FIELD DAY

Week of March 23-March 31

Field day is fast approaching. Or should I say Field Week. This year due to our current circumstances, field day will be held over the course of a week during your child's double enrichment time. For e-learners, please note that your children will need supervision during their 80-minute field day time block. Please look at the activities attached so you and your child can start to prepare supplies and arrange space/time for which activities you all choose to complete. I hope this gives you an opportunity to have fun and get out and play with your child. If it works better for you and your schedule, feel free to do it on the weekend or a time better suited to your needs. Please just keep in mind they will not be on Zoom during their 80-minute time block and will still need supervision during that time as it is carved out for their grade level field day. If you will be doing the field day activities at a different time, please have your child refer to my bitmoji choice board activities in the PE google classroom or they may repeat an activity from their PE google classroom assignments that they have already done and enjoyed. In person learners are still expected to wear uniform. They will be out for 80 minutes with all the enrichment teachers for a fun filled block of time complete with sun, fun, and of course, popsicles! Looking forward to a new and unique style of field day this year. Have fun and stay safe!!

Approximately 2.3 million children rely on Florida KidCare for the head-to-toe coverage they need from birth through the end of age 18. Florida KidCare is designed to provide services to children at each stage of growth and development. Health and dental services are delivered through quality plans that offer a choice of local doctors, dentists, specialists, hospitals, pharmacies and other health care providers. Benefits include but are not limited to:
