

2024-25

Central Middle School Student Athlete Packet

Student Name _____ Student Number _____

Date of Birth ____/____/____ Age ____ Grade: 7 / 8 Gender: Female / Male

Parent _____ Phone _____ Email _____

Parent _____ Phone _____ Email _____

Eligibility to tryout or participate in any sport:

- Completed Sports Physical Packet (a new packet must be completed each school year – We recommend after June 1)
 - EL2 - must be cleared by a physician
 - EL3 - must include completed insurance information (if you do not have insurance, it can be purchased through schoolinsuranceofflorida.com)
 - ECG
- Students must have a minimum of a 2.0 GPA
- Students are ineligible if they turned 15 prior to July 1, 2024

Student Athlete Agreement:

- Student athletes will maintain a C or above in all classes
- Student athletes will maintain good behavior and not get any detentions or referrals
- Student athletes will arrive to practice and get picked up on time
- Student athletes will demonstrate good sportsmanship
- Student athletes will represent themselves, the team, and the school well on social media
- Coach's discretion will be used for consequences for not meeting the above expectations
- Disciplinary action resulting in suspension will result missing a game/meet
- A second suspension, major infraction, or excessive infractions will result in the removal from the team

Student Signature _____ Date _____

Parent Signature _____ Date _____

PREPARTICIPATION PHYSICAL EVALUATION (Page 4 of 4)

SUBMIT THIS MEDICAL ELIGIBILITY FORM TO THE SCHOOL

This form is valid for 365 calendar days from the date signed below.

EL2

Revised 4/24

MEDICAL ELIGIBILITY FORM

Student Information (to be completed by student and parent) print legibly

Student's Full Name: _____ Biological Sex: _____ Age: _____ Date of Birth: ___/___/___
School: _____ Grade in School: _____ Sport(s): _____
Home Address: _____ City/State: _____ Home Phone: (____) _____
Name of Parent/Guardian: _____ E-mail: _____
Person to Contact in Case of Emergency: _____ Relationship to Student: _____
Emergency Contact Cell Phone: (____) _____ Work Phone: (____) _____ Other Phone: (____) _____
Family Healthcare Provider: _____ City/State: _____ Office Phone: (____) _____

The preparticipation physical evaluation must be administered by a practitioner licensed under Florida chapter 458, chapter 459, chapter 460, §464.012, or registered under §464.0123, and in good standing with the practitioner's regulatory board. (§1006.20(2)(c), F.S.)

- Medically eligible for all sports without restriction
Medically eligible for all sports without restriction with recommendations for further evaluation or treatment of: (use additional sheet, if necessary)

Medically eligible for only certain sports as listed below:

Not medically eligible for any sports

Recommendations: (use additional sheet, if necessary)

I hereby certify that I, or a clinician under my direct supervision, have examined the above-named student-athlete using the FHSAA EL2 Preparticipation Physical Evaluation and have provided the conclusion(s) listed above. A copy of the exam has been retained and can be accessed by the parent as requested. Any injury or other medical conditions that arise after the date of this medical clearance should be properly evaluated, diagnosed, and treated by an appropriate healthcare professional prior to participation in activities.

Name of Healthcare Professional (print or type): _____ Date of Exam: ___/___/___
Address: _____ Phone: (____) _____
Signature of Healthcare Professional: _____ Credentials: _____ License #: _____

SHARED EMERGENCY INFORMATION - completed at the time of assessment by practitioner and parent

Check this box if there is no relevant medical history to share related to participation in competitive sports.

Provider Stamp (if required by school)

Medications: (use additional sheet, if necessary)

List: _____

Relevant medical history to be reviewed by athletic trainer/team physician: (explain below, use additional sheet, if necessary)

- Allergies Asthma Cardiac/Heart Concussion Diabetes Heat Illness Orthopedic Surgical History Sickle Cell Trait Other

Explain: _____

Signature of Student: _____ Date: ___/___/___ Signature of Parent/Guardian: _____ Date: ___/___/___

We hereby state, to the best of our knowledge the information recorded on this form is complete and correct. We understand and acknowledge that we are hereby advised that the student should undergo a cardiovascular assessment, which may include such diagnostic tests as electrocardiogram (ECG), echocardiogram (ECHO), and/or cardio stress test.

