Varsity Tutors

Live+AI™

FOR MIDDLE SCHOOL PARENTS:

Varsity Tutors Platform Messaging

Explainer:

The **Live + AI** å Platform provides 24/7 academic support tailored to the needs of middle school students—at no cost to families. With **chat tutoring, instant essay** help, and access to **live or recorded classes** in subjects like math, science, writing, and study skills, your student can learn on their schedule.

Your child can also explore:

- Skill-building in math, reading, and writing
- Homework and test prep help
- Study tools like flashcard creators and practice sets
- StarCourses with inspiring figures from STEM, space, and the arts

Engager:

Give your middle schooler the support they need to succeed. Whether it is homework, study habits, or preparing for a big test, your student can get help anytime with expert tutors, interactive practice tools, and skill-building classes across subjects.

With inspiring StarCourses and AI tools that strengthen writing, organization, and study skills, this platform helps middle school students stay on track and feel confident in every subject.
