Subject: Important: Impact Aid Survey & Access to Student Information

Dear Families,

As part of our ongoing commitment to securing vital funding for our schools, we are asking all families to complete the Impact Aid survey, which will be distributed via FOCUS on Monday, October 26th.

Why is this important? The Impact Aid program helps support local school districts that serve concentrations of children who reside on military bases, low-rent federal housing, Indian/Tribal lands, and other federal properties. It also includes children whose parents serve in the uniformed services or work on eligible federal properties. By completing this survey, you help us determine if we qualify for additional funding from the U.S. Department of Education under Title VII of the Elementary and Secondary Education Act (ESEA).

Please note: Parents and guardians will not be able to fully access their students' information in FOCUS until after their survey has been completed or opted out of.

We greatly appreciate your prompt attention to this important matter. Completing the survey not only helps us secure funding that directly benefits our students, but it also ensures that we can continue to provide the best possible resources and support for our school community.

If you have any questions or need assistance, please don't hesitate to reach out.

Thank you for your continued support!

Principal Rubick