This form is not considered valid unless all sections are complete.

Cardiology Report: Electrocardiogram (ECG)

In accordance with Board Policy 2431 Interscholastic Athletics, as part of the middle and high school athletic packets, The School Board of Brevard County, Florida is requiring each student athlete wishing to participate in middle school and/or high school athletics, to have an electrocardiogram (ECG) screening prior to participating in his/her first athletic sport in middle school. An athlete who had an ECG screening prior to participating in his/her first athletic sport in middle school would need a second ECG screening prior to participating in his/her first athletic sport in high school, unless a previous ECG screening was completed within the preceding 365 days. An athlete who did not participate in middle school athletics, and therefore had not had a previous ECG screening, would need to have an ECG screening prior to participating in his/her first athletic sport in high school.

Date: _____ Student's Name: (Print) _____

Name of School: _____

Sex: _____ Date of Birth: _____ Age: _____ Grade: _____ Student ID #: _____

An ECG screening has previously been completed and is on file at _____ School. My child has been cleared for participation in middle school athletics or high school athletics.

An ECG Screening was completed and evaluated by an outside vendor. Attached is the documentation clearing my child for participation in middle school athletics or high school athletics.

The following represents the findings of the licensed physician or practitioner after reviewing the ECG screening results for my child:

Cardiac Clearance:
(To be completed by a Licensed Physician or Practitioner*)

Low Risk/Cleared for Participation: _____ Higher Risk/Not Cleared for Participation: _____ Date: _____

Name of Licensed Physician or Practitioner*:

 (Print Name) (Signature)

Name of Office: _____ Phone: _____

Address: _____ City: _____ Zip Code: _____

I decline participation in the ECG screening on behalf of my child although I understand an ECG screening may assist in diagnosing several different heart conditions that may contribute to sudden cardiac death.

 Parent/Legal Guardian Name Printed

 Parent/Legal Guardian Signature

 Parent/Legal Guardian Phone #

*See Section 1006.20(2)(c), Florida Statutes.

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature. This form is non-transferable; a change of schools during the validity period of this form will require this form to be re-submitted.

School: _____ School District (if applicable): _____

Part 1: Student Acknowledgement and Release (to be signed by student at the bottom)

I have read the (condensed) FHSAA Eligibility Rules printed on page 5 of this "Consent and Release from Liability Certificate" and know of no reason why I am not eligible to represent my school in interscholastic athletic competition. If accepted as a representative, I agree to follow the rules of my school and FHSAA and to abide by their decisions. I know that athletic participation is a privilege. I know of the risks involved in athletic participation, understand that serious injury, including the potential for a concussion, and even death, is possible in such participation, and choose to accept such risks. I voluntarily accept any and all responsibility for my own safety and welfare while participating in athletics, with full understanding of the risks involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/guardian(s), I hereby release and hold harmless my school, the schools against which it competes, the school district, the contest officials, and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because of any accident or mishap involving my athletic participation. I hereby authorize the use or disclosure of my individually identifiable health information should treatment for illness or injury become necessary. I hereby grant to FHSAA the right to review all records relevant to my athletic eligibility including, but not limited to, my records relating to enrollment and attendance, academic standing, age, discipline, finances, residence, and physical fitness. I hereby grant the released parties the right to photograph and/or videotape me and further to use my name, face, likeness, voice, and appearance in connection with exhibitions, publicity, advertising, promotional, and commercial materials without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein. I understand that the authorizations and rights granted herein are voluntary and that I may revoke any or all of them at any time by submitting said revocation in writing to my school. By doing so, however, I understand that I will no longer be eligible for participation in interscholastic athletics.

Part 2: Parent/Guardian Consent, Acknowledgement and Release (to be completed and signed by parent(s)/guardian(s) at the bottom; where divorced or separated, parent/guardian with legal custody must sign.)

