Kindergarten Apple Day Fun!

Our kindergartners recently enjoyed learning about Johnny Appleseed and participated in Apple Day! They spent time learning and preparing for their special activities. Students rotated through several stations to include apple painting, apple snack where they made a no-bake apple pie, apple tree STEM building, where they tried to see how many apples they could get to stand on their apple trees, and lastly, apple tasting where they tasted different colors of apples and decided if they liked the taste and texture with their sense of taste. Thank you to our parent volunteers who came to the classrooms to help out!
