on the tab for Focus. Once on the Focus login page, click on the link that says “*[Click here if you forgot your Focus Parent Portal password](#)*” (the link will be located toward the bottom of the page).

Different Accounts & different access points

The parent Focus account is separate from student Focus accounts. Parents access Focus through either the BPS Focus app OR www.brevardschools.org (click on the Focus tab and login). Students access Focus through their Launchpad account.

Getting started:

Parents must have a Focus PIN to build their account. PIN letters can be obtained by either coming into the school in person (please make sure that you have a valid form of ID with you), at your request a letter can be printed out and handed to your child for them to deliver home or you can email: Colburn.shelley@brevardschools.org and request a PIN. If you email a request, please provide your full name, your child's full name, student ID number and grade in the body of the email.

* Please note only parents and/or legal guardians are allowed Focus accounts.

Information is provided within the PIN letter on how to activate your account. In addition, please see link below to assist you with set up, navigating Focus and frequently asked questions.