A. I hereby give consent for my child/ward to participate in any FHSAA recognized or sanctioned sport EXCEPT for the following sport(s):

List sport(s) exceptions here

B. I understand that participation may necessitate an early dismissal from classes.

C. I know of and acknowledge that my child/ward knows of the risks involved in interscholastic athletic participation, understand that serious injury, and even death, is possible in such participation and choose to accept any and all responsibility for his/her safety and welfare while participating in athletics. With full understanding of the risks involved, I release and hold harmless my child's/ward's school, the schools against which it competes, the school district, the contest officials, and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because of any accident or mishap involving the athletic participation of my child/ward. As required in F.S. 1014.06(1), I specifically authorize healthcare services to be provided for my child/ward by a healthcare practitioner, as defined in F.S. 456.001, or someone under the direct supervision of a healthcare practitioner, should the need arise for such treatment, while my child/ward is under the supervision of the school. I further hereby authorize the use of disclosure of my child's/ward's individually identifiable health information should treatment for illness or injury become necessary. I consent to the disclosure to the FHSAA, upon its request, of all records relevant to my child's/ward's athletic eligibility including, but not limited to, records relating to enrollment and attendance, academic standing, age, discipline, finances, residence, and physical fitness. I grant the released parties the right to photograph and/or videotape my child/ward and further to use said child's/ward's name, face, likeness, voice, and appearance in connection with exhibitions, publicity, advertising, promotional, and commercial materials without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein.

D. I am aware of the potential danger of concussions and/or head and neck injuries in interscholastic athletics. I also have knowledge about the risk of continuing to participate once such an injury is sustained without proper medical clearance.

READ THIS FORM COMPLETELY AND CAREFULLY. YOU ARE AGREEING TO LET YOUR MINOR CHILD/WARD ENGAGE IN A POTENTIALLY DANGEROUS ACTIVITY. YOU ARE AGREEING THAT, EVEN IF YOUR CHILD'S/WARD'S SCHOOL, THE SCHOOLS AGAINST WHICH IT COMPETES, THE SCHOOL DISTRICT, THE CONTEST OFFICIALS, AND FHSAA USE REASONABLE CARE IN PROVIDING THIS ACTIVITY, THERE IS A CHANCE YOUR CHILD/WARD MAY BE SERIOUSLY INJURED OR KILLED BY PARTICIPATING IN THIS ACTIVITY BECAUSE THERE ARE CERTAIN DANGERS INHERENT IN THE ACTIVITY WHICH CANNOT BE AVOIDED OR ELIMINATED. BY SIGNING THIS FORM, YOU ARE GIVING UP YOUR CHILD'S/WARD'S RIGHT AND YOUR RIGHT TO RECOVER FROM YOUR CHILD'S/WARD'S SCHOOL, THE SCHOOLS AGAINST WHICH IT COMPETES, THE SCHOOL DISTRICT, THE CONTEST OFFICIALS, AND FHSAA IN A LAWSUIT FOR ANY PERSONAL INJURY, INCLUDING DEATH, TO YOUR CHILD/WARD OR ANY PROPOERTY DAMAGE THAT RESULTS FROM THE RISKS THAT ARE A NATURAL PART OF THE ACTIVITY. YOU HAVE THE RIGHT TO REFUSE TO SIGN THIS FORM, AND YOUR CHILD'S/WARD'S SCHOOL, THE SCHOOLS AGAINST WHICH IT COMPETES, THE SCHOOL DISTRICT, THE CONTEST OFFICIALS, AND FHSAA HAS THE RIGHT TO REFUSE TO LET YOUR CHILD/WARD PARTICIPATE IF YOU DO NOT SIGN THIS FORM.

E. I agree that, in the event we/I pursue litigation seeking injunctive relief or other legal action impacting my child/ward (individually) or my child's/ward's team participation in FHSAA State Series contests, such action shall be filed in the Alachua County, Florida, Circuit Court.

F. I understand that the authorizations and rights granted herein are voluntary and that I may revoke any or all of them at any time by submitting said revocation in writing to my child's/ward's school. By doing so, however, I understand that my child/ward will no longer be eligible for participation in interscholastic athletics.

G. Please check the appropriate box(es):

- My child/ward is covered under our family health insurance plan, which has limits of not less than \$25,000. Company: _____ Policy Number: _____
- My child/ward is covered by his/her school's activities medical base insurance plan.
- I have purchased supplemental football insurance through my child's/ward's school.

