

2022-2023 Brevard County Public Title I Schools

Coquina Elementary School

School-Family Compact for Learning

District and School-based Title I Family Engagement Programs in Brevard County will strive to **BUILD RELATIONSHIPS** in order to create real family engagement for **every** child, every family, **every** teacher, **every** day.

This document was jointly developed by the families, students, and staff of Coquina Elementary School. This agreement explains how families and teachers will work together to make sure all students reach grade-level standards. Meetings are held each year to review this Compact and make changes based on student needs.

School academic goal(s) and/or focus area(s)

To provide every student with high-quality standards aligned instruction and additional support as needed in reading, writing, math, and science. Coquina will communicate with families to build relationships and encourage families to be actively engaged in their child's education.

Working together for success: In the classroom

As a faculty, we will...actively communicate with families about what students are expected to learn, individual student progress, and how families can support learning at home. In addition, we will work together with families to address any academic or behavioral concerns. We will provide families with strategies for working at home as appropriate through teacher-family communication and through family events presented at least 4 times during the year. We will provide families with strategies for working at home as appropriate throughout the year.

Working together for success: At home

As a family, we will... be actively involved in our child's education by attending family events as often as possible, monitoring our child's homework, checking our child's grades in FOCUS, making sure our child attends school daily and is prepared to learn. In addition, we will communicate with the teacher on a regular basis and let the teacher know if we have any questions or concerns.

Working together for success: Student responsibility

As a student, I will... take responsibility for my learning and my things at school by actively listening to my teacher, participating in class, doing my work, asking for help if I need it, doing my best, and caring for my school materials and personal supplies.

Communication: Staying informed

To stay informed, Coquina faculty and families will communicate student progress, questions, concerns, school events through a variety of program/platforms. Families may communicate with the teacher and/or school by logging in to FOCUS, making use of the student planner and daily take home folder, as well as, using a teacher/parent communication app such as Remind and Class Dojo. Information can also be found on Coquina's website, in monthly school newsletters, and on Coquina's website and Facebook page. Auto calls, texts, and emails from administration, via Blackboard, are used to communicate reminders and school-wide information/updates.

Building Partnerships

To build partnerships between school and family, the school will offer opportunities for families to attend school events, committee meetings, conferences, and family workshops. Families are also encouraged to participate in decision making at school through feedback forms and surveys. By utilizing the Family Resource Area families can check-out activities to use with their student(s) that will support grade-level standards at home. Families can also make suggestions for additional resources.
