

For Parents: Accessing Reveal Math at Home

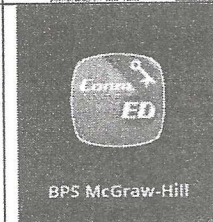

Students need to log into their **Launchpad** account.

*Please reach out to your child's teacher for how to log in.

**This is the only log in credential your child will need to access Reveal Math.

On the Homepage of Launchpad, select the **BPS McGraw Hill** app.

Once in the BPS McGraw Hill app, students will have to click on their **textbook**.

*Each student will only see their grade levels textbook.

*Corresponding textbooks and grade levels.

For Parents: Accessing Reveal Math at Home

You will be taken to the student home page for Reveal Math.

If students have any assignments to complete that were assigned digitally, they will be under the **To Do** section.

Any work that was assigned digitally that has been completed and turned in will be under the **Past Work** tab on the left hand side of the home screen.

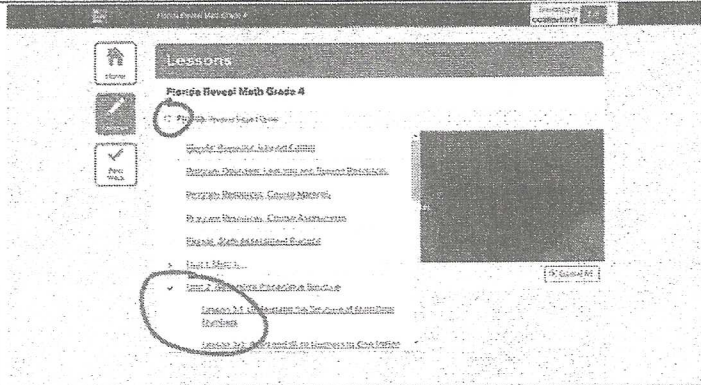

Clicking on the **Home** button in the upper left hand side of the screen, will always bring you back to the student's home screen.

On the left hand side of the homepage, is the **Lessons** tab. This will allow you to see resources for each lesson.

By clicking the three lines, you can choose the Unit and Lesson to view the resources that are available.

For Parents: Accessing Reveal Math at Home

Each Lesson has multiple tabs to open.

-Lesson Resources: The student textbook and ebook are located here.

-Practice and Reflect: The Math Replay videos are located here. These videos replay the lesson that was taught that day.

-Spanish Edition and Resources: Resources translated to Spanish are located here.

*If the teacher has assigned work digitally it will show up here. Those tabs will be labeled **Assess** and **Differentiate**.

-Assess: If the teacher has assigned the Exit Tickets digitally, you can view your students' work and score under this tab.

-Differentiate: Parents and students may view assigned differentiated work here.
*Please note that some assignments may be closed because of the due date or you may only see a score because of the teacher settings on the assignment. Please reach out to your child's teacher if you have questions about these assignments.

Clicking on the **Home** button in the upper left hand side of the screen, will always bring you back to the student's home screen.

On the homepage, scrolling down will bring you to additional resources.

-Digital Station Center: Digital Games to reinforce skills taught in that grade level. (Must click on the grade level, not the picture representing the grade level.)

-Glossary

-eToolkit: Digital math manipulatives for students to use.

-Interactive Student Edition: This is the ebook of the student workbook.
