

PTO

Our mission: To provide teachers and students with volunteer support. As well as enhancing the Ocean breeze campus environment.

At our recent PTO meeting, we discussed internet safety for children. The links provided include an article about the topic as well as a site operated by a police officer dedicated to cyber safety. The Resources tab include a checklist for parents (Parenting in a Digital World) and a contract for use with children (Internet & Mobile Device Usage Contract), that parents may find useful and helpful.
