## Principal's Message

I am so excited!

If you attended any APT meetings over the past few years you have heard about a few goals on my "to do list"!

- (1) Have our older water fountains replaced with NEW water bottle filling capability fountains.

IT HAPPENED! It is finally here! ON THE WALL!! We now have a filtered water fountain with a water bottle filling component in our cafeteria. Students are reminded to bring a full bottle of water (with their name on it) with them to school each day. During lunch students will have the opportunity to fill it one time during that period. This will allow those needing water a chance and keep with social distancing. Thank you Ms. Trish for working with the vendor and to our APT for your support purchasing and keeping the filters maintained.

Up next! The fountain near our PE area. We should have that one installed and on the wall by Spring Break!

Water. It Does a Body Good!

PS: There are several nameless water bottles in lost and found. Ask your child to check it out if you are missing any...jackets too!