I HAVE READ THIS CAREFULLY AND KNOW IT CONTAINS A RELEASE (only one parent/guardian signature is required)

Name of Parent/Guardian (printed) _____ Signature of Parent/Guardian _____ Date _____

Name of Parent/Guardian (printed) _____ Signature of Parent/Guardian _____ Date _____

I HAVE READ THIS CAREFULLY AND KNOW IT CONTAINS A RELEASE (student signature is required)

Name of Student (printed) _____ Signature of Student _____ Date _____

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature. This form is non-transferable; a change of schools during the validity period of this form will require this form to be re-submitted.

School: _____ School District (if applicable): _____

Concussion Information

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You cannot see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional, and cleared by a medical doctor.

Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- Vacant stare or seeing stars
• Lack of awareness of surroundings
• Emotions out of proportion to circumstances (inappropriate crying or anger)
• Headache or persistent headache, nausea, vomiting
• Altered vision
• Sensitivity to light or noise
• Delayed verbal and motor responses
• Disorientation, slurred, or incoherent speech
• Dizziness, including light-headedness, vertigo (spinning), or loss of equilibrium (being off-balance or swimming sensation)
• Decreased coordination, reaction time
• Confusion and inability to focus attention
• Memory loss
• Sudden change in academic performance or drop in grades
• Irritability, depression, anxiety, sleep disturbances, easy fatigability
• In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate healthcare professional (AHCP). In Florida, an appropriate healthcare professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes) or a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the return to activity process requires the athlete to be completely symptom free, after which time they would complete a stepwise protocol under the supervision of a licensed athletic trainer, coach, or medical professional and then, receive written medical clearance from an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

Statement of Student-Athlete Responsibility:

Parents and student should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on an autopsy (known as Chronic Traumatic Encephalopathy (CTE). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotrophic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long-term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport, including any signs and symptoms of concussion. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer, or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers or participation for myself and that of my child/ward.

School: _____ School District (if applicable): _____

Sudden Cardiac Arrest Information

Sudden cardiac arrest (SCA) is a leading cause of sports-related death. Sudden cardiac arrest (SAC) occurs when the heart suddenly and unexpectedly stops beating. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart’s electrical system, causing the heart to suddenly stop beating. SCA can cause death if it is not treated within minutes.

How common is sudden cardiac arrest in the United States?

There are about 350,000 cardiac arrests that occur outside of hospitals each year. More than 10,000 individuals under the age of 25 die of SCA each year. SCA is the number one killer of student-athletes and the leading cause of death on school campuses.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as but not limited to dizziness or light-headedness, fainting, shortness of breath, racing or skipped beats/palpitations, fatigue, weakness, chest pain/pressure or tightness. These symptoms may occur before, during, or after activity. These symptoms can be unclear and confusing in athletes. Some may ignore the signs or think they are normal results of physical exhaustion. If the conditions that cause SCA are diagnosed and treated before a life-threatening event, sudden cardiac death can be prevented in many young athletes.

What are the risks of practicing or playing after experiencing these symptoms?

There are significant risks associated with continuing to practice or play after experiencing these symptoms. The symptoms might mean something is wrong and the athlete should be checked before returning to play. When the heart stops due to cardiac arrest, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience a SCA die from it; survival rates are below 10%.

FHSAA Sports Medicine Advisory Committee strongly recommends a medical evaluation with your healthcare provider for risk factors of sudden cardiac arrest, which may include an electrocardiogram.

The FHSAA Sports Medicine Advisory Committee works to help keep student-athletes safe while practicing or playing by providing education about SCA and by notification to parents that you can request, at your expense, an electrocardiogram (EKG or ECG) as part of the annual preparticipation physical examination to possibly uncover hidden heart issues that can lead to SCA.

Why do heart conditions that put youth at risk go undetected?

- Publications report up to 90% of underlying heart issues are missed when using only the history and physical exam;
• Most heart conditions that can lead to SCA are not detectable by listening to the heart with a stethoscope during a routine physical; and
• Often, youth do not report or recognize symptoms of a potential heart condition.

What is an electrocardiogram (ECG or EKG)?

