The Learner Profile, Open-Minded

An OPEN-MINDED student knows that all people are different. They listen to the points of view of others and consider many possibilities before making decisions. They celebrate the differences that make all people unique. *How can parents help to develop this Open-Minded trait at home?*

- Encourage your child to try new things- new foods, new games, and new activities.
- Expose your child to different festivals, celebrations, and traditions. Be sure to present them in a non-judgmental way.
- Encourage your child to really listen to others when they speak.
- Introduce literature about many different cultures into your home library. Be sure that this is appropriate and reflects the culture in an appropriate way.
- When you observe your child being Open-Minded, reinforce this positive behavior and use the terminology.
