## **October is National Bullying Prevention Awareness Month**

Every October, schools and organizations across the country join STOMP Out Bullying™ in observing National Bullying Prevention Month. The goal: encourage communities to work together to stop bullying and cyberbullying by increasing awareness of the prevalence and impact of bullying on all children of all ages. This is our month to be leaders at school and carry it through all-year-round!

Here at Holland, every student and family signs an anti-bullying contract, and vows to maintain a physically and emotionally safe learning environment. We encourage kindness and integrity through our *Bee the Change* campaign, and we are proud of the strong leadership skills our students demonstrate.

Look for activities we will have throughout the month, along with Red Ribbon Week, to support the anti-bullying cause during National Bullying Prevention Awareness month. The more awareness that is created during the month of October -- and all year 'round, we are one step closer to putting an end to bullying!