An ECG/EKG is a quick, painless, and noninvasive test that measures and records a moment in time of the heart’s electrical activity. Small electrode patches are attached to the skin of your chest, arms, and legs by a technician. An ECG/EKG provides information about the structure, function, rate, and rhythm of the heart.

Why request an ECG/EKG as part of the annual preparticipation physical examination?

Adding an ECG/EKG to the history and annual preparticipation physical exam can suggest further testing or help identify heart conditions that can lead to SCA. An ECG/EKG can be ordered by your family healthcare provider from screening for cardiovascular disease or for a variety of symptoms such as chest pain, palpitations, dizziness, fainting, or family history of heart disease.

- ECG/EKG screenings should be considered every 1-2 years because young hearts grow and change.
• ECG/EKG screenings may increase sensitivity for detection of undiagnosed cardiac disease but may not prevent SCA.
• ECG/EKG screenings with abnormal findings should be evaluated by trained physicians.
• If the ECG/EKG screening has abnormal findings, additional testing may need to be done (with associated cost and risk) before a diagnosis can be made and may prevent the student from participating in sports for short period of time until the testing is completed, and more specific recommendations can be made.
• The ECG/EKG can have false positive findings, suggesting an abnormality that does not really exist (false positive findings occur less when ECG/EKGs are read by a medical practitioner proficient in ECG/EKG interpretation of children, adolescents, and young athletes).
• ECG/EKGs result in fewer false positives than simply using the current history and physical exam.

The American College of Cardiology/American Heart Association guidelines do not recommend an ECG or EKG in asymptomatic patients but do support local programs in which ECG or EKG can be applied with high-quality resources.

Removal from play/return to play

Any student-athlete who has signs or symptoms of SCA should be removed from play (which includes all athletic activity). The symptoms can happen before, during, or after activity. Before returning to play, the athlete shall be evaluated and cleared. Clearance to return to play must be in writing. The evaluation shall be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

By signing this agreement, I acknowledge the annual requirement for my child/ward to view the “Sudden Cardiac Arrest” course at www.nfhslearn.com. I acknowledge that the information on Sudden Cardiac Arrest has been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.

School: _____ School District (if applicable): _____

Heat-Related Illness Information

Heat-related illness is a cause for concern for student-athletes who participate in high school sports in Florida. Especially vulnerable are those students who participate in conditioning and practices in the summer months and other times of extreme heat. Student-athletes suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just is not enough. Heat-related illnesses can be serious and life-threatening. Very high body temperatures may damage the brain or other vital organs and can cause disability and even death. Heat-related illnesses and deaths are preventable.

What are some common heat-related injuries in sports?

Exertional Heat Stroke (EHS): EHS is the most serious heat-related illness. EHS is a medical emergency. It happens when the body's temperature rises quickly, and the body cannot cool down. Student-athletes can die or become permanently disabled from EHS if not properly recognized and managed. EHS is one of the leading causes of death in young athletes, especially in Florida. The two main criteria for diagnosing EHS are rectal temperature >105F (40.5C) immediately post collapse and central nervous system (CNS) dysfunction. There are many signs and symptoms associated with EHS. Parents and student-athletes should familiarize themselves with these by viewing the free video resources provided by the National Federation of High School Sports (NFHS) or the FHSAA.

- EHS is preventable by taking the proper precautions and understanding the symptoms of someone who has become ill due to heat.
EHS is survivable when quick action is taken by staff members that includes early recognition of symptoms and aggressive cold-water immersion.

Heat Exhaustion (EHI): Heat exhaustion is the most common heat-related condition observed in active populations including student-athletes. EHI is a type of heat-related illness. EHI is defined as the inability to continue exercise in the heat because the heart has difficulty providing enough oxygenated blood to all the working organs and muscles. It usually develops after several days practicing or conditioning in high temperature weather and not drinking enough fluids.

Heat Cramps: Heat cramps are painful, involuntary cramping often in the legs, arms, or abdomen with muscle contraction. Cramping usually occurs in the preseason conditioning phase when the body is not properly conditioned and more subject to fatigue. Heat cramps can easily be treated with rest, stretching of the muscle, and replacement of fluid and electrolytes. The exact mechanism of muscle cramps in warm environmental conditions is unknown but can be caused acutely by extensive dehydration and sodium losses or chronically via inadequate electrolytes in the athlete's diet. Although heat cramps are not a cause of sudden death, it can be confused with the more serious condition, exertional sickling.

