S.T.E.M. & LEAF CLUB

2026–27 Student Recruitment • Grades 4, 5 & 6

Explore STEM through living systems-

The S.T.E.M. and LEAF Club provides opportunities for students to learn about agriculture, aquaculture, and a variety of growing techniques. Through STEM skills—Science, Technology, Engineering, and Math—students will explore biological ecosystems, stewardship of natural resources, food sustainability, environmental impacts, health, and nutrition.

This session focuses on garden cultivation and establishing a STEM-based Grow Classroom funded by the Whole Kids Garden Grant.
