

**THE DA VINCI ACADEMY IS A
CHOICE PROGRAM, AND
IS OPEN TO ANY
STUDENT IN BREVARD!**

- Participating in a choice academy is a valid reason for a student to go to a school for which they are not zoned.
- If a student chooses to no longer participate in the academy anymore, they will be required to return to the school for which they are zoned.

**INTERESTED IN DUAL
ENROLLEMT AND/OR AP
CLASSES? NO PROBLEM!**

Even when enrolled in one of our choice academies, students are able to take AP and/or dual enrollment classes.

OUR VISION...

The da Vinci Academy of Aerospace Technology is committed to a high-quality education in the field of Engineering and Aerospace Technology through academic performance and technical coursework in preparation for the 21st century work force and the post-secondary educational arena.

THE DA VINCI PROGRAM WORKS WITH LOCAL AEROSPACE AND ENGINEERING COMPANIES LIKE:

- NASA
- United Launch Alliance
- Lockheed Martin
- Northrop-Grumman
- Craig Technologies
- L3Harris Corporation
- Rockwell-Collins

THEY ALSO WORK WITH MAJOR ENGINEERING UNIVERSITIES SUCH AS:

- Florida Tech
- Embry-Riddle
- UCF
- Eastern Florida

DA VINCI COURSE PROGRESSION

9th Grade

Engineering Tech 1
(Engineering Design Process)

10th Grade

Engineering Tech 2
(Engineering Principles - 2D Drawing to 3D object/assembly and manufacturing)

11th Grade

Engineering Tech 3
(Principles of Flight)

12th Grade

Engineering Design and Development

AT THE END OF YOUR 4 YEARS IN THE DA VINCI PROGRAM STUDENTS CAN QUALIFY FOR AUTODESK INVENTOR CERTIFICATION