Is my student at risk?

Yes, all student-athletes are vulnerable to exertional heat stroke and other heat-related injuries. While every student-athlete can succumb to EHS, newer data is reporting a high incidence of exertional heat stroke cases in football players, especially those who play the lineman position and in very lean distance runners. Research also states many reports of EHS emergencies are during summertime or preseason conditioning sessions. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

What is the FHSAA doing to keep my student safe?

The FHSAA has published Policy 41, titled "Exertional Heat Illness". This policy provides specific procedures for schools to educate student-athletes and parents on EHI as well as strategies to prevent these injuries. FHSAA Policy 41 also provides procedures for schools to follow for preseason acclimatization, environmental monitoring, and the inclusion of cooling zones for the management of a student-athlete suffering from a heat injury.

How can I help to keep my student safe when it comes to the heat?

- Learn more about heat-related injuries in sports at https://www.nfhs.org/media/1015695/ksi-5-pillars-of-exertional-heat-stroke-prevention-2015.pdf
Discuss nutrition, proper hydration, body weight, and the importance of sleep and rest with your family healthcare provider at the time fo the sports physical
Talk to your school and coach about safeguards they have in place to keep kids safe in the heat and what they will do for someone who becomes ill or injured
Monitor fluid intake of your student while at home and routinely check in with your student-athlete to inquire about how they feel
Report any concerns with your school's athletic trainer, team physician, coach, or your family healthcare provider

By signing this agreement, I acknowledge the annual requirement for my child/ward to view the "Heat Illness Prevention" course at www.nfhslearn.com. I acknowledge that the information on Heat-Related Illness has been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.

School: _____ School District (if applicable): _____

Attention Student and Parent(s)/Guardian(s)

Your school is a member of the Florida High School Athletic Association (FHSAA) and follows established rules. To be eligible to represent your school in interscholastic athletics, in an FHSAA recognized and/or sanctioned sport, the student:

1. Must complete an EL3 for each school at which the student participates; **this form is non-transferable.**
2. Must display good sportsmanship and follow the rules of competition **before, during, and after** every contest in which the student participates. If not, the student may be suspended from participation for a period of time. (FHSAA Bylaw 7.1)
3. Must not provide **false information** to his/her school or to the FHSAA to gain eligibility. (FHSAA Bylaw 9.1.1.2)
4. Must be regularly enrolled in and in regular attendance at your school. If the student is a home education student, a charter school student, an alternative/special school student, a non-member private school student, or a Florida Virtual School Full-Time Public Program student, the student must declare in writing his/her intent to participate in athletics to the school at the student is permitted to participate. **Home Education students and students attending a non-member private school must complete additional paperwork prior to participating.** (FHSAA Bylaw 9.2, FHSAA Policy 16.6, and Administrative Procedure 1.8)
5. Must attend school within the **first ten (10) days** of the beginning of each semester to be eligible during that semester. (FHSAA Bylaw 9.2.3)
6. Must maintain at least a **cumulative 2.0 GPA** on a 4.0 scale (unweighted) prior to the semester in which the student wishes to participate. This GPA must include all courses taken since the student entered 9th grade. A 6th, 7th, or 8th grade student must have earned at least a 2.0 GPA on a 4.0 scale (unweighted) during the previous semester. (FHSAA Bylaw 9.4.1 and F.S. 1006.15(3)a)
7. Must not have **graduated** from any high school or its equivalent. (FHSAA Bylaw 9.4.7)
8. Must not have enrolled in the 9th grade for the first time more than **eight consecutive semesters** ago. A 6th, 7th, or 8th grade student may not participate at any level if the student is **repeating** that grade level. (FHSAA Bylaw 9.5)
9. Must not turn **19 before July 1st** to participate at the high school level; must not turn **16 before July 1st** to participate at the junior high school level; and must not turn **15 before July 1st** to participate at the middle school level, otherwise the student becomes permanently ineligible. (FHSAA Bylaw 9.6)
10. Must undergo a **preparticipation physical evaluation** and be certified as being physically fit for participation in interscholastic athletics on a form (EL2) provided to the school. (FHSAA Bylaw 9.7 and F.S. 1002.20(17)b)
11. Must have **signed permission** to participate from the student's parent(s)/guardian(s) on a form (EL3) provided to the school. (FHSAA Bylaw 9.8)
12. Must be an **amateur**. This means the student must not accept money, gifts, or donations for participating in a sport, or use a name other than his/her own when participating. (FHSAA Bylaw 9.9)
13. Must not participate in an **all-star contest** in a sport prior to exhausting his/her high school eligibility in that sport. (FHSAA Policy 26)
14. Youth Exchange, Other International, and Immigrant students must be **approved** by the FHSAA Office prior to participation. Exceptions may apply. (FHSAA Policy 17)
15. Must refrain from **hazing/bullying** while a member of an athletic team or while participating in any athletic activities sponsored by or affiliated with a member school.

