Serving your government through an internship is an exciting experience, and it gives you a unique perspective for learning how our federal government works while helping the citizens of Florida's 8th Congressional District. Interns can serve in my Melbourne office and work side by side with District Staff and Caseworkers, or spend a semester in Washington and work closely with Legislative and Constituent Communications staff.

**About Congressional Internships**

Internships are typically non-paid, but most colleges will provide course credit for the work you perform while working as an intern. Responsibilities for interns include answering phones, opening mail, research, writing letters, assisting staff with casework and special projects. Plus you will be helping constituents that visit the office and performing other duties as assigned.

**How to Apply for a Congressional Internship**

If you would like to apply, please contact Patricia Febro at 321-632-1776 or [patricia.febro@mail.house.gov](mailto:patricia.febro@mail.house.gov) if you are interested in the Melbourne office, and please contact Corey Capman at 202-225-3671 or [corey.capman@mail.house.gov](mailto:corey.capman@mail.house.gov) if you are interested in serving in my Washington D.C. office.