If the student is declared or ruled ineligible due to one or more of the FHSAA rules and regulations, the student has the right to request that the school file an appeal on behalf of the student. See the principal or athletic director for information regarding this process.

By signing this agreement, the undersigned acknowledge that the information on the Consent and Release from Liability Certificate in regard to the FHSAA's established rules and eligibility have been read and understood.

Consent Certificate for Participation

This completed form must be kept on file by the school. This form is valid for one year from the date of the most recent signature. The form is non-transferable; if a student changes schools during the validity period of the form, the form will need to be resubmitted to and kept by the new school.

School: _____ **School District:** Brevard

Hazing Information

Pursuant to Board Policy 5516 and Florida Statutes 1006.63:

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to activities or incidents that have occurred on school property. No administrator, faculty member, or other Board employee shall encourage, permit, authorize, condone, or tolerate any hazing activities. No student shall plan, encourage, or engage in any hazing.

Hazing is defined as performing any action or situation that endangers the mental or physical health or safety of a student at a school for purposes including, but not limited to:

- A. initiation into any organization operating under the sanction of a District school;
- B. admission into any organization operating under the sanction of a District school;
- C. affiliation with any organization operating under the sanction of a District school; or
- D. the perpetuation or furtherance of a tradition or ritual of any organization operating under the sanction of a District school.

"Hazing" includes, but is not limited to, pressuring, coercing, or forcing a student into violating State or Federal law; any brutality of a physical nature, such as whipping, beating, branding or exposure to the elements, or forced consumption of any food, liquor, drug, or other substance, or other forced physical activity that could adversely affect the physical health or safety of the student; or any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or other forced activity that could adversely affect the mental health or dignity of the student.

Statement of Student-Athlete Responsibility:

BPS has implemented required training for all student athletes regarding hazing prevention through completion of the NFHS (National Federation of State High School Associations) Hazing Prevention for students course available online. The official description of the course is:

"Every year, students across the country are affected by incidents of hazing. Together we can end the useless, counterproductive, and often dangerous practice of hazing. This hazing course has been designed to teach students how to identify hazing, when to step in when needed, and why they should notify the proper authorities. This course defines hazing and its many types, highlights why it is different

District Director of Athletics

School Board of Brevard County

2700 Judge Fran Jamieson Way • Viera, FL 32940-6601

Mark J. Rendell, Ed.D., Superintendent

from bullying, and explains your power as a bystander and how you can change the culture of how you welcome new members. To learn more about hazing and the role you can play, take this free course.”

<https://nfhslearn.com/courses/hazing-prevention-for-students#crsOutline>

I acknowledge the annual requirement for my child/ward to complete the “Hazing Prevention for Students” course by NFHS at <https://nfhslearn.com/courses/hazing-prevention-for-students#crsOutline>. I have read and understand the above information pertaining to hazing and that it is against School Board Policy as well as Florida Statutes including constituting a crime. I will inform the supervising coach, athletic trainer, team physician, school principal and/or district staff immediately if I experience hazing or witness another student being hazed. I understand that it is my responsibility to conduct a full review of the Florida Statutes regarding hazing and to discuss with my child/ward.
